**C3450**

**Bringing full colour performance to the desktop**

The C3450 sets the benchmark in desktop colour printing. Compact in size yet big in performance the network ready C3450 has class-leading print speed, superb paper handling and print quality to enhance the image of any business or individual. Clear a space on the desk for it.

Faster all round for extra productivity. The C3450 prints at 16 pages per minute colour and 20ppm mono with the first colour page delivered in just 12 seconds. This high performer is ideal for the individual yet powerful enough to meet the printing needs of small workgroups. So whether it's printing a single page or a long document, the C3450 is out in front, adding extra efficiency to the office.

Realistic colour for real impact. Sit back and enjoy stunning results with the superb print quality of the C3450. Thanks to the unique combination of Pro2400 Multi-level technology and microfine High Definition Toner highly detailed printouts are produced with excellent colour depth and a high gloss feel. Auto Colour Balance ensures consistent results and Photo Enhance provides stunning photo like quality on normal office paper.

Adds the creativity. Extends the possibilities. The C3450 is flexible enough to allow individuals to be creative but also powerful enough to fulfil the printing needs of small workgroups. A flat paper path offers unrivalled media flexibility in this class of product, easily handling media weights of 203gsm and lengths up to 1.2 meters long. Users can print business cards, CD labels and banners on demand, made easy with the assistance of free in-box utility software Template Manager.

Built to handle the day's demands. Designed for business the C3450 is built to a high quality and with OKI's award winning LED single pass print technology has fewer moving parts than laser devices. Inherently more reliable and boasting a high duty cycle of up to 35,000 pages per month the C3450 will provide reliable printing, all day, every day.

Keeping an eye on print use and costs. Available for the C3450 are two free software utilities devoted solely to printer management and control. One of these, PrintSuperVision, assists network administrators by verifying printer readiness and toner levels. The other, Print Control, can monitor and manage colour use and costs. This software can prevent unauthorised use of the printer and so avoid unnecessary costs.

**THE C3450 FEATURES AT A GLANCE**
