## C510dn Specifications

Professional in-house colour, delivered faster and more efficiently

Perfect for any business with busy workgroups that want the maximum return on their IT investment. The compact low profile C510dn has a host of essential features as standard that you'd normally expect to pay extra for, such as double-sided printing, built-in networking and a full three-year warranty, delivering much more than any office A4 colour printer.

This versatile, efficient and fast device (up to 26ppm for colour and 30ppm for mono) is built for endurance and allows you to print on a wide range of media so that you can do so much more in-house. The C510dn is ideal for everyday use in document-intensive environments.

### True versatility

High Definition toner produces vibrant, saturated colour with a stylish glossy finish, and an ability to print on a huge range of high quality single and double-sided documents, from everyday items through to business cards, banners. The C510dn fits seamlessly on any desk space for easy arms-reach access to all your printed documents.

- ProQ3400 multi-level output quality, 1200 x 600dpi print resolution

- A6 to A4 and up to 1.2 metre banners; card stock up to 220gsm

- Microfine High Definition toner for superb print quality

- Compact, low profile design lets you pick up your documents with absolute ease

### Effortless efficiency

High yield toner cartridges and a paper supply that can be expanded mean longer uninterrupted printing, and an easy-to-replace drum unit reduces the need for human intervention still further. Plus, automatic two-sided printing comes as standard and a convenient multi-purpose tray (MPT) lets you print longer runs on specialist media. Also the C510dn is fully networked as standard, allowing it to be shared across many users.

- 5k page consumables and separate drum unit for maximum uptime and lower running costs

- Standard paper supply of 350 sheets, including 100-sheet MPT (can expand to 880 sheets)

- Automatic two-sided printing reduces paper consumption and saves money

- 10/100 Ethernet built-in integration with your network, allowing sharing across many users, saving costs

### Enhanced productivity

With a fast 'first page out' time and class-leading print speeds, the most difficult deadlines become more manageable. The processor and on-board memory lets you take on large jobs with ease and there's an intelligent ECO mode that automatically supports faster throughput on small jobs.

- First page prints in just 8 seconds; continuous colour printing at up to 26ppm (up to 30ppm black and white)

### ■ 266MHz processor and 64MB memory

- ECO mode improves throughput performance and reduces energy consumption

- Supporting your environmental policies: Automatic double-sided printing reduces paper use, and an ECO mode helps conserve energy and resources, power consumption is less in Deep Sleep, and OKI's Colour Access Policy Manager (CAPM) tool, included as standard, lets you set and maintain user access rights to control usage and costs.

- ECO mode saves costs and conserves resources

- Deep Sleep mode saves you money by reducing energy consumption to less than 2.5W

- CAPM software for controlling and monitoring user access rights

- Automatic double-sided printing reduces unnecessary paper usage

- Robust and reliable

- Look beyond the thoughtful ergonomic design of the C510dn and you'll see it's tough enough for the most demanding workloads.

- Ultra-reliable digital LED print technology, pioneered by OKI and proven over 26 years

- Durable components and robust design

- Industry-leading three-year warranty as standard
