B430
Professional desktop mono printing for the small office or workgroup

The B430 is equipped with all the tools required to support the varied and more demanding needs of both corporate customers and small to medium enterprises. Superior print quality and PCL/PostScript emulations allow the B430 to fulfill the requirements of a greater range of applications while a high capacity toner option keeps running costs low for the more demanding users. What's more, the B430 comes with automatic two-sided printing, saving paper and reducing costs.

Combining high performance printing, ultra-reliable digital LED technology and low running costs the B430 delivers outstanding value. AA monochrome printing for business.

Business credentials: As you would expect from OKI, the B430 gives you everything you need for the most demanding workloads. High quality documents with crisp, sharp images are produced by true 1200 x 1200dpi digital LED Technology. The first printed page appears in just 5.5 seconds with the rest following at an impressive

28 pages per minute (ppm). A high capacity toner option delivers reduced running costs and with a network ready version available the B430 makes the perfect small workgroup printer.

Easy to install and use
Every B430 model has that famous OKI ease of use. A front facing LCD display gives clear at-a-glance status information, the toner cartridge can be replaced in moments (it's the same with the paper). Powerful productivity software enables users to quickly get the most from their printer making life in the office easier than ever. Reliable, high quality printers that everyone in the office can depend upon and that's OKI.

Meeting the days demands with ease
A high 78,000 page per month duty cycle, powerful processor and generous 64MB memory allow the B430 to make light work of multi-page documents and busy workloads. The standard 200 sheet input capacity of the B430 can be expanded to over 800 sheets and a 2,000 page toner cartridge keeps user intervention and running costs low.

Flexible and highly productive
A 50 sheet multi-purpose tray (MPT) makes feeding of unusual paper sizes or media types easy and straightforward. Letter-headed paper, business cards and CD/DVD labels can be produced and printed on demand. Tasks effortlessly completed with the help of Template Manager, OKI's powerful software program providing ready-made templates for many different kinds of office document.

For the B430n network version additional management and control is available with the help of powerful easy to use software tools:

- Print Control - for tracking usage and controlling access for tighter cost control.
- PrintSuperVision - browser-based monitoring and management of all your network printers, regardless of make or model.
