To save battery life, see "Battery tips" on page 27. Let's go 3 Note: To help protect your phone, always make sure that the battery cover and any connector covers are closed and secure. Tip: For more, or to add accounts anytime, go to "Add accounts" on page 13. 5 After you sign in, your phone imports your contacts from your SIM card. To open your contacts, Contacts touch Tip: To manually import contacts from the SIM card, Manage SIM card > Import SIM touch > card. Set up & go Create or log into a MOTOBLUR account to get your contacts, email, messages, and status information, for all your accounts, all in one place. Registration is secure, and should only take a few minutes. Note: This phone supports apps and services that use a lot of data, so make sure your data plan meets your needs. For details, contact your service provider.

1 Turn on. 2 Select a language. 3 Register or log in. If you have not created a MOTOBLUR account, you'll need to register: Enter your name, your current email address (where MOTOBLUR can send account information), and a new MOTOBLUR password. 4 Add your accounts to MOTOBLUR. To add an account, touch it. Then, enter the user name or email and password that you set up on that account. 4 Let's go Your MOTOBLUR account Only MOTOBLUR syncs contacts, posts, feeds, messages, emails, photos and much more--from sources like Facebook®, Twitter, MySpace, your work email, Picasa™, and Photobucket®--and serves them up just the way you want them. No opening and closing apps and menus, it's all front and center on your

home screen and throughout the entire phone, so you can communicate anyway you like. To add or edit the email, social networking, and other accounts in your MOTOBLUR, touch > Accounts. To set up email accounts, see "Set up messaging" on page 22. You can log into MOTOBLUR from a computer to upload contacts, reset your password, get help, or even locate your phone: [www.motorola.com/mymotoblur](http://www.motorola.com/mymotoblur) Turn it on & off To turn on your phone, press and hold Power on top of your phone. To turn off your phone, press and hold Power, then touch Power off in the menu that opens.

**Security** Your contacts are backed-up on MOTOBLUR, so don't worry. Even if you lose your phone, MOTOBLUR can help you find it or wipe it. And when you get your next MOTOBLUR product, your stored info makes it a snap to set up with just your username and password. Of course, it doesn't stop there. There are plenty of ways to protect your phone and your information, in "Security" on page 47. **Wi-Fi® connect** If you want to use a Wi-Fi network for even faster Internet access, touch Menu > Settings > Wireless & networks > Wi-Fi settings. Touch Wi-Fi to search for and connect to wireless networks. There's more in "Wi-Fi® networks" on page 39. **Stands up to life** Your MOTOROLA DEFY with MOTOBLUR stands up to water, dust and life, because accidents happen. Now your investment is protected from life's little challenges, like that sudden rain shower and other everyday mishaps.

Of course, your phone isn't indestructible, so to avoid damage from natural elements, such as water, sand and dust intrusion, always make sure that the battery door cover and connector covers are closed and secure. If your phone gets wet and/or dirty: · Wipe with a soft cloth and shake to remove excess water from the entire phone, especially the display screen, speaker and microphone ports. Cool content & more Browse and download thousands of the coolest apps on the planet from Android Market™. On top of that, you get a full HTML browser, so you can surf in style. Download new apps with "Apps & updates" on page 11.

Your phone comes with a microSD memory card installed--you can load it up with photos, videos, and music from your computer using "Memory card & file transfer" on page 41.
