Elegant appearance - strong performance

It is small, beautiful, flexible and performs well: The FAVORIT 2000 IU BTX stands out as a desktop system for many modern companies.

The finely designed FAVORIT 2000 IU BTX is a attractive desktop system that combines excellent performance utilising little space. Within a small footprint the MAXDATA PC at just 327 x 73.5 x 303 millimetres and a volume of 72 litres can be set up vertically and horizontally. The Favort 2000 IU BTX does without unnecessary casing dimensions but not without performance. Its chipset technology supports Intel® Celeron® and Pentium® 4 processors, its gigabit LAN makes it ideally suited to use in networks. In spite of its small size its PCI rear slot means it can be expanded without difficulty. 2 x front USB and front audio connections mean it is easy to connect a variety of peripherals. Users decide themselves which basic features they want.

The FAVORIT 2000 IU BTX is available with a combination drive or with a dual layer DVD burner as well as a 6-in-1 card reader.

Key Features:

- New PC generation with BTX technology
- Fine design: Stands out even at first glance
- Performance for all demands
- Small dimensions- 100% use of space
- Horizontal or vertical positioning

Application areas:

Users who value a design for desktop systems that stands out, impressive performance and extremely good use of space.

MAXDATA UK Limited, The MAXDATA Centre, Downmill Road, Bracknell, Berkshire, RG12 1QS, UK, www.maxdata.co.uk
