Manual abstract:

The B840 provides the convenience of fast desktop A4 printing speeds of up to 40ppm with the capability to print your documents at a size that gives them and you a new perspective. The B840 is competitively priced and brings affordable, A4 and A3 mono printing, to every business, large or small. The B840 is designed to offer low running costs with a low total cost of ownership that puts A3 printing in the reach of businesses and workgroups in every sector. What's more the B840 comes with a three-year warranty at no extra cost, so you can absolutely rely on it. Fast, superior mono printing on your desktop Combining the speed of an A4 printer with the flexibility of A3 output, the B840 delivers superior mono print quality in a compact machine that will sit on any desktop, bringing versatile printing right to the heart of a workgroup. The B840 comes network ready with PCL/PostScript built-in for maximum platform flexibility and application support. · A4 print speeds of up to 40ppm (A3 up to 22ppm) and time to first print of only 5 seconds · 128MB standard RAM (upgradeable to 640MB) and 533MHz processor mean large print jobs are processed efficiently and easily · Up to 1200 x 1200dpi print resolution for crisp, clear and consistent text and graphics · 10/100 Ethernet built-in for integration with your existing network Flexible media output and duplex printing Able to handle a wide range of media and paper weights of up to 200gsm, the B840 is ideal for reducing costs through printing items such as business cards, labels and other business documents in-house. In addition, the B840dn and B840dtn models offer duplex printing as standard for reduced running costs and to save paper. · Print on 60 to 200gsm paper in a variety of sizes from A6 to A3, including business cards for added printing versatility · Standard paper capacity of up to 630 sheets (1,160 sheets for B840dtn), expandable up to 1,690 sheets for larger print volumes · Duplex printing available to reduce paper costs and environmental concerns (standard on B840dn and B840dtn) Reduced running costs and lower cost of total ownership The B840 has been designed to provide a cost effective printing resource that can sit on the desktop, closer to the workgroup. It compares favourably in price and size with A4 mono laser printers whilst delivering the added value of A3 output.

@@@@@@@This why we offer a three-year warranty. @@@@@@@@@@They use less energy to perform regular tasks.
