MAXDATA FAVORIT 3000 I

Powerful and scalable business PC:
The MAXDATA FAVORIT 3000 I

MAXDATA FAVORIT 3000 I is the perfect mix of graphics capabilities, reliability and connectivity, offering sophisticated users of any size business a powerful performance package for tackling complex tasks.

Its Intel® Pentium® 4 processor with HT technology features improved multitasking capabilities, which have been further enhanced by the Intel® Pentium® D dual-core processor, whose processor cores share and perform tasks in parallel. ATI RADEON® Xpress™ 200 graphics is integrated into the chipset and provides excellent graphics performance. A large number of slots makes this PC highly scalable and thus future-proof. The package is rounded off with an excellent price/performance ratio. MAXDATA's certified quality ensures low operating and total costs and guarantees high reliability.

Key features:

- Excellent graphics performance through ATI RADEON® Xpress™ 200 graphics processor
- Supports Intel® single-core and multi-core processors
- High performance and multitasking capabilities
- Good scalability
- Outstanding price/performance ratio
- Reduced noise level

Application areas:
MAXDATA FAVORIT 3000 I is designed for sophisticated users of any size business.

MAXDATA UK Limited, The MAXDATA Centre, Downmill Road, Bracknell, Berkshire, RG12 1QS, UK, www.maxdata.co.uk
