Nokia reserves the right to make changes and improvements to any of ENGLISH Introduction With the Nokia Bluetooth Stereo Headset BH-505, you can make and answer calls hands-free with your compatible mobile device. You can also listen to music from a compatible music player. Read this user guide carefully before using the headset. @@This product may contain small parts. @@@@Connections may be subject to interference from obstructions, such as walls, or other electronic devices. The headset is compliant with the Bluetooth Specification 2.1 + EDR supporting the following profiles: Headset Profile 1.1, Hands-Free Profile (HFP) 1.5, Advanced Audio Distribution Profile (A2DP) 1.2, and Audio Video Remote Control Profile 1.

0. Check with the manufacturers of other devices to determine their compatibility with this device. Bluetooth wireless technology Bluetooth wireless technology allows you to connect compatible devices ENGLISH Get started The headset contains the following parts shown on the title page: indicator light (1), cover of the charger connector (2), power key (3), answer/end key (4), earplugs (5), volume key (6), rewind/fast-forward key (7), microphone (8), and play/pause key (9). Before using the headset, you must charge the battery and pair the headset with a compatible device. Parts of the device are magnetic. Metallic materials may be attracted to the device. Do not place credit cards or other magnetic storage media near the device, because information stored on them may be erased. Warning: Use only chargers approved by Nokia for use with this particular model. The use of any other types may invalidate any approval or warranty, and may be dangerous. Use of unapproved chargers may present a risk of fire, explosion, or other hazard.

When you disconnect the power cord of any accessory, grasp and pull the plug, not the cord. Charge the battery Before charging the battery, carefully read "Battery and charger information". 1. Connect the charger to a wall outlet. 2.

Lift the cover of the charger connector from the edge, and connect the charger cable to the connector. The red indicator light is displayed during charging. Charging the battery fully may take up to 2 hours. 3. When the battery is fully charged, the green indicator light is ENGLISH displayed.

Disconnect the charger from the headset, then from the wall outlet. Press the cover on the charger connector. The fully charged battery has power for up to 12 hours of talk time, up to 375 hours of standby time, or up to 10 hours of music playing time. To check the battery charge when the headset is not connected to a charger, press the power key when the headset is connected to a mobile device. If the indicator light is green, the charge level is sufficient. If the light is yellow, you may need to recharge the battery soon. If the light is red, recharge the battery. When the battery charge is low, the headset beeps every 5 minutes and the red indicator light flashes. Switch on or off To switch on, press and hold the power key for about 5 seconds. @@@@To switch off, press and hold the power key for about 2 seconds.

The headset beeps, and the red indicator light is briefly displayed. @@@@For details on NFC, see the user guide of your device. @@@@2. @@@@For details, see the user guide of your device. 4. Select the headset from the list of found devices. 5. @@@@To activate this feature in a Nokia device, change the paired device settings in the Bluetooth menu. ENGLISH Basic use Change the earplugs The headset may be provided with different sized earplugs and earpads. Select the earplugs or earpads that fit the best and are the most comfortable for your ears.

To change the current earplugs, pull them from the earpieces, and push the new earplugs or earpads into place. Warning: When you use the headset, your ability to hear outside sounds may be affected. Do not use the headset where it can endanger your safety. Adjust the volume To adjust the headset volume, slide the volume key up or down when the headset is connected to a device. To adjust the volume quickly, slide and Wear the headset hold the key. Place the headset behind your head so You can also adjust the headset that the speaker pads rest comfortably volume on the connected A2DP device on your ears (11). if it supports this feature. Place the speaker pad that has the play/pause key on the left ear and the Calls To make a call, use your mobile device pad that has the answer/end key on in the normal way when the headset is the right ear. connected to it. Gently insert the earplugs into your ears.

ENGLISH To redial the number you last called (if your mobile device supports this feature with the headset), when no call is in progress, press the answer/end key twice. To activate voice dialling (if your mobile device supports this feature with the headset), when no call is in progress, press and hold the answer/end key for about 2 seconds. Proceed as described in the user guide of the mobile device. To answer or end a call, press the answer/end key. To reject a call, press this key twice. To mute or unmute the microphone during a call, press the play/pause key. The headset beeps. To switch a call from the headset to a compatible mobile device, press and hold the answer/end key for about 2 seconds, or switch off the headset.
