MB280

OKI
PRINTING SOLUTIONS

All in one solution for your everyday business needs

The MB280 is a smart, compact, multifunctional device that brings printing, copying, faxing and scanning to the desktop. You can print high quality mono documents at an impressive 20 pages per minute. And with a 50 sheet automatic document feeder copying or faxing multi-page documents is quick and easy. Colour scanning provides an efficient document management solution enabling documents to be quickly scanned, stored and communicated electronically.

Add to this OKI Printing Solution's unique 3 year warranty and competitive running costs and the MB280 offers both peace of mind and real value for money.

A true 4 in 1 multifunction device the MB280 makes the perfect document communications solution for the small office.

Versatile and simple to use

- Provides mono printing, copying, faxing and colour scanning
- Its compact design makes best use of limited space
- A QWERTY style keyboard and instant access function keys make operation easy
- A 50 sheet automatic document feeder handles multi-page documents with ease
- Copying is fast and accurate with zoom and multi-copy features
- Supports a wide range of media including address labels, CD labels, letters and envelopes.

Work fast and efficiently

- A high quality 20ppm print engine prints and copies documents fast
- Fast Super G3 faxing keeps call costs low
- 250 Speed Dials including 26 One Touch keys print frequently called numbers at your fingertips
- A 250 sheet paper tray easily handles the print load of multiple users
- Changing the single piece print cartridge is quick, clean and easy
- Supports MS Windows (including Vista), MAC and Linux operating systems

Added value software makes life easy

- Quickly program fax numbers, allocate one touch keys and manage the MB280 from your desktop with Companion Suite Pro software (Windows only)
- PaperPort software makes cleaning, editing and saving scanned documents in different formats quick and easy
- A wireless interface option provides easy connection and sharing flexibility
