Manual abstract:

Inspired by years of success in the world's top-level rallies, Lancer has been designed to thrive in the most demanding environment of all: the real world outside your door. That is why we also made it comfortable and spacious, and then provided it with an outstanding level of standard equipment. The result is a car that works for you, every day and in every way. 23 rally image to be sourced THE PERFECT PEDIGREE The new Lancer offers the perfect combination: a truly beautiful body clothing a structure that is as strong as they come. Making cars this strong is in our blood, and for 35 years we have been competing with Lancer at the very top level in the most punishing motor sport arena of them all: world rallying. @@@@New Lancer moves the game on once again. 35 YEARS OF LANCER RALLY HISTORY 45 AT THE CUTTING EDGE One look at Lancer tells you all you need to know: here is a sports saloon that will stand out in any crowd and say all the right things about its owner. It is so sporty and dynamic, it looks like it is moving even when parked. And it's as good to drive as it is to look at, thanks to truly sporting performance and finely developed handling. @@@@A flat front subframe that resists bending and brand-new multi-link rear suspension guarantee great handling with no compromise in ride comfort, keeping the new Lancer glued to the road and the smile glued to your face.

SPORT-TUNED SUSPENSION 67 CONTROL AT YOUR FINGERTIPS At Mitsubishi Motors, we understand that power is nothing without the ability to control it. That is why we have created a driving environment for Lancer where everything is where you expect and operates how you expect. You are in total command at all times, with all the information you need at your fingertips which, in the GS4 model, includes guidance from the advanced touch-screen navigation system with hard-disc drive. IN TOTAL COMMAND Lancer gives you cruise control and radio controls on the steering wheel, meaning you hardly have to lift a finger. @@@@And there is additional storage in all four doors and the centre console.

10 11 A GREAT NOSE FOR DESIGN Lancer has been styled to look great from every angle its appearance matches perfectly its sporty nature and the thrilling drive it offers. At the front the shark-like nose and deep set eyes will pull attention from every pavement, as will the long hood with its jet-fighter inspired front grille. These features blend seamlessly into the high-waisted side, through the narrow window line and then into the trunk which has been styled to accentuate the Lancer's wedge-shaped profile, providing a strong impression of movement. Viewed from any direction, Lancer is broad-chested, low slung and muscular. There is nothing superfluous, no design for design's sake, just an extremely purposeful and attractive car that looks born for the open road. TAKE A CLOSER LOOK The rear lights are skilfully integrated into the overall shape of the car and the bulging wheelarches further signal the car's sporting character. 12 13 PERFORMANCE IS IN OUR DNA When Mitsubishi Motors makes a car look this athletic you can be sure it has also provided a perfectly matched range of engines and gearboxes. Diesel lovers will enjoy the powerful yet economical 2-litre DI-D engine with 138 bhp and six expertly-judged gear ratios. @@@@Mirror covers, carbon look 2.
