ML6300FB-SC

OKI
PRINTING SOLUTIONS

Easy Dot Matrix printing for everyone

A 24 pin dot matrix printer with essential credentials for front desk work, offering both reliability and assistance.

The ML6300FB-SC is built for task critical situations, such as at the front desk of banks, travel agents, stations or surgeries. For printing slips, tickets, receipts, forms, multi-part documents, both pre-cut and tractor fed, the ML6300FB-SC keeps transactions smooth and customers happy.

At OKI Printing Solutions we are committed to your business needs, and know that printer performance and long-term business value are important to you. The ML6300FB-SC places strong emphasis on providing efficient customer service. It benefits from easy-to-change ribbon, flexible media handling, and time saving skew correction. The small footprint also makes it ideal for businesses where space is at a premium.

Skew correction equals cost reduction

Skew correction reduces mistakes by human error, saving paper cost and operation time. As operation is so easy, virtually no training is required for the user.

Automatically corrects paper skew

Paper can be loaded from any position for the same printing result

Printer can sense paper width and reject it if incorrect

Compact, quick and highly capable

- Small footprint allows printer to be close to hand
- Print speeds of up to 450 characters per second allow for faster transactions and happier customers
- Flat bed design gives broad media handling capability, including heavier media weight and multi-part paper handling (1 original + 5 copies) for greater efficiency and convenience

Less downtime. Lower costs

- Original ribbons have a high ribbon life meaning fewer changes, less downtime and running costs
- 'Clean hands' ribbon changing ensures no delay, mess or hassle when fitting a new ribbon
