OKIOFFICE 2530

The OKIOFFICE 2530
The essential fax system and more

The OKIOFFICE 2530 answers the need for high quality faxing, proving fast, reliable, easy to use and economical to run. Additionally, it offers the convenience of copy capability, print and colour scanning.

- Professional fax performance.
 - Provides a fast, economical approach to faxing, thanks to the 33.6 Kbps Super G3 modem
 - 50-sheet automatic document feeder simplifies the transmission of large, multi-page documents
 - 2MB fax memory prevents the loss of important information in the event of a power failure
 - Compact, professional design for seamless integration into any small office environment

Built to handle the most demanding environment.

- Offers reliable performance, like all of our business systems
 - Provides total professional support for business fax needs
- Everything made simple for the user.
 - Everything is designed for simplicity. The single cartridge system combines toner and drum for easy consumables replenishment
 - Intuitive LCD operator panel gives clear on-screen instructions to guide users
 - 250-page paper tray – the extra capacity ensuring less user intervention and more system uptime

Added value functionality for extra versatility.

- 600dpi resolution for truly professional print, copy and colour scan results
 - Enhanced clarity of documents will assist accuracy and office performance
 - High performance 16ppm print speed
 - Full-colour and mono scanning supports business e-copy requirements
 - PaperPort® and OCR software turns hardcopy into intelligent, usable data
- Fits the needs of the small office.**
- Compact and sleek – professionally designed for the SOHO environment
 - Quiet in operation and 0dBa standby noise, so not a distraction for staff
