**MAXDATA FAVORIT 2000 A(S)**

**A powerful all-round PC for day-to-day business**

An excellent configuration, best all-around qualities and an attractive price are the advantages of the FAVORIT 2000 A(S). And thanks to its new AMD Athlon™ 64 processor, users do not have to go without powerful performance.

The AMD Athlon™ 64 processor used in the FAVORIT 2000 A(S) is a top addition to round off the MAXDATA AMD portfolio. In addition to the innovative 64 bit architecture the Athlon™ 64 provides optimised memory management and lower power consumption thanks to the "Cool'n'Quiet" technology developed by AMD.

The PC is available as a mini-tower as well as in a small desktop casing, which can be set up horizontally or vertically. In addition, those opting for this casing option also benefit from a click system that makes the casing easy to open and maintain.

**Key features:**

- High-performance all-rounder
- Selected basic configuration
- Expandable basic features

**Application areas:**

The MAXDATA FAVORIT 2000 A(S) has been conceived for professional users at companies of all sizes who are looking for an alternative providing outstanding value for money.
