If you get your next MOTOBLUR product, just log into your existing MOTOBLUR account on your phone to recover all your stuff automatically. To recover your Android Market apps, see “Manage & restore apps” on page 12. Troubleshooting we’re here to help Crash recovery In the unlikely event that your phone stops responding to touches and key presses, try a quick reset. Remove the back cover and battery (“Assemble & charge” on page 3), then replace and turn on your phone as usual. Com/support, where you can select from a number of customer care options.

You can also contact the Motorola Customer Support Center at 0800 666 8676 (Argentina), (800-201-442 (Chile), 01-800-700-1504 (Colombia), 01 800 021 0000 (México), 0800-100-4289 (Venezuela), or 0-800-52-470 (Perú). 49 Safety , Regulatory & Legal Battery Use & Safety Important: Handle and store batteries properly to avoid injury or damage. Most battery issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries. DON’Ts • Don’t disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery. □ Don’t let the mobile device or battery come in contact with water. * Water can get into the mobile device’s circuits, leading to corrosion. If the mobile device and/or battery get wet, have them checked by your service provider or contact Motorola, even if they appear to be working properly. * • Don’t allow the battery to touch metal objects. If metal objects, such as jewelry, stay in prolonged contact with the battery contact points, the battery could become very hot. □ Don’t place your mobile device or battery near a heat source.

* Excessive heat can damage the mobile device or the battery.

[You're reading an excerpt. Click here to read official MOTOROLA CHARM / MB502 user guide](http://yourpdfguides.com/dref/5197822)
<http://yourpdfguides.com/dref/5197822>

High temperatures can cause the battery to swell, leak, or malfunction. Therefore: • Don't dry a wet or damp battery with an appliance or heat source, such as a hair dryer or microwave oven. DOs • Do avoid leaving your mobile device in your car in high temperatures. * • Do avoid dropping the battery or mobile device. * Dropping these items, especially on a hard surface, can potentially cause damage. * • Do contact your service provider or Motorola if your mobile device or battery has been damaged from dropping or high temperatures. * Note: Always make sure that the battery compartment is closed and secure to avoid direct exposure of the battery to any of these conditions. important: Use Motorola Original products for quality assurance and safeguards. To aid consumers in identifying authentic Motorola batteries from non-original or counterfeit batteries (that may not have adequate safety protection), Battery Use & Safety Motorola provides holograms on its batteries.

Consumers should confirm that any battery they purchase has a "Motorola Original" hologram. Motorola recommends you always use Motorola-branded batteries and chargers. Motorola mobile devices are designed to work with Motorola batteries. If you see a message on your display such as Invalid Battery or Unable to Charge, take the following steps: • Remove the battery and inspect it to confirm that it has a "Motorola Original" hologram; • If there is no hologram, the battery is not a Motorola battery; • If there is a hologram, replace the battery and try charging it again; • If the message remains, contact a Motorola authorized service center. Important: Motorola's warranty does not cover damage to the mobile device caused by non-Motorola batteries and/or chargers.

Warning: Use of a non-Motorola battery or charger may present a risk of fire, explosion, leakage, or other hazard. Proper and safe battery disposal and recycling: Proper battery disposal is not only important for safety, it benefits the environment. Consumers may recycle their used batteries in many retail or service provider locations. Additional information on proper disposal and recycling may be found on the Web: • www.Org/call2recycle/ (in English only)

Disposal: Promptly dispose of used batteries in accordance with local regulations.

Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries. warning: Never dispose of batteries in a fire because they may explode. 032375o Battery Charging Notes for charging your product's battery: • When charging your battery, keep it near room temperature. Never expose batteries to temperatures below 0°C (32°F) or above 45°C (113°F) when charging. • New batteries are not fully charged. □ New batteries or batteries stored for a long time may take more time to charge. Battery Charging 50 • Motorola batteries and charging systems have circuitry that protects the battery from damage from overcharging. Driving Precautions Responsible and safe driving is your primary responsibility when behind the wheel of a vehicle. Using a mobile device or accessory for a call or other application while driving may cause distraction. Using a mobile device or accessory may be prohibited or restricted in certain areas, always obey the laws and regulations on the use of these products.

While driving, NEVER: • Type or read texts. □ Perform any other functions that divert your attention from driving. While driving, ALWAYS: • Keep your eyes on the road. □ Use a handsfree device if available or required by law in your area. □ Enter destination information into a navigation device before driving. □ Use voice activated features (such as voice dial) and speaking features (such as audible directions), if available. □ Obey all local laws and regulations for the use of mobile devices and accessories in the vehicle. □ End your call or other task if you cannot concentrate on driving. Remember to follow the "Smart Practices While Driving" in this guide and at www.Discontinue use and consult a physician if any of the following symptoms occur: convulsion, eye or muscle twitching, loss of awareness, involuntary movements, or disorientation.

It is always a good idea to hold the screen away from your eyes, leave the lights on in the room, take a 15-minute break every hour, and stop use if you are tired. Caution About High Volume Usage Warning: Exposure to loud noise from any source for extended periods of time may affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. To protect your hearing: • Limit the amount of time you use headsets or headphones at high volume. □ Avoid turning up the volume to block out noisy surroundings.

□ Turn the volume down if you can't hear people speaking near you. If you experience hearing discomfort, including the sensation of pressure or fullness in your ears, ringing in your ears, or muffled speech, you should stop listening to the device through your headset or headphones and have your hearing checked. For more information about hearing, see our Web site at direct.Repetitive Motion When you repetitively perform actions such as pressing keys or entering finger-written characters, you may experience occasional discomfort in your hands, arms, shoulders, neck, or other parts of your body. If you continue to have discomfort during or after such use, stop use and see a physician.

[Nov0109] Seizures/Blackouts Some people may be susceptible to epileptic seizures or blackouts when exposed to flashing lights, such as when playing videos or games. These may occur even if a person has never had a previous seizure or blackout. If you have experienced seizures or blackouts, or if you have a family history of such occurrences, please consult with your physician before playing videos or games or enabling a flashing-lights feature (if available) on your mobile device. Small Children Keep your mobile device and its accessories away from small children. These products are not toys and may be hazardous to small children. For example: • A choking hazard may exist for small, detachable parts. □ Improper use could result in loud sounds, possibly causing hearing injury. • Improperly handled batteries could overheat and cause a burn. 51 Glass Parts Some parts of your mobile device may be made of glass. This glass could break if the product is dropped on a hard surface or receives a substantial impact.

if glass breaks, do not touch or attempt to remove. Stop using your mobile device until the glass is replaced by a qualified service center. Symbol Definition Do not dispose of your battery or mobile device with your household waste. See "Recycling" for more information. For indoor use only. Listening at full volume to music or voice through a headset may damage your hearing. operational Warnings Obey all posted signs when using mobile devices in public areas.
