Manual abstract:

Discover the power of printing Massive print jobs can be completed at a top speed of 35ppm, making the magicolor 8650DN ideal for graphics and prepress environments that demand fast and professional quality colour printing. Combine this with 100% paper duplex productivity, add the power of the latest proprietary Emperon™ controller and a PowerPC® 1 GHz processor and back it up with a 1 GB memory to achieve continuous high-volume output. · Staple finisher and saddle kit for automatic booklet creation · 2x500-sheet lower paper feeder · 2x500-sheet lower paper feeder · Staple finisher for up to 1,200 sheets output and stapling up to 50 sheets · 1x500-sheet lower paper feeder · Staple finisher, output tray and mail-bin unit for separation of prints into 7 mailbins · 2,500-sheet lower paper feeder Give extra dimension to your colour prints The magicolor 8650DN's colour printing is not only extremely fast, image quality is also astonishingly detailed. Konica Minolta's proprietary Simitri™ HD polymerised toner in combination with PhotoART 19200 contone technology printing at 600 x 600 x 5-bit enables razor-sharp picture detail and smoother colour gradations. 5 bits for each pixel translates to more colours produced for every pixel. The extra bit within each pixel, further improves the reproduction and readability of fine lines and thin characters. ICC profile support enables easy uploading of profiles ensuring more precise colour output. In short, with the magicolor 8650DN images and colours are cleaner and more vibrant! Enjoy the art of creative finishing Take creative control of your in-house printing with the magicolor 8650DN and create a bigger impact with custom, high-impact promotional materials. @@@@Some of the product illustrations contain optional accessories.
