Tip: To save battery life, see "Battery tips" on page 23. Set up & go Create or log into a MOTOBLUR account to get your contacts, email, messages and status information, for all your accounts, all in one place, all the time. There's more in "Your MOTOBLUR account" on page 10. Registration is secure and should only take a few

minutes: 1 Turn on.

2 Select a language. 3 Register or log in. If you have not Your name: e.g. John Smith created a MOTOBLUR account, MOTOBLURTM ID: Enter email address you'll need to Password: register: Enter your Password Back Next Creating your name, your current MOTOBLURTM account.

.. email address (where MOTOBLUR can send account information), and a new MOTOBLUR password. Tip: Turn your phone to type. 4 Let's go 4 Add your accounts to MOTOBLUR.

To add an account, touch it. Then, enter the user name or email and password that you set up on that account. Tip: For more, or to add accounts any time, go to "Add account" on page 10. Facebook Myspace Last FM Photobucket T Twitter Picasa Turn it on & off To turn on your phone, press Power (on the right side). To turn off your phone, press and hold Power, then touch Power off in the menu that appears. Wi-Fi connect If you want to use a Wi-Fi network for even faster Internet access, press Menu > Settings > Wireless controls > Wi-Fi settings. Touch Wi-Fi to search for and connect to wireless networks. There's more in "Wi-Fi" on page 39. Cool content & more Browse and download thousands of the coolest apps on the planet from Android. On top of that, you get a full HTML browser, so you can surf in style.

Download new apps with "Apps for all" on page 37. Your phone comes with a microSD memory card installed--you can fill it with photos, videos and music from your computer using "Transfer files with a USB connection" on page 40. Note: Do not remove your memory card while your phone is using it or writing files to it. Touchscreen & keys a few essentials Touch tips Here are some tips on how to navigate around your phone. Touch Security Your contacts are backed up on MOTOBLUR, so don't worry. Even if you lose your phone, MOTOBLUR can help you find it or wipe it. When you receive your next MOTOBLUR product, your stored info makes it a breeze to set up with just a username and password. Of course it doesn't stop there. There are plenty of ways to protect your phone and your information, in "Security" on page 44. To choose an icon or option, Touch it.

Try it: on the home screen, touch Contacts. Touch & hold To open special options, touch and hold an icon or other item. Try it: on the home screen, touch Contacts, then touch and hold a contact to open options. Contacts: All contacts Arthur Baudo Arthur Baudo View contact Call Ca Call Touchscreen & keys 5 Drag To scroll through a list or move slowly, drag across the touchscreen. Try it: on the home screen, touch Contacts, then drag your list up or down.

Tip: When you drag or flick a list, a scroll bar appears on the right. Drag the scroll bar to move the list to a letter A - Z. Flick To scroll through a list or move quickly, flick across the touchscreen (drag quickly and release). Tip: When you flick a long list, touch the screen to stop it from scrolling. Contacts: All contacts Touch pad Arthur Baudo Barry Smyth Jim Somers Kat Bleser Kristin Cullen Todd Palminteri A-Z History Status You can use the touch pad to select small items in the display (like a small link on a Web page), or control a game without blocking your view.

Mute Your phone number > Settings > About phone > Status > My telephone numbers Find it: Menu End call Recent calls Find it: Dialler > Recent Your caller ID To hide your number from the people you call, press Menu > Settings > Call settings > Additional call settings > Caller ID.

· To call a number, touch it. · To send a text message, create a contact, view a contact, add the call to speed dial or other options, touch and hold an entry. Calls 13 Call forwarding & waiting You can forward calls all the time, or only when your phone is busy, unanswered or unreachable (not on the network): Find it: Menu forwarding Emergency calls Note: Your service provider programmes one or more emergency phone numbers (such as 000 or 112) that you can call under any circumstances, even when your phone is locked. Emergency numbers vary by country. Your pre-programmed emergency number(s) may not work in all locations, and sometimes an emergency call cannot be placed due to network, environmental or interference issues.

1 Touch Dialler (if your phone is locked, touch Emergency Call or press Menu > Emergency call). > Settings > Call settings > Call When you're on a call and a second call comes in, Call waiting lets you answer it by touching Answer. You can turn off Call waiting, to send second calls straight to your voicemail: Find it: Menu > Settings > Call settings > Additional call settings > Call waiting 2 Enter the emergency number. 3 Touch Call to call the emergency number. Note: Your mobile device can use AGPS satellite signals to help emergency services find you (see the important legal and safety information packaged with your phone).

Restrict outgoing calls To restrict your phone so that it can only dial a few numbers: Find it: Menu Dialling Numbers > Settings > Call settings > Fixed · To turn fixed dialling on, touch FDN disabled. · To add or delete allowed numbers from the list, touch Manage FDN list. 14 Calls Contacts contacts like you've never had before Call, text or email contacts Find it: Contacts Quick start: Contacts Find it: Contacts: All contacts For Call, Send text message, Email, View contact or other options, touch and hold the contact. Group Press Menu to choose which group to show (like All, Favorites, or Facebook). Create Contacts Contacts List Touch to view contact information. Touch & hold to edit, delete, and more. Views Touch a list view, or flick the display right or left to show: History - recently used A-Z - list without status Status - list with status Contacts View & use contacts With a MOTOROLA QUENCH with MOTOBLUR, you'll know what everybody's up to and when. Every time you pick up a call, check a message or look up a friend's contact info: not only you'll see their name and number, but you'll see their social network status and smiling face, too. Find it: Contacts Arthur Baudo Barry Smyth Jim Somers Kat Bleser Kristin Cullen Todd Palminteri A-Z · To filter the contacts by group (All, Facebook etc.), touch the filter name at the top.

Tip: To change which account provides the pictures for your Contacts, from the home screen press > Accounts > Menu > Picture source. History Status Tip: To search the list, press and hold Menu to open a display keypad, then type a name. When you flick or drag this list, a scroll bar appears on the right. Drag the scroll bar to move the list faster. · To change the list view, touch History (recently used), A-Z (list without status) or Status (list with status) at the bottom. · To find a contact, just type the name. Touch a contact to open their details. To start a call or compose a message, just touch their phone Contacts 15 number or other info. You can touch History, Info or Happenings at the bottom of the screen to see more. Create contacts Find it: Contacts > Menu > Add contact Edit or delete contacts Find it: Contacts Touch Mobile to choose a different type for this entry.

Add contact + adds another entry. - removes this entry. Touch the contact, then press Menu > Edit or Delete. You can set a ringer, address and other details that will be saved on your phone and your MOTOBLUR account. Where are contacts edited or deleted? Your phone edits the contacts in its memory and also updates your MOTOBLUR account.

Your changes won't affect your SIM card. First Last Adam Aaronson Phone Mobile Phone Emails Link contacts You might have two Contacts for the same person, maybe a Facebook friend who is also stored on your SIM card, or one friend with two email addresses. To combine these two contacts: Find it: Contacts To see more details, flick up. When you're finished, press Menu > Save. Touch a contact to open it, then press Menu > Link contact and touch the second entry.

Your MOTOBLUR account remembers this connection. Where are contacts saved? Your phone saves new contacts in its memory, your MOTOBLUR account and other accounts you select: In Contacts, touch Menu > Settings to choose which accounts get updated. New contacts won't be on your SIM card, but they will be downloaded to any new MOTOBLUR phone when you log into your MOTOBLUR account. 16 Contacts Synchronise contacts When you change one of your Contacts, your phone automatically updates your MOTOBLUR account online. Your phone also updates your Contacts and MOTOBLUR account whenever you change a friend in your social networking accounts. So you don't have to do anything to synchronise your Contacts with your other accounts! MOTOBLUR takes care of it for you. Groups You can put your Contacts into groups that you create (such as "friends", "family" or "work"). Then, you can " find contacts faster by showing one group at a time. To create a group in your Contacts, press Menu > Add group. Enter a group name, then touch Add to add members.

To show only one group in your Contacts, touch Contacts at the top of your screen and choose the group name. My details Find it: View my details Contacts > Menu > More > To edit details, touch them. Contacts 17 Messaging sometimes it's best to text, IM or email . . . menus--every message streams right to the phone, viewable exactly the way you want. Find it: > Messaging > Universal inbox Quick start: Messaging Find it: > Messaging > Universal inbox Check for Messages Now 11:02 AM Universal Inbox (4) Note: Universal inbox shows all of your messages together--text, email and social networking messages. To show only one type of message, touch a message account type instead of Universal inbox. · To open a message and all of its replies, touch it. · To respond to a message, just open it and enter your response in the text box at the bottom.

To go to today, press Menu > Today. Update my phone To keep your phone current, software updates may be available. Press Menu > Settings > About phone > System updates to see if your phone is up to date. If it isn't, touch Update. Calculator Find it: > Calculator Your calculator has two views: basic and advanced. To change your views, press Menu > Advanced panel or Basic panel. To clear the history, press Menu > Clear history.

Network You should not need to change any network settings. Contact your service provider for help. Management 43 Press Menu > Settings > Wireless controls > Mobile networks to show options for roaming networks, network selection, operator selection and access point names. Security help keep your phone safe Quick start: Security Find it: Menu > Settings > Display & security You have lots of ways to keep your phone safe. Display & security Brightness Adjust the brightness of the screen Wallpaper settings Set the phone's background wallpaper Security Screen lock Display a screen preventing accidental touches Turn on. Security lock SIM card lock Set lock type, code, and timer. Set up SIM card lock Passwords Set SIM card lock and change SIM PIN. If you lose your phone, you can log into your MOTOBLUR account from a computer to locate your phone or clear the data on it: www.motorola.com/mymotoblur. 44 Security Screen lock To set your phone to display a lock screen and prevent accidental key presses, press Menu > Settings > Display & security > Screen lock. You can also set a security lock to prevent others from using your phone. To set your security level, press Menu > Settings > Display & security > Security lock > Security lock type. Some work accounts might require you to add a password lock to your phone, for security. · Pattern lock: draw a pattern to unlock.

· Passcode lock: enter a code to unlock. Note: You can make emergency calls on a locked phone ("Emergency calls" on page 14). A locked phone still rings, but you need to unlock it to answer. Lock pattern To set the lock pattern, press Menu > Settings > Display & security > Security lock > Security lock type > Pattern lock. Follow the instructions to draw your lock pattern.

When prompted, draw the pattern to unlock the phone. Draw an unlock pattern Passcode lock To set the passcode, press Menu > Settings > Display & security > Security lock > Security lock type > Passcode lock. Enter a passcode, then confirm it. When prompted, enter the passcode to unlock the phone. Personalise your lock screen To change your timeout, press Menu > Settings > Display & security > Screen timeout. If you don't touch the screen or press any keys for this amount of time, the screen locks automatically. To unlock, see "Lock & unlock" below. To change your lock screen picture, press Menu Settings > Display & security > Wallpaper settings. Lock & unlock To lock the screen/phone: · Press Power . · Let the screen time out (don't press anything).

· Switch the power off. To unlock the screen/phone: · Press Menu or switch the phone on to display the lock screen. Security 45 > · Press Menu to unlock--if you've set a lock pattern or passcode, you'll be asked to enter it. Forgotten your pattern or passcode? In the passcode unlock screen, press Menu > Forgot passcode? to unlock your phone with your MOTOBLUR email address and MOTOBLUR password. In the pattern unlock screen, after you enter an incorrect pattern five times, you can touch Forgot passcode? to unlock your phone with your MOTOBLUR email address and MOTOBLUR password. Change SIM PIN To change your SIM PIN, press Menu > Settings > Display & security > Set up SIM card lock > Change SIM PIN. PUK code To unlock your SIM PIN, you need to enter your PIN unlock code (PUK code) when prompted. Note: Your PUK code is provided by your service provider. Reset To reset your phone to factory settings and erase all the data on your phone, press Menu > Settings > SD card & storage > Factory data reset > Reset phone. Warning: All downloaded apps and user data on your phone will be deleted.

Data on your memory card will not be deleted. Lock your SIM Enable SIM PIN To lock your SIM (the next time you switch on the phone you will need to enter your SIM PIN), press Menu > Settings > Display & security > Set up SIM card lock > Lock SIM card. Enter your SIM PIN code. Caution: If you enter an incorrect PIN code three times, your phone locks your SIM card and asks for your PIN unlock code. Contact your service provider.

Lost, stolen, broken, cleared Don't you just hate it when your life is on your phone and it all goes wrong? Lose it, break it, reset it or even worse--stolen! Relax, MOTOBLUR can help find your phone, clear it (if you need to) and best of all, restore all your stuff. 46 Security Track your phone To locate your phone: 1 Log into your MOTOBLUR account: www.motorola.com/mymotoblur. 2 On the phone profile page, follow the link to locate your phone. MOTOBLUR locates your phone using GPS and AGPS (see the important legal and safety information packaged with your phone). Remote clear To wipe your phone data: 1 Log into your MOTOBLUR account: www.motorola.com/mymotoblur. 2 On the phone profile page, follow the link to delete data. Warning: All downloaded apps and user data on your phone will be deleted. Data on your memory card will not be deleted. Restore your phone If you lose your phone don't worry, your contacts are backed up on MOTOBLUR. Note: If you recover your phone after a remote clear, you need to complete a factory reset: Hold the Camera key and press Power to turn on your phone. When you see a blue screen, press Alternate + L and Alternate + W.

Now, press Power and log into MOTOBLUR. When you get your next MOTOBLUR product, just log into your existing MOTOBLUR account on your phone to recover all your stuff automatically. To recover your Android Market apps, see "Manage & restore apps" on page 37. Security 47 Troubleshooting we're here to help Crash recovery In the unlikely event that your phone stops responding to touches and key presses, try a quick reset. Remove the back cover and battery ("Assemble & charge" on page 3), then replace and turn on your phone as usual. 48 Troubleshooting Safety, Regulatory & Legal Battery use & safety Important: Handle and store batteries properly to avoid injury or damage. Most battery issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries. DON'Ts · Don't disassemble, crush, puncture, shred or otherwise attempt to change the form of your battery. · Don't let the phone or battery come in contact with water.
