#### The Elegant Multimedia PC for the Home User

Its thoroughly vetted features based on an AMD Sempron™ processor and its special suitability for multimedia applications make the FORTUNE 1000 A a PC that effortlessly meets all of the standard requirements for use by families and home offices.

Focused on the requirements of the home office, the FORTUNE 1000 A, based on AMD processor technology with its multimedia features, offers a system for the whole family. Front USB, front audio and front FireWire ports allow for fast and uncomplicated connections to peripherals. A Cherry Cymotion keyboard, a Microsoft® Optical Wheel Mouse and stereo speakers are all included.

A multimedia keyboard, a Microsoft® Optical Wheel Mouse and stereo speakers are all included. A high-caliber graphics card and the attractive design complete the package. The space-saving design in the micro-tower concentrates high performance into the smallest of spaces.

With Microsoft® Windows® XP MAXDATA PCs possess the most stable Microsoft® operating system of all time. The improved security functions protect against unauthorized access, data loss, viruses, and hackers.

#### Highlights:

- Attractive design
- Space-saving micro-tower
- Features for multimedia

#### Application areas:

The MAXDATA FORTUNE 1000 A is designed especially for the home user who requires extensive multimedia functionalities.
