Manual abstract:

Yy If the image quality is poor, install a signal amplifier properly to improve the image quality. Yy If the image quality is poor with an antenna connected, try to realign the antenna in the correct direction. *Not Provided English Connect the TV to a satellite dish to a satellite socket with a satellite RF cable (75 Ω). (Nur 3D-Modelle) AUDIO / VIDEO English Transmits the video and audio signals from an external device to the TV set. @@@@Some separate cable is not provided. @@NOTE yy The external device connection may differ from the model. Yy Connect external devices to the TV regardless of the order of the TV port. Yy If you record a TV programme on a DVD recorder or VCR, make sure to connect the TV signal input cable to the TV through a DVD recorder or VCR. For more information of recording, refer to the manual provided with the connected device. Yy Refer to the external equipment's manual for operating instructions.

Yy If you connect a gaming device to the TV, use the cable supplied with the gaming device. Yy In PC mode, there may be noise associated with the resolution, vertical pattern, contrast or brightness. If noise is present, change the PC output to another resolution, change the refresh rate to another rate or adjust the brightness and contrast on the PICTURE menu until the picture is clear. Yy In PC mode, some resolution settings may not work properly depending on the graphics card. @@For more information about licenses, visit www.

LG Electronics will also provide open source code to you on CD-ROM for a charge covering the cost of performing such distribution (such as the cost of media, shipping and handling) upon email request to opensource@lge.com. This offer is valid for three (3) years from the date on which you purchased the product. SAFETY INSTRUCTIONS 3 SAFETY INSTRUCTIONS Please read these safety precautions carefully before using the product. ENGLISH ENG WARNING yy Do not place the TV and/or remote control in the following environments: -- location exposed to direct sunlight A -- area with high humidity such as a bathroom An -Near any heat source such as stoves and other devices that produce heat -Near kitchen counters or humidifiers where they can easily be exposed to steam or oil -- area exposed to rain or wind An -Near containers of water such as vases Otherwise, this may result in fire, electric shock, malfunction or product deformation. Yy Do not place the product where it might be exposed to dust. This plug must remain readily attached and operable when TV is in use. Yy Do not touch the power plug with wet hands. Additionally, if the cord pin is wet or covered with dust, dry the power plug completely or wipe dust off. you may be electrocuted due to excess moisture.

Yy Make sure to connect Mains cable to compliant AC mains socket with Grounded earth pin. (Except for devices which are not grounded on earth.) Otherwise possibility you may be electrocuted or injured. Yy Insert power cable plug completely into wall socket otherwise if not secured completely into socket, fire ignition may break out. Yy Ensure the power cord does not come into contact with hot objects such as a heater. this may cause a fire or an electric shock hazard. Yy Do not place a heavy object, or the product itself, on power cables. Otherwise, this may result in fire or electric shock. Yy Bend antenna cable between inside and outside building to prevent rain from flowing in. This may cause water damaged inside the Product and could give an electric shock.

4 SAFETY INSTRUCTIONS yy When mounting TV onto wall make sure to neatly install and isolate cabling from rear of TV as to not create possibility of electric shock /fire hazard. ENGLISH ENG yy Do not plug too many electrical devices into a single multiple electrical outlet. Otherwise, this may result in fire due to over-heating. Yy Do not drop the product or let it fall over when connecting external devices. Otherwise, this may result in injury or damage to the product. Yy Keep the anti-moisture packing material or vinyl packing out of the reach of children. anti-moisture material is harmful if swallowed. If swallowed by mistake, force the patient to vomit and visit the nearest hospital. additionally, vinyl packing can cause suffocation. Keep it out of the reach of children.

Yy Do not let your children climb or cling onto the TV. Otherwise, the TV may fall over, which may cause serious injury. Yy Dispose of used batteries carefully to ensure that a small child does not consume them. Please seek Doctor- Medical Attention immediately if child consumes batteries. Yy Do not insert any metal objects/conductors (like a metal chopstick/cutlery/screwdriver) between power cable plug and input Wall Socket while it is connected to the input terminal on the wall. Additionally, do not touch the power cable right after plugging into the wall input terminal. you may be electrocuted. (Depending on model) yy Do not put or store inflammable substances near the product. There is a danger of combustion/explosion or fire due to careless handling of the inflammable substances. Yy Do not drop metallic objects such as coins, hair pins, chopsticks or wire into the product, or inflammable objects such as paper and matches.

If a foreign object is dropped into the product, unplug the power cord and contact the service centre. Yy Do not spray water on the product or scrub with an inflammable substance (thinner or benzene). fire or electric shock accident can occur. Yy Do not allow any impact, shock or any objects to fall into the unit, and do not drop anything onto the screen.

[You're reading an excerpt. Click here to read official LG 42LB561V user guide](http://yourpdfguides.com/dref/5575521)

You may be injured or the product can be damaged.

SAFETY INSTRUCTIONS 5 yy Never touch this product or antenna during a thunder or lightning storm. you may be electrocuted. **ENGLISH ENG** yy Never touch the wall outlet when there is leakage of gas, open the windows and ventilate. It may cause a fire or a burn by a spark. yy Do not disassemble, repair or modify the product at your own discretion.

fire or electric shock accident can occur. Contact the service centre for check, calibration or repair. yy If any of the following occur, unplug the product immediately and contact your local service centre. -- product has been impacted by shock The -- product has been damaged The -Foreign objects have entered the product -- product produced smoke or a strange smell The This may result in fire or electric shock. yy Unplug the TV from AC mains wall socket if you do not intend to use the TV for a long period of time. Accumulated dust can cause fire hazard and insulation deterioration can cause electric leakage/shock/fire. yy Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus. yy Do not install this product on a wall if it could be exposed to oil or oil mist. This may damage the product and cause it to fall. **CAUTION** yy Install the product where no radio wave occurs.

yy There should be enough distance between an outside antenna and power lines to keep the former from touching the latter even when the antenna falls. this may cause an electric shock. yy Do not install the product on places such as unstable shelves or inclined surfaces. Also avoid places where there is vibration or where the product cannot be fully supported. Otherwise, the product may fall or flip over, which may cause injury or damage to the product. **6 SAFETY INSTRUCTIONS** yy If you install the TV on a stand, you need to take actions to prevent the product from overturning. Otherwise, the product may fall over, which may cause injury. **ENGLISH ENG** yy If you intend to mount the product to a wall, attach VESA standard mounting interface (optional parts) to the back of the product. When you install the set to use the wall mounting bracket (optional parts), fix it carefully so as not to drop. yy Only use the attachments / accessories specified by the manufacturer.

yy When installing the antenna, consult with a qualified service technician. If not installed by a qualified technician, this may create a fire hazard or an electric shock hazard. yy We recommend that you maintain a distance of at least 2 to 7 times the diagonal screen size when watching TV. If you watch TV for a long period of time, this may cause blurred vision. yy Only use the specified type of battery.

This could cause damage to the remote control. yy Do not mix new batteries with old batteries. This may cause the batteries to overheat and leak. yy Batteries should not be exposed to excessive heat. For example, keep away from direct Sunlight , open fireplace and electric heaters .

yy Do not place non-rechargeable batteries in charging device. yy Make sure there are no objects between the remote control and its sensor. yy Signal from Remote Control can be interrupted due to external/internal lighting eg Sunlight, fluorescent lighting. If this occurs turn off lighting or darken viewing area. yy

When connecting external devices such as video game consoles, make sure the connecting cables are long enough. Otherwise, the product may fall over, which may cause injury or damage the product. yy Do not turn the product On/Off by plugging-in or unplugging the power plug to the wall outlet. (Do not use the power plug for switch.) It may cause mechanical failure or could give an electric shock. **SAFETY INSTRUCTIONS 7** yy Please follow the installation instructions below to prevent the product from overheating.

-- distance between the product and the wall should be more than 10 cm. The -- not install the product in a place with no ventilation (e. -- not install the product on a carpet or cushion. Do -Make sure the air vent is not blocked by a tablecloth or curtain. Otherwise, this may result in fire. yy Take care not to touch the ventilation openings when watching the TV for long periods as the ventilation openings may become hot. This does not affect the operation or performance of thue to tempera-ture and humidity. This noise is common for products where thermal deformation is required. Electrical circuit humming/panel buzzing: A low level noise is generated from a highspeed switching circuit, which supplies a large amount of current to operate a product. it varies depending on the product.

This generated sound does not affect the performance and reliability of the product. **SAFETY INSTRUCTIONS 9** Viewing 3D Imaging (Only 3D models) **WARNING** Viewing Environment yy Viewing Time -When watching 3D contents, take 5 - 15 minute breaks every hour. Viewing 3D contents for a long period of time may cause headache, dizziness, fatigue or eye strain. **ENGLISH ENG** Those that have a photosensitive seizure or chronic illness yy Some users may experience a seizure or other abnormal symptoms when they are exposed to a flashing light or particular pattern from 3D contents. yy Do not watch 3D videos if you feel nausea, are pregnant and/ or have a chronic illness such as epilmodels have a thin film attached on to the screen and this must not be removed.

NOTE yy The items supplied with your product may vary depending on the model. yy Product specifications or contents of this manual may be changed without prior notice due to upgrade of product functions. yy For an optimal connection, HDMI cables and USB devices should have bezels less than 10 mm thick and 18 mm width. Use an extension cable that supports USB 2. 0 if the USB cable or USB memory stick does not fit into your TV's USB port.

When on holiday, yy Putting the television into standby mode, will reduce energy consumption, but will still draw some power, yy Reducing the brightness of the screen will reduce energy use. Disposal of waste batteries (Applicable in the European Union and other European countries with separate collection systems) This symbol on the battery or on the packaging indicates that the battery provided with this product shall not be treated as household waste. By ensuring these batteries are disposed of correctly, you will help prevent potentially negative consequences for the environment and human health which could otherwise be caused by inappropriate waste handling of the battery. The recycling of the materials will help to conserve natural resources.

In case of products that for safety, performance or data integrity reasons require a permanent connection with an incorporated battery, this battery should be replaced by qualified service staff only. To ensure that the battery will be treated properly, hand over the product at end-of-life to the applicable collection point for the recycling of electrical and electronic equipment. For all other batteries, please view the section on how to remove the battery from the product safely. Hand the battery over to the applicable collection point for the recycling of waste batteries. For more detailed information about recycling of this product or battery, please contact your local authority, your household waste disposal service or the shop where you purchased the product.

LGE announced the 'LG Declaration for a Cleaner Environment' in 1994, and this ideal has served as a Guiding managerial principle ever since. The Declaration is a foundation that has allowed us to undertake Environmentally friendly activities in careful consideration of economic, environmental, and social aspects. We promote activities for environmental preservation, and we specifically develop our products to embrace the Concept of environmentfriendly through whole process from getting raw materials, production, transportation, usage and end-of-life. These environmental characteristics are endorsed by the award of the European Commission as approval of the product environmental status for energy saving. Facilities for recycling and a host of other features.

The full list of criteria and more information on the eco label can be found at the web-site address : <http://www.нечних речовин> yy The equipment complies with requirements of the Technical Regulation, in terms of restrictions for the use of certain dangerous substances in electrical and electronic equipment. Isolator (Only Sweden, Norway) yy "Equipment connected to the protective earthing of the building installation through the mains connection or through other equipment with a connection to protective earthing - and to a cable distribution system using coaxial cable, may in some circumstances create a fire hazard. Connection to a cable distribution system has therefore to be provided through a device providing electrical isolation below a certain frequency range (galvanic isolator, see EN 60728-11)" yy "Utrustning som är kopplad till skyddsjord via jordat vägguttag och/eller via annan utrustning och samtidigt är kopplad till kabel-TV nät kan i vissa fall medföra risk för brand.
