.....

..... @Registration is secure and should only take a few minutes.

1. Press and hold Power on top of your phone to turn it on. 2. Select a language. 3.

Log in or register: Enter your name, your current email address (where MOTOBLUR can send account information), and a new MOTOBLUR account password. 4. To add an account within MOTOBLUR, touch the account type, then enter the account's user name (or email) and password. 5. When you're done, touch Done adding accounts.

Tip: To see your accounts or add more, touch > Accounts. If your contacts don't import within an hour, see "Transfer contacts" on page 22. Your MOTOBLUR Account Only MOTOBLUR syncs your contacts, posts, feeds, messages, emails, photos and much more--from sources like Facebook®, Twitter, Myspace, your work email, Picasa™, Photobucket®--and serves them up just the way you want them. You can log into your MOTOBLUR account from a computer to upload contacts, reset your password, get help, or even locate your phone: [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur) Security Your contacts are backed up on MOTOBLUR, so don't worry. Even if you lose your phone, MOTOBLUR can help you find it or wipe it. When you get your next MOTOBLUR product, your stored info Device Setup 3 makes it a snap to set up with just a username and password. Of course it doesn't stop there. There are plenty of ways to protect your phone and your information, in "Security" on page 60.

To change Voice Input & Search 19 search settings, touch Menu Settings > Search. > Ringtones & Settings Quick Start: Ringtones & Settings You can customize sound and display settings: · To change your ringtone and sounds, touch Menu > Settings > Sounds. To use a song as a ringtone, touch > Music, touch and hold the song name, then touch Use as phone ringtone. · To change your display settings, touch Menu > Settings > Display. Notification LED is the green flashing light at the top of your phone. · To set notifications for different message types, touch > Messaging > Menu > Messaging Settings > Text Messaging, Email, or Social Messaging. 20 Ringtones & Settings · To switch to silent mode when you have Screen lock turned on, you can slide the silence switch on the unlock screen. Contacts Quick Start: Contacts Find it: Contacts: A-Z Contacts: All contacts Contacts Add a contact Touch to show groups Flick left or right to show updates or history When you flick up or down, a scroll tab appears.

Drag it to scroll faster. Date & Time Set your date, time, time zone, and formats: Find it: Menu > Settings > Date & time Arthur Baudo Barry Smyth Jim Somers Kat Bleser Kristin Cullen Mary Morgan Mary Morgan Language & Region Set your menu language and region: Find it: Menu > Settings > Language & keyboard > Select locale In your contacts list: · To edit a contact, open it and touch Menu > Edit. Contacts 21 · To call, send a message, or more, touch and hold a contact. · To search, touch Search then type a name. Transfer contacts Only MOTOBLUR syncs and merges friends from your social networking accounts, together with your work and personal email contacts, into a single phonebook. All you need to do is add your accounts to MOTOBLUR, and it will handle the rest! · To add your email or social networking accounts to MOTOBLUR, see "Add Accounts" on page 25. Tip: If you add a Corporate Sync account, you can send messages to your coworkers, even if you don't have them stored in your contacts. · To import contacts from your SIM card (if that didn't happen automatically), touch 22 Contacts Contacts, then touch Menu > More > Import/Export > SIM card. · To transfer contacts from anything else, export them into a .CSV file on a computer.

Then, log into your MOTOBLUR account and import the .CSV file at [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur). Tip: For more help with transferring contacts, go to [www.motorola.com/TransferContacts](http://www.motorola.com/TransferContacts). Call, Text, or Email Contacts Find it: Contacts Touch and hold the contact to call, send a message, or other options. View & Use Contacts With a MOTOROLA ATRIX 4G, you'll know what everybody's up to and when. Every time you pick up a call, check a message, or look up a friend's contact info, sure, you'll see their name and number, but you'll see their social network status and smiling face, too.

Find it: Contacts · To show a group (All contacts, Facebook, and so on) touch the current group name at the top. Tip: To change which account provides the pictures for your Contacts, from the home screen touch > Accounts > Menu > Picture Source. · To show another view, flick left or right. · To find a contact, touch and hold Menu to open a keypad, then type the name. Touch a contact to open their details. To start a call or message, just touch their phone number or other info. Tip: To add a shortcut to one of your contacts, touch and hold a blank spot on your home screen and then touch Motorola widgets > Contact quick tasks. Mobile SMS Edit or Delete Contacts Find it: Contacts Touch the contact, then touch Menu > Edit or Delete. To delete only one of multiple numbers for a contact, touch the - next to the number, then touch the trash can. You can set a ringer, address, and other details that will be saved on your phone and your MOTOBLUR account.

Where are contacts edited or deleted? Your phone edits the contacts in its memory, and also updates your MOTOBLUR account. Your changes won't affect your SIM card. Contacts 23 Link Contacts You might have two Contacts for the same person, maybe a Facebook® friend who is also stored on your SIM card, or one friend with two email addresses. To combine these two contacts: Find it: Contacts Touch a contact to open it, then touch Menu > Link contact and touch the second entry. Your MOTOBLUR account remembers this connection. touch the call, then choose Add to contacts. Synchronize Contacts When you change one of your Contacts, your phone automatically updates your MOTOBLUR account online. Also, your phone updates your Contacts and MOTOBLUR account whenever you change a friend in your social networking accounts. So, you don't have to do anything to synchronize your Contacts with your other accounts! MOTOBLUR takes care of it for you. Tip: Your phone works best if you have fewer than 2,000 Contacts.

Create Contacts Find it: Contacts > Menu > Add contact Enter contact details, then touch Save. Save recent calls as contacts To save a recent call as a contact, touch Dialer > Recent, 24 Contacts All calls 555-1212 03:33 1:05 PM My Details Find it: Contacts > Menu > My info To edit details, touch Menu > Edit. 5551212 Add to contacts Groups You can put your Contacts into groups that you create (like "friends," "family," or "work"). Then, you can find contacts faster by showing one group at a time. To create a group in your Contacts, touch Menu > Display group > Create new group.

Enter a group name, then touch Add to add members. To show only one group in your Contacts, touch Contacts at the top of your screen and choose the group name. Social Networking Add Accounts When you add social networking accounts (like Facebook or MySpace) to MOTOBLUR, friends appear in your phone's Contacts, and updates appear in Social Status and Social Networking widgets. Find it: > Accounts > Add account Sign into your social networking account with the user name or email and password you set up on that account (the same as on your computer). If you don't have accounts, you can visit their websites to set them up.

Note: Your network or other factors might affect the speed of widget updates. To download updates faster, try "Wi-Fi Networks" on page 47. Social Networking 25 Update Your Status To update your status, just touch a Social Status widget and enter text. If you have more than one account, you can use the pull-down menu to limit which accounts are updated. To add a Social Status widget, touch and hold a blank spot on your home screen, then touch Motorola widgets. Networking widget on your home screen. Social Networking Kristine Kelley 10 minutes ago 1 of 24 Status update Kristine Kelley e Kelley e Not even ready to n go back to scho Kristine Kelley Not even ready to go back school to school 10 minutes ago Touch the picture for contact options.

To add a song to the playlist you're playing, touch Menu > Add to playlist in the music player. To edit, delete and rename playlists, touch and hold the playlist in the music library. Wi-Fi®, DLNATM & Bluetooth® Connections Quick Start: Wireless Find it: Menu > Settings > Wireless & networks · In Wi-Fi settings: Wi-Fi settings Turn on & scan Wi-Fi Turn on Wi-Fi Network notification Notify me when an open network is available AT&T Wi-Fi Hot Spot setting Auto connect Automatically connect to an available AT&T Wi-Fi Hot Spot Wi-Fi networks Use AT&T Wi-Fi Hot Spots Find available networks Add Wi-Fi network Add Wi-Fi network Connect to a Wi-Fi network for fast Internet access and downloads. You can connect to DLNA Certified devices on 46 Wi-Fi®, DLNATM & Bluetooth® Connections the network to share media files: > Media Share.

See [www.attwifi.com](http://www.attwifi.com) for terms, conditions & charges. · In Bluetooth settings: Touch Bluetooth to turn it on and scan for a Bluetooth headset or car kit, then touch a device that was found to connect it. · In Mobile hotspot: Make your smartphone a mobile hotspot to share broadband with up to 8 Wi-Fi enabled devices.

This requires an appropriate data plan with tethering. Tip: Airplane mode turns off your Bluetooth, Wi-Fi, and network connections--useful when flying. Press and hold Power > Airplane mode. When you select airplane mode, all wireless services are disabled. You can then turn Wi-Fi and/or Bluetooth power back on, if permitted by your airline. Other wireless voice and data services (such as calls and text messages) remain off in airplane mode. Emergency calls to your region's emergency number (e.g., 911) can still made. Wi-Fi Networks Note: Your phone comes with Wi-Fi power turned on.

To turn it off, touch Menu > Settings > Wireless & networks > Wi-Fi. AT&T Wi-Fi Hot Spots: Access high speed Internet at Wi-Fi speeds in over 20,000 AT&T Wi-Fi Hot Spots. They are easy to use. Just follow these easy steps: 1. Make sure Wi-Fi power is on and walk into an AT&T Hot Spot. If you need to turn on Wi-Fi power, touch Menu > Settings > Wireless & networks > Wi-Fi. Wi-Fi®, DLNATM & Bluetooth® Connections 47 2. Touch > Browser > Menu > Go, then type a website address. To use some AT&T services, you might need to turn off Wi-Fi® power. AT&T Hot Spot Locator: To find Hot Spots, touch > AT&T Wi-Fi Hot Spots, or visit [www.attwifi.com](http://www.attwifi.com) and select "Find a Hotspot." Standard Wi-Fi networks: You can still connect when AT&T Wi-Fi Hot Spots aren't available: 1. Touch Menu > Settings > Wireless & networks > Wi-Fi settings. 2.

Touch Wi-Fi to turn on and scan. If Wi-Fi is already on, touch Menu > Scan. Your phone lists the networks it finds within range. Tip: To see your phone's MAC address or other Wi-Fi details, touch Menu > Advanced. 3.

Touch a network to connect. If necessary, enter pass codes from the network administrator and touch Connect. When Wi-Fi power is on and your phone finds a network you've used, it automatically reconnects and shows in the status bar. To turn off Wi-Fi power: Touch Menu > Settings > Wireless & networks > Wi-Fi. Tip: Turn off Wi-Fi power to extend battery life or stop connections. Turn it off and on to search for networks. To add a quick switch, touch and hold a blank spot on your home screen, then touch Motorola widgets > Wi-Fi toggle. Note: Your phone's Wi-Fi features and power levels are not allowed for outdoor operation in France. To avoid unlawful interference with radio signals, do not use 48 Wi-Fi®, DLNATM & Bluetooth® Connections the Wi-Fi features in France unless you are indoors. Find it: Menu > Settings > Wireless & networks > Bluetooth settings Bluetooth settings DLNATM Media Devices You can use DLNA Certified computers, TVs, and other devices to play or transfer the videos, pictures, and music stored on your phone.

For more about DLNA (Digital Living Network Alliance), visit [www.dlna.org](http://www.dlna.org). 1. Make sure your phone and another DLNA device are both connected to the same Wi-Fi® network. 2. Touch > Media Share 3. Follow the prompts to connect your phone to the other DLNA device. Tip: To reconnect later, you can just touch > DLNA. Turn on & scan Change your phone's Bluetooth name Let Bluetooth devices find your phone Connect Bluetooth Device name (your phone's name) Discoverable Make device discoverable Scan for devices Bluetooth devices (found device name) Pair with this device Pair with this device with ith device evic Bluetooth Handsfree Devices Note: This feature requires an optional accessory.

To connect with a new device, you need to pair with it. You only need to do this once for each device--to connect again, just turn on the device. 1. Make sure the device you are pairing with is in discoverable mode. Refer to the guide that came with the device for details.

Wi-Fi®, DLNATM & Bluetooth® Connections 49 2. In Bluetooth settings, touch Bluetooth to turn on and scan. If Bluetooth power is already on, touch Scan for devices. 3. Touch a device to connect.

4. If necessary, touch OK, or enter the device passkey (like 0000) to connect to the device. When the device is connected, the Bluetooth indicator appears in the status bar. Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely. After you connect: · To reconnect with a device, turn on the device or touch the device name in the Bluetooth devices list. · To disconnect a device, turn off the device or touch the device name in the devices list and touch Menu > Disconnect. · To turn off Bluetooth power, touch Menu > Settings > Wireless & networks > Bluetooth. Tip: Turn off Bluetooth power to disconnect devices, extend battery life, or stop connections. To add a quick switch, touch and hold a blank spot on your home screen, then touch Motorola widgets > Bluetooth toggle.

Note: Your phone's Bluetooth features and Bluetooth Class 1 power levels are not allowed for outdoor operation in France. To avoid unlawful interference with radio signals, do not use the Bluetooth features in France unless you are indoors. 50 Wi-Fi®, DLNATM & Bluetooth® Connections Memory Card & USB Memory Card You can add more space to store videos, music, and other files by installing a removable microSD memory card. To manage memory card files, touch > Files. Touch a file or folder to open, touch and hold a file to Delete or Share. Note: Do not remove your memory card while your phone is using it or writing files on it. Before you remove or format your memory card you need to unmount it. Touch Menu > Settings > SD card & storage > Unmount SD card.

[You're reading an excerpt. Click here to read official MOTOROLA ATRIX 4G user guide](http://yourpdfguides.com/dref/3809449)

<http://yourpdfguides.com/dref/3809449>

To format your memory card, touch **Format SD card**. Warning: All data on your memory card will be deleted.

**USB Drag & Drop Note:** This feature requires an optional accessory. You can use a USB cable to transfer your pictures, videos, music, ringtones and more, from your computer to the memory card in your phone: 1. Connect a Motorola micro USB data cable from your phone's micro USB port to a USB port on your computer. Note: Make sure to connect the phone to a high power USB port. Typically, these are located directly on your computer.

If a camera connection window opens, just close it. If your computer needs to download drivers for your phone, visit [www.motorola.com/support](http://www.motorola.com/support). If a camera connection window opens, just close it.

2. Your phone should show in the status bar. Flick down the status bar and **Memory Card & USB 51** touch to choose a memory card connection. You should be able to access the memory card from your computer. 3. On your computer, use the "My Computer" window to find "Removable Disk". 4. Click on the "Removable Disk" icon to access the memory card. 5. Drag and drop your pictures, videos, music, ringtones, and more, to your phone folder.

To help manage your files, you can create more folders in your phone folder. 6. When you're done, use the "Safely Remove Hardware" feature to finish. **Motorola Phone Portal** You can use Motorola Phone Portal (MPP) to connect your phone and computer with a cable or a Wi-Fi® network. Just connect your phone to your computer over a Wi-Fi network or a USB cable. Note: Most public Wi-Fi networks (like the ones at coffee shops) don't let devices connect to each other. In that case, you need a USB connection. If you use a cable, your computer might install drivers (you can download drivers at [www.motorola.com/su pport](http://www.motorola.com/su pport)).

If Motorola MediaLink launches instead, right-click in your task bar, choose to launch MPP when the phone connects, then reconnect your phone to open the MPP home screen. If you use a Wi-Fi network, touch > Phone Portal <http://###.###.#.###:###> to show an MPP URL that you can 52 Memory Card & USB enter in any computer browser on the network to open the MPP home screen! Note: MPP works best with Internet Explorer 7 or newer, with Java script and cookies enabled.

Open your recent activity (Home), Contacts, Photos, Settings, File Manager, or Support. **Tools Alarm Clock** Find it: > Alarm & Timer To turn on an alarm, touch the check box. To add an alarm, touch Menu > Add alarm, then enter alarm details. 7:00 To set a snooze period, 8:30 touch the alarm, then touch Menu > Snooze 9:00 time. When an alarm sounds, drag Dismiss to turn it off or touch the screen to snooze.

To cancel a snoozed alarm, drag down the status bar and touch the alarm name. Tip: You can purchase a Motorola desk dock to turn your phone into an alarm clock, weather station, music player and more, all while recharging it on your desk Alarm Timer AM every day Alarm Name AM Mon, Tue, Wed, Thu, Fri Alarm Name AM Alarm Name Show All recent activity, or only your SMS (text messages) or Calls. Accessibility See, hear, speak, feel, and use. Accessibility features are there for everyone, helping to make things easier. Note: For general information, accessories, and more, visit [www.motorola.com/accessibility](http://www.motorola.com/accessibility)

Voice recognition Use your voice--just touch and speak. · Dialing and commands: Touch > Voice Commands. To dial, say "Call" and then a contact name or phone number. For other commands, say a command from the list shown, like "Send Text" or "Go To" · Search: Touch and hold Search to open voice search, then say what you want to search for, like "Motorola accessories". · Text entry: Touch a text entry field to open the touchscreen keypad. Touch , then say what you want to type. Tip: Speak naturally, but clearly. Use the microphone in a similar way to a speakerphone, so no need to shout or hold the phone close to your mouth. To change your voice settings, see "Voice settings" on page 56. Voice readouts (TalkBack) Note: You may be asked to download additional "text-to-speech" software (data charges may apply).

To turn on voice readouts (similar to TalkBack), touch Menu > Settings > Accessibility. Touch Accessibility to enable the settings, then touch Voice readouts. Tools 55 · Menus and screens: In menus and screens, touch an item to highlight it (the item will be read out loud), and double-touch to choose it. Note: Touching a home screen widget or shortcut will open it. · Dialer & text entry: As you type, each number or letter is read out loud. · Notification: When you flick the status bar down, all notifications are read out loud. Tip: Navigate through your apps and menus to hear how voice readouts work on your phone. To change your voice settings, see "Voice settings" on page 56. @@@@ Ringtones are listed under Additional info. To change your voice settings, see "Voice settings".

@@ From here, you can set options like language and censorship. @@@@ Touch Menu > Settings > Display > Brightness.

@@@@@ · Keys: To feel key touches (vibrate), select Haptic feedback. @@ Create, send, and receive them all, in one place.

@@@@@ · Position: During a call, hold the phone to your ear as normal, and then 58 Tools rotate/move it to get the best position for speaking and listening. · TTY VCO: Voice-Carry-Over--speak into your phone and read text replies on your TTY device.

[You're reading an excerpt. Click here to read official MOTOROLA ATRIX 4G user guide](#)

<http://yourpdfguides.com/dref/3809449>

Note: You'll need a cable/adaptor to connect your TTY device to the headset jack on your phone. Refer to your TTY device guide for mode and usage information. Apps Want more? No problem. Android Market™ provides access to thousands of apps, and many provide useful accessibility features. Find it: > Market Select a category or touch Search to find the app you want. Tip: Choose your apps carefully, from trusted sites like Market, as some may impact your phone's performance. TTY You can use your phone in TTY mode with standard teletype machines. Touch Menu > Settings > Call settings > TTY mode and select the mode you need: · TTY full: Type and read text on your TTY device. · TTY HCO: Hearing-Carry-Over--type text on your TTY device and listen to voice replies on your phone's speaker.

Tools 59 Security Quick Start: Security Find it: Menu > Settings > Location & security You have lots of ways to keep your phone safe. Location & security settings Security If you lose your phone, you can log into your MOTOBLUR account from a computer to locate your phone or clear the data on it: [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur). Screen Lock To set your security level, touch Menu > Settings > Location & security > Set up screen lock: · Pattern - draw a pattern to unlock.

· PIN - enter a numeric code to unlock · Password - enter a text password to unlock · Fingerprints - swipe your finger across the power key to unlock Note: You can make emergency calls on a locked phone ("Emergency Calls" on page 9). A locked phone still rings, but you need to unlock it to answer. Screen lock Display a screen preventing accidental touches Security lock SIM card lock You'll need to slide the "unlock" icon when you turn on your screen You'll enter a code when you turn on your screen Set SIM card lock and change SIM PIN Set up SIM card lock Passwords Visible passwords Show password as you type Credential storage Use secure credentials 60 Security Lock Pattern To set the lock pattern, touch Menu > Settings > Location & security > Set up screen lock > Pattern. Follow the instructions to draw your lock pattern. When prompted, draw the pattern to unlock the phone. Passcode Lock To set the passcode, touch Menu > Settings > Location & security > Set up screen lock > PIN. Enter a numeric code, then touch Continue. Enter the code again to confirm it, and touch OK. When prompted, enter the numeric code to unlock the phone. Draw an unlock pattern Password Lock To set the password, touch Menu > Settings > Location & security > Set up screen lock > Password.

Enter a password, then touch Continue. Enter the password again to confirm it, and touch OK. When prompted, enter the password to unlock the phone. Fingerprint Lock To store your fingerprint, touch Menu > Settings > Location & security > Set up screen lock > Fingerprints. Enter a numeric code (in case of fingerprint recognition problems), then touch Continue. Enter the numeric code again to confirm it, and touch OK. Follow the display instructions to swipe your finger across the power button, until the phone memorizes your fingerprints. Security 61 When prompted, enter the numeric code or swipe your finger to unlock the phone. Personalize Your Lock Screen To change your timeout, touch Menu > Settings > Display > Screen timeout. If you don't touch the screen or press any keys for this amount of time, the screen locks automatically.

To unlock, see "Lock & Unlock" on page 62. To change your lock screen picture, touch Menu > Settings > Display > Wallpaper settings. Lock & Unlock To lock the screen/phone: · Press Power . · Let the screen time out (don't press anything). · Switch the power off.

To unlock the screen/phone, press Power , or switch the phone on to display the lock screen. Forgot Your Pattern or Passcode? In the passcode unlock screen, press Menu > Forgot passcode? to unlock your phone with your MOTOBLUR email address and MOTOBLUR password. In the pattern unlock screen, after you enter an incorrect pattern five times, you can touch Forgot passcode? to unlock your phone with your MOTOBLUR email address and MOTOBLUR password. Lock Your SIM Enable SIM PIN To lock your SIM (the next time you power up the phone you will need to enter your SIM PIN), touch Menu > Settings > Location & security > Set up SIM card 62 Security lock > Lock SIM card. Enter your SIM PIN code.

Caution: If you enter an incorrect PIN code three times, your phone locks your SIM card and asks for your PIN unlock code, contact AT&T. Change SIM PIN To change your SIM PIN, touch Menu > Settings > Location & security > Set up SIM card lock > Change SIM PIN. PUK Code To unlock your SIM PIN, you need to enter your PIN unlock code (PUK code) when prompted. Note: Your PUK code is provided by AT&T. touch Menu > Settings > Privacy > Factory data reset > Reset phone. Warning: All downloaded apps and user data on your phone will be deleted. Data on your memory card will not be deleted. Lost, Stolen, Broken, Cleared Don't you just hate it when your life is on your phone and it all goes wrong? Lose it, break it, reset it, or even worse - stolen! Relax, MOTOBLUR can help find your phone, clear it (if you need to) and best of all, restore all your stuff. Note: You cannot track or clear your phone if it is turned off or broken. Track Your Phone To locate your phone: 1.

Log into your MOTOBLUR account: [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur). 2. On the phone profile page, follow the link to locate your phone. Security 63 Reset To reset your phone to factory settings and erase all the data on your phone, MOTOBLUR locates your phone using GPS and AGPS . Remote Clear To wipe your phone data: 1. Log into your MOTOBLUR account: [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur).

2. On the phone profile page, follow the link to delete data. Warning: All downloaded apps and user data on your phone will be deleted. Data on your memory card will not be deleted. Restore Your Phone If you lose your phone, don't worry.

Your contacts are backed up on MOTOBLUR. To restore your contacts and account settings after a reset, remote clear, or on a new MOTOBLUR phone, just log into your existing MOTOBLUR account. Please note that text messages, downloaded 64 Security applications, call logs, and items stored on your phone will not be restored. To restore your Android Market™ apps, see "Apps" on page 35. Icons & Battery Life Icons At the top of the screen, icons on the left notify you about new messages or events (flick the bar down for details).

Icons on the right tell you about phone status: Bluetooth GPS silent ring mic mute alarm set HSPA+ available charging Wi-Fi flight mode vibrate ring speakerphone network (full) Connected to HSPA+ charged Things You Can Do Stop pocket dialing If you put your phone in your pocket, the touchscreen might get touched and accidentally call people.
