Of course it doesn't stop there. There are plenty of ways to protect your phone and your information, in "Security" on page 52. · Always make sure you clean all dirt and debris from the battery door cover/seals and connector covers.

Note: Your phone is not designed to float or work underwater. Stands up to life Your Motorola DEFY stands up to water, dust and life, because accidents happen.

Now your investment is safe and protected from life's little challenges like that sudden rain shower and other everyday mishaps. Of course, your phone isn't indestructible, so to avoid damage from natural elements, such as water, sand and dust intrusion, always make sure that the battery door cover and connector covers are closed and secure. If your phone gets wet and/or dirty: · Wipe with a soft cloth and shake to remove excess water from the entire phone, especially the display screen, speaker and microphone ports. · Allow your phone to air-dry for at least 1 hour before using it again. Let's go 5 Touchscreen & keys a few essentials Drag To scroll through a list or move slowly, drag across the touchscreen.
