**Manual abstract:**

A copy of the Declaration of Conformity can be found at [http://www.nokia.com/phones/declaration\\_of\\_conformity/](http://www.nokia.com/phones/declaration_of_conformity/). Nokia operates a policy of ongoing development. Nokia reserves the right to make changes and improvements to any of the products described in this document without prior notice. To the maximum extent permitted by applicable law, under no circumstances shall Nokia or any of its licensors be responsible for any loss of data or income or any special, incidental, consequential or indirect damages howsoever caused. The contents of this document are provided "as is". Except as required by applicable law, no warranties of any kind, either express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, are made in relation to the accuracy, reliability or contents of this document. Nokia reserves the right to revise this document or withdraw it at any time without prior notice. The availability of particular products may vary by region.

Please check with your Nokia dealer for details. Export Controls This device may contain commodities, technology or software subject to export © 2009 Nokia. All rights reserved. Nokia, Nokia Connecting People and the Nokia Original Accessories logo are trademarks or registered trademarks of Nokia Corporation. Nokia tune is a sound mark of Nokia Corporation.

Other product and company names mentioned herein may be trademarks or tradenames of their respective owners. Reproduction, transfer, distribution, or storage of part or all of the contents in this document in any form without the prior written permission of Nokia is prohibited. @@@@Read this user guide carefully before using the headset. @@This product may contain small parts. Keep them out of the reach of small children.

The surface of this device is nickel-free. metres (33 feet) of each other. @@The headset is compliant with Bluetooth Specification 2.1 + EDR supporting the Headset Profile 1.1 and Hands-Free Profile 1.5. Check with the manufacturers of other devices to determine their compatibility with this device. Bluetooth wireless technology Bluetooth wireless technology allows you to connect compatible devices without cables. The headset and the other device do not need to be in line of sight, but they should be within 10 ENGLISH Get started The headset contains the following parts shown on the title page: power key (1), earloop (2), answer/end key (3), earpiece (4), indicator light (5), charger connector (6), and microphone (7). Before using the headset, you must charge the battery and pair the headset with a compatible device.

with this particular model. The use of any other types may invalidate any approval or warranty, and may be dangerous. When you disconnect the power cord of any accessory, grasp and pull the plug, not the cord. 1. Connect the charger to a wall outlet. 2. Connect the charger cable to the charger connector. The red Parts of the device are magnetic. Metallic indicator light is displayed during materials may be attracted to the device. Do not place credit cards or other charging.

Charging the battery magnetic storage media near the device, fully may take up to 2 hours. because information stored on them may 3. When the battery is fully charged, be erased. the green indicator light is displayed. Disconnect the charger Charge the battery from the headset, then from the Before charging the battery, carefully wall outlet.

read "Battery and charger The fully charged battery has power information". for up to 5 hours and 30 minutes of Warning: Use only chargers approved by Nokia for use ENGLISH talk time or up to 120 hours of standby time. To check the battery charge when the headset is not connected to a charger, press the power key. If the indicator light is green, the charge level is sufficient. If the light is yellow, you may need to recharge the battery soon.

If the light is red, recharge the battery. When the battery charge is low, the headset beeps every 5 minutes and the red indicator light flashes. and the red indicator light is briefly displayed. If the headset is not connected to a device within about 30 minutes, it switches off automatically. Pair and connect the headset 1. Ensure that your mobile device is switched on and the headset is off. 2. Press and hold the power key (for about 5 seconds) until the green indicator light starts to flash quickly. 3. Within about 3 minutes, activate Bluetooth connectivity on your Switch on or off device, and set it to search for Bluetooth devices.

To switch on, press and hold the power key for about 2 seconds. The headset 4. @@displayed. The headset tries to 5. @@@@The headset beeps, ENGLISH connection separately after pairing. @@@@Proceed as described in the user guide of your device. To answer or end a call, press the Calls answer/end key. @@@@Push or pull the earloop to set its length. @@@@If a battery is being used for the first time or if the battery has not been used for a prolonged period, it may be necessary to connect the charger, then disconnect and reconnect it to begin charging the battery. If the battery is completely discharged, it may take several minutes before the charging indicator light is displayed.

Unplug the charger from the electrical plug and the device when not in use. Do not leave a fully charged battery connected to a charger, since overcharging may shorten its lifetime. If left unused, a fully charged battery will lose its charge over time. Always try to keep the battery between 15°C and 25°C (59°F and 77°F). Extreme temperatures reduce the capacity and lifetime of the battery.

A device with a hot or cold battery may not work temporarily. Battery performance is particularly limited in temperatures well below freezing. Do not dispose of batteries in a fire as they may explode. Batteries may also explode if damaged. Never use any charger that is damaged.

Important: Battery talk and standby times are estimates only and depend on network conditions, features used, battery age and condition, temperatures to which battery is exposed, and many other factors. The amount of time a device is used for calls will affect its standby time. Likewise, the amount of time that the ENGLISH device is turned on and in the standby mode will affect its talk time. Care and maintenance Your device is a product of superior design and craftsmanship and should be treated with care. The following suggestions will help you protect your warranty coverage. · Keep the device dry. Precipitation, humidity, and all types of liquids or moisture can contain minerals that will corrode electronic circuits. If your device does get wet, allow it to dry completely.

· Do not use or store the device in dusty, dirty areas. Its moving parts and electronic components can be damaged.

· Do not store the device in hot areas. High temperatures can shorten the life of electronic devices, damage batteries, and warp or melt certain plastics.

· Do not store the device in cold areas. When the device returns to its normal temperature, moisture can form inside the device and damage electronic circuit boards. · Do not attempt to open the device. · Do not drop, knock, or shake the device. Rough handling can break internal circuit boards and fine mechanics. @@ · Do not paint the device. Paint can clog the moving parts and prevent proper operation. @@@@ This requirement applies in the European Union. Do not dispose of these products as unsorted municipal waste. For more environmental information, see the product Eco-Declarations at [www.nokia.com/environment](http://www.nokia.com/environment). Always return your used electronic products, batteries, and packaging materials to a dedicated collection point. This way you help prevent uncontrolled waste disposal and promote the recycling of materials. More detailed information is available from the product retailer, local waste authorities, national producer responsibility organisations, or your local Nokia representative. Check how to recycle your Nokia products at [www.nokia.com/werecycle](http://www.nokia.com/werecycle), or if browsing on a mobile device, [www.nokia.mobi/werecycle](http://www.nokia.mobi/werecycle).
