4. Multi purpose tray Used for feeding heavier paper stocks, envelopes and other special media. Also for manual feeding of single sheets when required.
5. Multi-purpose tray release recess 6. Top cover release button *The display language can be changed to show English, French, Spanish or Portuguese. 8
Introduction Multi-Purpose Tray (MPT) View 1. 1.

1. 1. 1. MPT paper level indicator Paper support Paper platform Paper Guides Tray Latch Button 9 Introduction Interior View 1. LED heads 2.
Fuser release levers 3. Toner Cartridges (4. Black Toner Cartridge 5. Drum Unit) 10 Introduction Rear View 1. ON/OFF switch 2. AC power socket 3.
Rear, face up stacker 4. USB interface 5. SD card slot 6. Network interface* * The Network Interface may have a protective "plug" which must be removed
before connection can be made.

When the rear paper stacker is open, paper exits the printer through the rear and is stacked face up. This is mainly used for 11 Introduction heavy print
media. When used in conjunction with the multi-purpose feed tray, the paper path through the printer is essentially straight. This avoids bending the paper
around curves in the paper path and enables feeding of media up to 67 lb. US Bond (250 g/m²). Changing the Display Language ____ The default language
used by your printer for display messages and for report printing is English. If required, this can be changed using the Panel Downloader Utility on the CD
supplied with your printer to: · French · Spanish · Portuguese Getting Started _____ Power Save Mode If you do not use the machine for a
while, it will enter the power saving mode to control the power consumption of the device. To cancel or initiate power saving mode, press the Power Save
button on the control panel. Note: If your machine is connected locally (via USB), when it transitions to Sleep mode its status is viewed as off-line. To use the
printer in this state, you must press the Power Save to exit sleep mode.

12 Introduction Switching off CAUTION! Model C530 only: If you have an SD card fitted, always follow the correct shutdown procedure to ensure that no
data is lost. 1. 2. 3. 4.

5. 6. Press the OK button on the control panel to enter the menu. Press the Menu down button and scroll to the Shutdown menu. Press the OK button.
Press the OK button to continue. Press the OK button to execute. At the prompt, turn the power switch OFF. ____ Automatic two-sided printing on the same
range of paper sizes as tray 2 (i.e. all cassette sizes except A6), using paper stocks from 17-47 lb. US Bond (64-176 g/m²). 16 C330/C530 Paper
Recommendations Loading Paper Tray 1 and Optional Tray 2 _____ 1. Remove the paper tray from the printer. 2.

Fan the paper to be loaded at the edges (1) and in the middle (2) to ensure that all sheets are properly separated, then tap the edges of the stack on a flat
surface to make it flush again (3). 1 2 3 17 C330/C530 Loading Paper 3. Adjust the rear stopper (1) and pap top to bottom. · Switches between ONLINE and
OFFLINE. · Exits the menu and goes ONLINE when pressed in the Menu mode. · Scrolls the HELP screen. · Forces printing on the paper currently loaded
when pressed with "WRONG PAPER" or "WRONG PAPER SIZE" displayed. Returns to the previous higher level menu item. In the ONLINE or OFFLINE
mode: enters the Menu mode. In the Menu mode: determines the setting selected.

5. On Line Button 6. Back Button 7. OK Button 29 C330/C530 Menu Functions Panel Item 8. Cancel Button Function · In Print mode, deletes the data being
printed or received when pressed for two seconds or longer.

· If any of the following error messages appears on the display WRONG PAPER SIZE RUN OUT OF PAPER TRAY 1 IS OPEN TRAY 1 IS NOT FOUND,
press Cancel for two or more seconds to clear the print job. · In the Menu mode, press to exit the menu and goes ONLINE. 9. Power Save Button Model C530
only. Pressing this button switches the machine into sleep or wake-up mode.

Refer to "Power Save Mode" on page 12. 30 C330/C530 Menu Functions How to Print the Menu Map _____ The Menu Map provides a listing of the
current printer menu settings. To print one out: 1. 2. 3. 4. Press the OK button. Press the down arrow key to go to the Information Menu. Press OK. Press OK
to select Print Menu Map.

The Menu Map prints and the printer goes back on line. 31 C330/C530 Menu Functions How to Change the Settings: Users ____ It should be noted that
many of these settings can be, and often are, overridden by settings in the Windows printer drivers. However, several of the driver settings can be left at
"Printer Setting", which will then default to the settings entered in these printer menus. Where applicable, factory default settings are shown in bold type in
the following tables. In the normal operating condition, known as "standby," the printer's LCD window will show "Ready to Print". In this condition, to enter
the menu system, press the up and down Menu buttons on the operator panel to move up and down through the list of menus until the menu you wish to view is
displayed. Then proceed as follows: 1. 2. Press OK to enter the menu. Use the up and down MENU buttons on the control panel to scroll through the menus.

When the item you want to change is displayed, press OK to view the sub-menus for that item. Use the up and down MENU buttons to move up and down
through the sub-menu items. When the item you want to change is displayed press OK to display the setting. Use the up and down MENU buttons to move up
and down through the available settings for the sub-menu item. When the item you want to change is displayed press OK to display the setting.

An asterisk (*) will appear next to the setting, indicating that this setting is currently in effect. Do one of the following: · Press Back again to move up to the
list of menus; or... · Press On Line or Cancel to exit from the menu system and return to standby.

3. 4. 5. 32 C330/C530 Menu Functions How to Change the Settings: Administrator _____ The System Administrator can set whether to
ENABLE or DISABLE each category in the user menu. Disabled categories are not displayed in the User's menu. Only a system administrator can change
these settings. 1. 2. 3. 4.

Turn OFF the printer. Turn ON the printer while pressing the OK button. When Admin Menu appears, take your finger off the button. Press the OK button. At
the Enter Password prompt, enter the 4-9 digit Admin password: (a) Using the up and down MENU buttons, scroll to the required letter/digit. (b) Press the
OK button to input and move to the next letter/ digit. (c) Repeat steps (a) and (b) until all letters/digits are entered. Enter your 4 to 9 digit password. (The
default password is aaaaaa).

<http://yourpdfguides.com/dref/4289977>

5.

6. 7. 8. 9. Press the OK button.

Press the up or down MENU button until the "category" you want to change is displayed. Press the OK button. Press the up or down MENU button until the "item" you want to change is displayed. Press the OK button. 10.

Using the up or down MENU button, identify the parameter as required. 11. Press the Enter button to enter an asterisk (*) on the right side of the setting selected. 12. Press the On Line button to switch to online. The machine will automatically re-boot. 33 C330/C530 Menu Functions Menus

_____ Note This guide may reference menu items or features that your model does not have installed or does not support. Print Jobs Menu: Model C530 Only Note: This menu only displays if the optional SD card is installed. ITEM ACTION EXPLANATION ENCRYPTED NOT FOUND JOB PRINT DELETE No printable files were found on the SD card. Prints a list of all jobs stored on the SD card the selected job.

Prompts you to confirm the deletion of all print jobs from the SD card. 34 C330/C530 Menu Functions ITEM ACTION EXPLANATION STORED JOB NOT FOUND PRINT DELETE Used to print out a stored job in the SD card. Not Found will be displayed where a file, which could be printed is not available. The following message will appear if a printable file is available. Stored Job Print Delete When Print is selected, Set Collating Amount is displayed and the number of pages to print can be specified. Specify the number of pages to print and press the Enter button. The following message will appear if Delete is selected: Are You Sure? Yes / No If No is selected, the display will return to the previous menu. If Yes is selected, all jobs will be deleted. 35 C330/C530 Menu Functions Information Menu This menu provides a quick method of listing various items stored within the printer. ITEM ACTION EXPLANATION PRINT MENU MAP NETWORK PRINT FILE LIST (MODEL C530 ONLY) PRINT PCL FONT PRINT PSE FONT LIST PRINT PPR FONT EXECUTE EXECUTE EXECUTE Select execute to print out a listing of the current menu settings.

Prints Network information. Prints a list of overlays, macros, fonts and other files stored on the printer's SD card (if installed). Prints a list of all internal PCL fonts plus those stored in ROM (slot 0), flash memory and SD card (if installed). Prints a list of all internal PostScript emulation fonts. Prints a list of all internal IBM ProPrinter III XL emulation fonts, including any downloaded to flash memory or SD card (if installed).

Prints a list of all internal Epson FX emulation fonts, including any downloaded to flash memory or SD card (if installed). Prints demonstration page containing graphics and text in color and monochrome. Prints a list of all printer errors and warnings. Prints a list of color and mono pages printed. Prints a list of stored color profiles.

EXECUTE EXECUTE EXECUTE PRINT FX FONT EXECUTE DEMO1 PRINT ERROR LOG USAGE REPORT COLOR PROFILE LIST EXECUTE EXECUTE EXECUTE EXECUTE 36 C330/C530 Menu Functions Shutdown Menu This item should always be selected before switching the printer off, to ensure that no data is lost. ITEM SETTING EXPLANATION SHUTDOWN START EXECUTE Performs controlled shutdown of the printer. Only power the printer off when the display indicates that shutdown is complete. 37 C330/C530 Menu Functions Print Menu ITEM ACTION EXPLANATION COPIES 1- 999 Selects the number of copies. This setting is disabled for Local Print except for Demo Page. DUPLEX BINDING PAPER FEED ON/OFF Switches Duplex printing (two-sided printing) on and off. Long Edge Specifies Binding in duplex printing. SHORT EDGE Display Condition: duplex must be set to on. Tray 1 TRAY 2 MP TRAY Sets the default tray for paper feed. Tray 2 displays only if the optional second tray is installed.

If two trays contain identical paper, the printer can switch to an alternative source when the current tray runs out in the middle of a print job. Determines tray sequence order when automatically switching. AUTO TRAY On SWITCH OFF TRAY SEQUENCE DOWN UP PAPER FEED TRAY Do not use WHEN MISMATCH MP TRAY USAGE If a document to be printed demands a paper size not installed in the selected tray, the printer can automatically feed from the multi purpose tray instead. If this function is not enabled, the printer will stop and request the correct size of paper to be loaded. Sets whether the printer checks the matching of printed data size and that of the tray. Only standard sizes are checked. MEDIA CHECK Enable DISABLE 38 C330/C530 Menu Functions ITEM ACTION EXPLANATION OVERRIDE A4/LT Yes NO If enabled, when the paper size of a job is set to A4 but there is no A4 paper loaded in the printer, if there is Letter paper in the printer, the job will print on Letter paper without requesting the user to fill the paper tray with A4 paper. Similarly, when the paper size of a job is set to Letter but there is no Letter set in the printer, if there is A4 paper in the printer, the job will be printed on A4 paper without requesting the user to fill the paper tray with Letter paper. RESOLUTIO 600DPI Sets default resolution. N 600x1200D PI 600DPI MULTILEVEL. TONER ON SAVE MODE OFF This function works effectively only if the data input is color RGB data. This setting is valid in PS and PCL, but does not take effect in the following cases. (1) PS: If Color Matching is set OFF. (2) PS: If any setting other than ASIC Color Matching is set. (3) PS: CMYK data when Ink Simulation Mode is used (valid in any other cases except Case (1) and Case (2) above as long as data is RGB).

(4) PCL binary data (Color/Monochrome). MONOPRINT SPEED Auto COLOR SPEED NORMAL SPEED · Sets the monochrome print speed. Prints at the most appropriate speed for page process if Auto is set. · Prints always at the color print speed if Color is set. · Prints always at the monochrome print speed if Normal is set.

39 C330/C530 Menu Functions ITEM ACTION EXPLANATION ORIENTATI ON LINES PER PAGE PORTRAIT LANDSCAPE 5 - 128 LINES DEFAULT IS 64 LINES Specifies print orientation. Not valid for PS (valid only for PCL/ IBMPPR/ EPSONFX/ HP-GL2). Sets the number of lines that can be printed on a page Not valid for PS (valid only for PCL/HP-GL2). Default values listed to the left are for Letter/ A4. In practice, however, they change according to the size of paper loaded in the tray. Sets the size of an area to draw when the host PC does not specify the size via the paper edit size designating command (Not valid for PS -- only for PCL). Non Oki Original products may adversely affect your printer's performance. Item Toner, black Standard Capacity High Capacity Toner, cyan Standard Capacity High Capacity Toner, magenta Standard Capacity High Capacity Toner, yellow Standard Capacity High Capacity Image drum 44469701 -- 44494201 44469701 44469719 44494201 44469702 -- 44469702 44469720 44469703 -- 44469703 44469721 44469801 -- 44469801 44469802 C330 Order No. C530 Order No. 77 C330/C530 Replacing Consumables and Maintenance Toner Cartridge Replacement Note: ____ When the LCD display indicates TONER LOW, or if print appears faded, first open the top cover and try tapping the cartridge a few times to evenly distribute the toner powder. This will enable you to obtain the best "yield" from your toner cartridge.

CAUTION! To avoid toner wastage and possible toner sensor errors, do not change the toner cartridge(s) until "TONER EMPTY" is displayed. Have a sheet of paper handy so that you have somewhere to place the used cartridge while you install the new one. Dispose of the old cartridge responsibly, inside the pack that the new one came in. Follow any regulations, recommendations, etc., which may be in force concerning waste recycling.

If you do spill any toner powder, lightly brush it off. If this is not enough, use a cool, damp cloth to remove any residue. Do not use hot water, and never use solvents of any kind. They will make stains permanent. **WARNING!** If you inhale any toner or get it in your eyes, drink a little water or bathe your eyes liberally in cold water.

Seek medical attention immediately. 78 C330/C530 Replacing Consumables and Maintenance 1. Press the cover release and open the printer's top cover fully. **WARNING!** If the printer has been powered on, the fuser may be hot. This area is clearly labelled. Do not touch. 2. Note the positions of the four cartridges. It is essential that they go back in the same order. 1 2 3 4 1.

2. 3. 4. Yellow Magenta Cyan Black 79 C330/C530 Replacing Consumables and Maintenance (a) Slide the colored release collar (1) on the cartridge to be replaced fully towards the right hand side of the printer. (b) Lift the right-hand end of the cartridge and then draw the cartridge to the right to release the left-hand end as shown, and withdraw the toner cartridge out of the printer. 80 C330/C530 Replacing Consumables and Maintenance 3. 4. Put the cartridge down gently onto a piece of paper to prevent toner from marking your furniture Clean the top of the ID unit with a clean, lint free cloth. 5. 6.

Remove the new cartridge from its box but leave its wrapping material in place for the moment. Gently shake the new cartridge from end to end several times to loosen and distribute the toner evenly inside the cartridge. 7. Remove the wrapping material. 81 C330/C530 Replacing Consumables and Maintenance 8. Holding the cartridge by its top center, lower it into the area of the image drum unit from which the old cartridge was removed. Pressing gently down on the cartridge to ensure that it is firmly seated, slide the colored collar (1) fully towards the left hand side of the printer. This will lock the cartridge into place and release toner into the image drum unit. 9. 82 C330/C530 Replacing Consumables and Maintenance 10.

Gently wipe the LED head surface with a clean, lint free cloth. 11. Finally, close the top cover and press down firmly so that the cover latches closed. 83 C330/C530 Replacing Consumables and Maintenance Image Drum Replacement. _____ **CAUTION!** Static sensitive devices, handle with care. 1. Press the cover release and open the printer's top cover fully. **WARNING!** If the printer has been powered on, the fuser will be hot. This area is clearly labelled. Do not touch.

84 C330/C530 Replacing Consumables and Maintenance 2. Holding it by its handles, lift the image drum assembly, complete with toner cartridges, up and out of the printer. 3. Put the assembly down gently on a piece of paper to prevent toner from marking your furniture and to avoid damaging the green drum surface. **CAUTION!** The green image drum surface at the base of the ID unit is very delicate and light sensitive. Do not touch it and do not expose it to normal room light for more than 5 minutes. If the drum unit needs to be out of the printer for longer than this, please wrap the cartridge inside a black plastic bag to keep it away from light. Never expose the drum to direct sunlight or very bright room lighting. 85 C330/C530 Replacing Consumables and Maintenance 4. Note the positions of the toner cartridges in the drum (1 = Yellow, 2 = Magenta, 3 = cyan, 4 = black).

It is essential that you replace them in the same order. 1 2 3 4 5. Remove the four toner cartridges from the drum: 86 C330/C530 Replacing Consumables and Maintenance (a) Slide the colored release collars (1) on the cartridges fully to the right. This will release the bond between the toner cartridge and the image drum unit. 87 C330/C530 Replacing Consumables and Maintenance 6.

Lift the right-hand end of each toner cartridge and draw the cartridge to the right to release the left-hand end. Then lift each toner cartridge out of the image drum and place them on a piece of paper to avoid marking your furniture. Note: See the instructions that come with the new image drum for additional information such as the removal of packaging material etc. 88 C330/C530 Replacing Consumables and Maintenance 7. Take the new image drum cartridge out of its packaging and place it on the piece of paper where the old cartridge was placed.

Keep it the same way round as the old unit. Pack the old cartridge inside the packaging material for disposal. 8. Place each of the toner cartridges in the new image drum reversing the process used to remove them. Be sure to put them in in the proper sequence. Slide the collars back to the left to secured the cartridges in place. (It is not necessary to fit a new toner cartridge at this time unless the remaining toner level is very low.) 89 C330/C530 Replacing Consumables and Maintenance 9. Holding the complete assembly by its handles, lower it into place in the printer, locating the pegs at each end into their slots in the sides of the printer cavity. 90 C330/C530 Replacing Consumables and Maintenance 10.

Finally, close the top cover and press down firmly so that the cover latches closed. Important! If you need to return or transport your printer for any reason, please make sure you remove the image drum unit beforehand and place it in the bag provided. This is to avoid toner spillage. 91 C330/C530 Replacing Consumables and Maintenance Replacing the Transfer Belt Unit ____ The belt unit is located under the image drum assembly. Switch off the printer and allow the fuser to cool for about 10 minutes before opening the cover.

[You're reading an excerpt. Click here to read official OKI C330DN user guide](http://yourpdfguides.com/dref/4289977)

<http://yourpdfguides.com/dref/4289977>

1. Press the cover release and open the printer's top cover fully. **WARNING!** If the printer has been powered on, the fuser will be hot. This area is clearly labelled. Do not touch.

92 C330/C530 Replacing Consumables and Maintenance 2. Holding it by its handles, lift the image drum assembly, complete with toner cartridges, up and out of the printer Place the assembly in a safe place away from direct sources of heat, and cover it to protect it from exposure to light. **CAUTION!** The green image drum surface at the base of each cartridge is very delicate and light sensitive. Do not touch it and do not expose it to normal room light for more than 5 minutes. If the drum unit needs to be out of the printer for longer than this, please wrap the cartridge inside a black plastic bag to keep it away from light. Never expose the drum to direct sunlight or very bright room lighting. 93 C330/C530 Replacing Consumables and Maintenance 3. Pull the locking levers at each side of the transfer belt up and towards the front of the machine. 94 C330/C530 Replacing Consumables and Maintenance 4. Using the locking levers, lift the belt upwards and withdraw it from the printer.

95 C330/C530 Replacing Consumables and Maintenance 5. Unpack the new transfer belt. Position the transfer belt drive gear (1) toward the left rear of the printer and lower the belt into the printer. 96 C330/C530 Replacing Consumables and Maintenance 6. Push the lock levers toward the back of the printer. 97 C330/C530 Replacing Consumables and Maintenance 7. Align the pegs on the sides of the image drum with the slots in the sides of the printer and place the image drum and toner cartridges back into the printer. 8. Close the top cover and press down firmly so that the cover latches closed. 98 C330/C530 Replacing Consumables and Maintenance Fuser Replacement _____ The fuser is located inside the printer just behind the toner cartridges.

WARNING If the printer has recently been powered on, some fuser components will be very hot. Handle the fuser with extreme care, holding it only by its handle, which will only be mildly warm to the touch. A warning label clearly indicates the area. If in doubt, switch the printer off and wait at least 10 minutes for the fuser to cool before opening the printer cover. 1. Press the cover release and open the printer's top cover fully. 99 C330/C530 Replacing Consumables and Maintenance 2. Pull the two fuser retaining levers (1) towards the front of the printer so that they are fully upright. Holding the fuser by its handle (2), lift the fuser straight up and out of the printer. If the fuser is still warm, place it on a flat surface which will not be damaged by heat.

3. Unpack the new fuser. 100 C330/C530 Replacing Consumables and Maintenance 4. Holding the new fuser by its handle (1), make sure that it is the correct way round. The retaining levers (2) should be fully upright, and the two locating lugs (3) should be towards you.

101 C330/C530 Replacing Consumables and Maintenance 5. Lower the fuser into the printer, locating the two lugs into their slots in the sides of the printer cavity. Then push the two retaining levers towards the rear of the printer to lock the fuser in place. 6. Close the top cover and press down firmly so that the cover latches closed.

102 C330/C530 Replacing Consumables and Maintenance Cleaning the LED Head _____ Clean the LED heads when printing does not come out clearly, has white lines or when text is blurred. There is no need to switch off the printer to clean the LED heads. **CAUTION!** Do not use methyl alcohol or other solvents on the LED head as damage to the lens surface will occur. 1. Press the cover release and open the printer's top cover fully. 103 C330/C530 Replacing Consumables and Maintenance 2. Gently wipe the LED head surfaces with a clean, lint free cloth. 3. Close the top cover and press down firmly so that the cover latches closed. 104 C330/C530 Replacing Consumables and Maintenance Cleaning the Housing _____ **CAUTION** Do not use solvents such as benzene, thinner or alcohol as a cleaning agent.

1. Turn off the printer. 2. Wipe the housing with a soft cloth moistened sparingly with water or neutral detergent. 3. Use a soft, dry cloth to dry the housing.

105 C330/C530 Replacing Consumables and Maintenance 4. Switch the power back on. 106 C330/C530 Replacing Consumables and Maintenance Available Options See the installation instructions supplied with the options. Additional Memory _____ Oki P/N 70061801 (256 MB), 70061901 (512 MB) The basic printer comes equipped with the following main memory: · Model C330: 128 MB · Model C530: 256 MB.

This can be upgraded with an additional memory board of 256 MB or 512 MB, giving a maximum total memory capacity of: · Model C330: 640 MB. · Model C530: 768 MB Installation takes a few minutes, and requires no tools. SD Card _____ Oki P/N 70061701 The optional SD card enables collating of printed pages and can be used to store overlays and macros, fonts, and secure or proof documents waiting to be printed. Installation takes a few minutes, and requires no tools. 107 C330/C530 Available Options Additional Paper Tray _____ Oki P/N 44274501 The paper tray holds 530 sheets of 20-lb.

US Bond (75 g/m²) paper and require no tools to install. 108 C330/C530 Available Options Troubleshooting Provided that you follow the recommendations in this guide on the use of print media, and you keep the media in good condition prior to use, your printer should give years of reliable service. However, paper jams occasionally do occur, and this section explains how to clear them quickly and simply. When a jam occurs, the printer immediately stops, and the Attention LED on the control panel blinks. If printing multiple pages (or copies), do not assume that, having cleared an obvious sheet, others will not also be stopped somewhere along the path.

These must also be removed in order to restore normal operation. 109 C330/C530 Troubleshooting Paper Sensor Error Codes _____ Code # 371 372 380 381 382 Location Duplex Unit Duplex Unit Paper Feed Paper Path Paper Exit * If fitted. Code # 383 390 391 392 400 Location Duplex Unit MP Tray Paper Tray 1 2nd Paper Tray * Paper Size Not shown above: Code 409, jam at face up stacker (rear exit). 110 C330/C530 Troubleshooting Clearing Paper Jams 1. If a sheet is well advanced out of the top of the printer, simply grip it and pull gently to draw it fully out. If it does not remove easily, do not use excessive force. It can be removed from the rear later. Press the cover release and open the printer's top cover fully. 2. **WARNING!** If the printer has been powered on, the fuser will be hot.
