HIGHLIGHTS

- User-configurable RAID solution
- Use RAID 0 for high performance disk striping or RAID 1 for automatic mirroring
- Up to 1.5TB storage capacity
- FireWire 800 for fast data transfer
- 924 chipset
- Pre-formatted for Mac; easily formatted for Windows

SIMPLE SOLUTION FOR RAID 0 HIGH PERFORMANCE STORAGE OR RAID 1 AUTOMATIC MIRRORING OF YOUR DIGITAL PORTFOLIO

Designed for creative professionals who need the disk striping speed of RAID 0 for intensive disk-access applications or the security of RAID 1 for automatically mirroring data, the Maxtor OneTouch III, Turbo Edition provides an easy-to-use wizard interface for configuring your system for optimal performance.

Real time access, backup, store and protect
With the most highly integrated storage, backup, security and drive management software on the market today, the Maxtor OneTouch III, Turbo Edition is perfect for creative professionals who need a high performance, large capacity storage solution. Faster throughput means faster workflow, and that means greater productivity for creative professionals who work in digital video, photography and graphic arts. The user-configurable Maxtor RAID solution streamlines performance to enable multiple streaming without dropping frames—critical in quality video editing.

The Maxtor OneTouch III, Turbo Edition supports both Mac and Windows® platforms. It arrives preformatted for the Mac and includes the 924 chipset for ultimate Mac performance. Plus when you need it most, you can boot your Mac OS X directly from the drive. And to keep things simple, a wizard interface makes it quick and easy to format for Windows.

Using Maxtor's simple user interface, you have the option to easily back up your entire computer drive or selected files either

automatically or at the touch of a button. The Maxtor DriveLock™ security feature password-protects the contents of your drive, helping to safeguard your files if the drive is lost or stolen or against unauthorized users.

The Maxtor OneTouch III, Turbo Edition is ideal for anyone when:

- You demand the disk striping speed of RAID 0 to enable multiple video streams without dropping frames during high-end video editing
- You need the safety of RAID 1 for automatically mirroring your digital portfolio
- You want to easily configure your RAID solution for maximum performance or as an additional safeguard
- You need massive storage capacity for your digital portfolio
- You produce professional digital video and demand seamless, real-time access to huge, data intensive files
- You create digital audio, music, 3D games, graphic design, motion graphics, or multimedia productions

Maxtor OneTouch III Turbo Edition—RAID performance doesn't get any easier than this.
