INDIVIDUALTECHNOLOGY

**MAXDATA FAVORIT 1000 A(S)**

**The ideal entry-level PC for many business ambitions**

The FAVORIT 1000 A(S) is a PC that easily brings success to virtually any office. It provides the performance of an AMD Sempron™ processor and has well thought-out features that make the FAVORIT 1000 A(S) highly flexible and expandable.

Smaller companies, in particular, value the business-oriented graphics performance of the FAVORIT 1000 A(S), which is integrated into the chipset, and the fact that the basic features can be expanded. These include LAN 10/100 MB/s onboard, two front USB ports, front audio and "Enhanced Virus Protection" for the CPU. Users also benefit from "Cool 'n' Quiet" technology when using the AMD Sempron™ 3000+ processor or higher. This means you save energy and work more quietly. Last but not least, the FAVORIT 1000 A(S) is available as a minitower or in practical desktop housing.

**Highlights:**

- Attractive price for entry-level business use
- Business-oriented graphics performance
- Expandable basic features

**Application Areas:**

The MAXDATA FAVORIT 1000 A(S) has been designed for users in small and home offices and for small and medium-sized companies with a low budget.
