PRINTING SOLUTIONS

**The compact mono printer with added functionality**

**The B2200 is a compact and sturdy desktop mono printer which is perfect for personal business printing. Small and light this handy device can easily be accommodated on even the smallest of desks. And thanks to the unique OKI digital LED technology the print quality is exceptional, with fast 20 pages per minute (ppm) output and with a first page out time of just 5 seconds.**

**The printer is easy to use and the free in-box utilities add to its simplicity and functionality. The B2200 uses a host-based printing system language.**

**Small and lightweight.**  
Compact - up to 30% smaller than similar printers - the B2200 has a very small footprint and is the perfect mono printer for your desktop. Weighing just 4.8kg it is also easy to carry if you need to transport it between business locations or between home and the office. Although small and lightweight, the B2200 benefits from OKI's Simple, Solid & Smart design philosophy which results in a very robust unit.

**Easy to install and use.**  
The B2200 mono printer is easy to use and the free, in-box utilities make things even easier. Ask OKI provides users with dedicated online advice and can be accessed quickly via the printer driver. Template Manager 2000 provides ready-made templates to assist the printing of items such as address labels.

**Super fast monochrome printing.**  
The B2200 mono printer has a fast print speed of 20ppm, and with a super fast time to first page of just 5 seconds, there is no waiting around for printed work, helping to maintain business efficiency.

**LED technology for better printing.**  
The B2200 mono printer benefits from award-winning LED technology. This unique technology from OKI Printing Solutions takes up very little room and yet provides superior print quality and a smooth paper path maintaining speed, workflow and accessing in the media handling capabilities.
