The elegant multimedia PC for the home user

Modern components, an attractive software package and a broad assortment of features including attractive peripherals: The MAXDATA FORTUNE 1000 I is a system well-prepared to handle multimedia applications.

The features of this PC include stereo speakers and a dual-layer DVD burner. The software package, DVDDeo for Photos 2005, is also included for photo editing and manipulation.

In addition to the extensive range of features it has to offer, the FORTUNE 1000 I has an attractive, space-saving design that includes front ports for the quick and easy connection of headphones, microphone and USB devices such as digital cameras, scanners or printers.

To round all of this off, the PC offers high quality at an attractive price. Like all MAXDATA PCs, the FORTUNE 1000 I has undergone extensive testing to ensure top quality and dependability.

Key Features:

- MAXDATA quality at an attractive price
- Equipped for multimedia applications
- Space-saving, attractive design

Application Areas:

The MAXDATA FORTUNE 1000 I is designed especially for home users who require an extensive range of multimedia features.
