C5650

OKI  
PRINTING SOLUTIONS

High speed mono printing with full colour performance

The high performance C5650 is the perfect solution for businesses wanting to work more productively, print more professionally and keep a tight control over costs. The C5650 model is for workgroups who want high volume, low cost, mono printing with occasional use of colour. The C5650 offer a harmonious combination of hardware, consumables and in-box software, and promise the utmost efficiency and reliability, as expected from OKI Printing Solutions, the business printing specialists.

Superb workgroup mono printing without compromise on colour performance.

- High performance 23ppm colour and 32ppm mono print speeds.
- Fast time to first print at just 11 seconds for a colour page or 8 seconds for mono.
- OKI's single pass digital LED technology which features flat paper path and univolted media flexibility in this class of product. The printer easily handles paper weights of up to 207gsm and banners up to 1.2metres long.

- Easy to read front panel toner gauges allow walk up users to instantly see the status of the printer.
- Input capacity of up to 930 sheets, with the optional second paper tray, reduces user intervention.
- Automatic duplex for professional double-sided documents, enabling booklet printing, reduced paper use and space saving. Standard on the C5650s and an easy installed option on the C5650n.

- Outstanding quality print.
- Print2400 Multi-level technology and High Definition Toner have been developed in unison. Together they give a higher level of detail, greater colour depth, reduced grain and a high gloss feel.
- Auto Colour Balance ensures consistent results throughout the life of the printer.
- Photo Enhance provides stunning photo-like quality on ordinary office paper.
- High capacity mono toner cartridges reduce running costs and user intervention.
- Low cost colour toner cartridges.

- Unique In-box software lets you take control
- Print Control is a powerful network tool to manage colour usage and costs.
- PrintSuperVision allows network administrators to remotely monitor all printers on their network and verify toner status.
- Template Manager helps you professionally design and print on a range of non-standard media – and to do so with ease. It even manages the printer settings automatically. From business cards, to CD labels, address labels and banners.
- Web Print makes printing web-pages easier, it adjusts text and images to fit on the printed page without cutting off information, saving you paper and hassle.
- Ask OKI dedicated online support, accessed easily via the printer driver.
- Plus powerful, professional colour management tools that allow you to accurately adjust and match colours.
