Manual abstract:

With Mitsubishi, there is no need to compromise. The Grandis has it all. So get out there with your family and enjoy life to the full. 45 YOUR TRAVELLING COMPANION The Grandis easily carries seven people and its talents only grow from there. It offers first class comfort for everyone on board regardless of where they sit: there are no second-class tickets in a Grandis. It's luxurious, with automatic air conditioning on both DVD rear seat entertainment system design differs from that shown. models and rear seat entertainment on the Elegance to make sure your family is happy wherever you go. Even after a long journey, it's the one car your family will not want to get out of. 67 DESIGNED TO FIT YOUR LIFE What good is a great exterior shape if it makes promises the interior can't keep? The Grandis is as beautiful inside as it is on the outside. Its driving environment not only works well, but looks great too. From the leather steering wheel and gearshift knob, to the new seat trim and the gently curving dashboard with its redesigned centre panel, the cabin of the Grandis has been designed to keep you focused and happy in your surroundings on even the longest journeys. 89 LUXURY AND LOGIC IN PERFECT HARMONY The person who said that if something looks right, it usually is right, could have been thinking of the Grandis cabin. Here you will find instruments that are beautiful, clear and easy to read. Major controls are located where your hands naturally fall and when you use them, they feel right and work exactly the way you expect. Both Grandis models come with an impressive array of standard equipment including automatic air-conditioning, cruise control, front and rear power windows and rear parking sensors. @@@@ You'd expect the third row seats of the Grandis to fold but, in fact, they disappear individually into the floor to leave a vast and completely flat loading area. We call it 'Fold 2 Hide' and we're sure you'll find the folding action simple and convenient to use. You will also be amazed by the flexibility provided by the other five seats. The second row is split 40/60 and each cushion can be tipped up and the seat slid forward to create an even bigger load space. The backrests of all seats can be fully reclined for comfortable resting in the front or rear. We've also provided hidden storage space under the floor and a handy 12V power outlet in the boot, and outer second row passengers will find sturdy folding trays built into the front seat backrests. SHOPPING HIKING FAMILY CAMP SURF CAMP ACTIVE CAMP SLEEPING 2 14 15 THE SPIRIT OF DRIVING At Mitsubishi, driving passion is in our DNA, inspiring all the cars we build - from our multiple Dakar rally winners right down to every one of our road cars. When you grab the wheel of the Grandis, you will know that those low, sleek looks have made a promise the car beneath can keep in full. Although it is a comfortably large car, the Grandis' handling is very easy and smooth. Combined with the latest in chassis technology and electronic assistance it enables you to enjoy every moment behind the wheel, even when road conditions are less than ideal. THE POWER TO DELIVER The 2.0 litre direct injection diesel engine provides outstanding economy and offers brisk acceleration from little more than idle speed thanks to maximum torque at a low 1750rpm. You can count on it to supply both the power you need and deliver it the way you want it to. Torque (Nm) 100kW(134bhp)/4000rpm 310Nm/1750rpm Engine Speed (rpm) Output (kW) 2.0 litre DI-D 16 17 SAFETY FROM START TO FINISH The safety of your entire family is the Grandis' first priority and it will protect you anywhere you go.

This is why we have equipped the Grandis with strong brakes, an agile chassis and a low centre of gravity. Front fog lamps help you see in poor visibility, and at the rear, fast reacting LEDs for the tail and brake lights help you be seen. Rear sensors warn you of obstacles when parking in tight spaces.

@@@@@ This will give you inflation-proof prices and peace of mind. @@@@ This cover extends to more than 30 countries throughout Europe so your mobility is guaranteed. Should you ever need assistance in the event of breakdown, accident, theft or vandalism wherever you are, 24 hours a day, 7 days a week just call the number on your card. If the problem cannot be fixed on the spot, your car will be taken to the nearest Mitsubishi Authorized Service Point and you'll be offered services such as a hotel, continuation of journey or a replacement car.
