OKIFAX 170

OKI
PRINTING SOLUTIONS

High performance, easy to use business fax

The OKIFAX 170 is a professional fax device for the general office or small business. This reliable, high performance fax system boasts many time and money saving features as standard. Top of the list is an intuitive, easy to use operator panel guiding you through each task with dedicated function buttons giving instant access to frequently used operations. The OKIFAX 170 is fast, reliable, easy to operate and economical to run – making it perfect for your business.

Professional faxing

- Provides a fast, economical approach to faxing, thanks to the 33.6 Kbps Super G3 mode
- 30-sheet automatic document feeder simplifies the transmission of large, multi-page documents
- 200 page flash memory makes sure faxes are always received and not lost even if power fails
- Speed dials store up to 250 contacts for highly efficient working
- Delivers outstanding performance and exceptional reliability
- Zero standby noise and quiet operation, for seamless integration into any small office

Everything made simple for the user

- The single cartridge system combines toner and drum for easy consumable replacement
- Intuitive, easy to use operator panel with 2 x 16 character LCD display gives clear on-screen guidance
- Saves the last 10 numbers dialed to put commonly used numbers at your fingertips
- Alpha keyboard makes name searching speed dials quick and easy
- 250-page paper tray ensures less user intervention

Added value functionality for extra versatility

- Integrated telephone handset as standard
- Five pre-defined fax templates available for your convenience
- Secure fax reception protects confidential faxes

Fast and Efficient Working

- Quick scan means less time waiting at the machine
- High performance 20ppm print speed quickly delivers incoming faxes
- Two user configurable copy profiles are available for added convenience
- Provides total professional support for business fax needs
- Industry-leading three-year warranty as standard
