Manual abstract:

IF YOU DO NOT AGREE WITH ALL OF THESE TERMS, PLEASE RETURN THE PIONEER PRODUCTS (INCLUDING THE SOFTWARE, AND ANY WRITTEN MATERIALS) WITHIN FIVE (5) DAYS OF RECEIPT OF THE PRODUCTS, TO THE AUTHORISED PIONEER DEALER FROM WHICH YOU PURCHASED THEM. 3. LIMITATION OF LIABILITY 1. GRANT OF LICENCE Pioneer grants to you a non-transferable, non-exclusive licence to use the software installed on the Pioneer products (the "Software") and the related documentation solely for your own personal use or for internal use by your business, only on such Pioneer products. You shall not copy, reverse engineer, translate, port, modify or make derivative works of the Software.

@@@@@@@The Software is copyrighted and may not be copied, even if modified or merged with other products. You shall not alter or remove any copyright notice or proprietary legend contained in or on the Software. You may transfer all of your licence rights in the Software, the related documentation and a copy of this Licence Agreement to another party, provided that the party reads and agrees to accept the terms and conditions of this Licence Agreement.

IN NO EVENT SHALL PIONEER BE LIABLE FOR ANY DAMAGES, CLAIM OR LOSS INCURRED BY YOU (INCLUDING, WITHOUT LIMITATION, COMPENSATORY, INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES, LOST PROFITS, LOST SALES OR BUSINESS, EXPENDITURES, INVESTMENTS, OR COMMITMENTS IN CONNECTION WITH ANY BUSINESS, LOSS OF ANY GOODWILL, OR DAMAGES) RESULTING FROM THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF PIONEER HAS BEEN INFORMED OF, KNEW OF, OR SHOULD HAVE KNOWN OF THE LIKELIHOOD OF SUCH DAMAGES. THIS LIMITATION APPLIES TO ALL CAUSES OF ACTION IN THE AGGREGATE, INCLUDING WITHOUT LIMITATION BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY, MISREPRESENTATION, AND OTHER TORTS.

IF PIONEER'S WARRANTY DISCLAIMER OR LIMITATION OF LIABILITY SET FORTH IN THIS AGREEMENT SHALL OR FOR ANY REASON WHATSOEVER BE HELD UNENFORCEABLE OR INAPPLICABLE, YOU AGREE THAT PIONEER'S LIABILITY SHALL NOT EXCEED FIFTY PERCENT (50%) OF THE PRICE PAID BY YOU FOR THE ENCLOSED PIONEER PRODUCT. Some countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty disclaimer and limitation of liability shall not be applicable to the extent that any provision of this warranty is prohibited by any country or local law which cannot be preempted. 4. EXPORT LAW ASSURANCES You agree and certify that neither the Software nor any other technical data received from Pioneer, nor the direct product thereof, will be exported outside the country or district (the "Country") governed by the government having jurisdiction over you (the "Government") except as authorised and as permitted by the laws and regulations of the Government.

If the Software has been rightfully obtained by you outside of the Country, you agree that you will not re-export the Software nor any other technical data received from Pioneer, nor the direct product thereof, except as permitted by the laws and regulations of the Government and the laws and regulations of the jurisdiction in which you obtained the Software. 5. TERMINATION This Agreement is effective until terminated. You may terminate it at any time by destroying the Software. The Agreement also will terminate if you do not comply with any terms or conditions of this Agreement.

Upon such termination, you agree to destroy the Software. 2. DISCLAIMER OF WARRANTY 6. MISCELLANEOUS The Software and related documentation are provided to you "AS IS". PIONEER AND ITS LICENSOR(S) (for the purpose of provisions 2 and 3, Pioneer and its licensor(s) shall be collectively referred to as "Pioneer") MAKES AND YOU RECEIVE NO WARRANTY, WHETHER EXPRESS OR IMPLIED, AND ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED. SOME COUNTRIES DO NOT ALLOW EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU. The Software is complex and may contain some non-conformities, defects or errors. Pioneer does not warrant that the Software will meet your needs or expectations, that operation of the Software will be error free or uninterrupted, or that all non-conformities can or will be corrected. Furthermore, Pioneer does not make any representations or warranties regarding the use or results of the use of the Software in terms of its accuracy, reliability or otherwise. This is the entire Agreement between Pioneer and you regarding its subject matter.

No change in this Agreement shall be effective unless agreed to in writing by Pioneer. If any provision of this Agreement is declared invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect. 1 MAN-AVIC-D3-EN.book Page 2 Monday, January 15, 2007 8:51 AM Tele Atlas End User Licensing Terms THIS IS A LEGAL AGREEMENT (THE "AGREEMENT") BETWEEN YOU, THE END USER, AND PIONEER and its licensors of Data product (sometimes collectively "Licensors"). BY USING YOUR COPY OF THE LICENSED DATA, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT. 4. Limitation of Liability. 1. Grant of License. Licensors grant you a non-transferable, nonexclusive license to use the map data and business points of interest information (the "POIs"), (together, the "Data") contained on these discs, solely for personal, non-commercial use and not to operate a service bureau or for any other use involving the processing of data of other persons or entities.

Please note that when you have decided what you want to do, you can find the page you need from the "Table of Contents". If you want to check the meaning of each item displayed on the screen, you will find the necessary page from the "Display Information" section at the end of the manual. How to use this manual For safety reasons, it is particularly important that you fully understand your navigation system before using it. Be sure to read the Introduction, Chapter 1 in particular. 1 2 3 4 5 6 7 8 8 Basic Operation This chapter describes the names of each part of the navigation system and the basic operations of this navigation system. It also describes basic operations for playing a CD in the navigation system.

Navigation Menu and Map Display Describes how to display the navigation menu screen, and the method of changing map mode or map scale. Setting a Route to Your Destination This section describes various ways of searching the destination, editing the current route conditions, and the route operation during route guidance. Editing the Navigation Utilities Describes convenient functions for navigation, including how to organise information on places you have visited. Customising Your Navigation System The behaviour of your navigation system depends on a number of settings. If you need to change any of the initial settings (default settings), read the relevant section of this chapter.

Using the AV Source (Built-in DVD Drive and Radio) Describes how to use DVD-Video, CD, ROM, DivX and the radio. Using the AV Source (Pioneer AV Equipment) When Pioneer audio equipment is connected to the navigation system, that equipment can be operated from the navigation system. This chapter describes the operation of the audio source that can be used when Pioneer audio equipment is connected. Customising the Audio Source Setting Using the audio source, various settings are available to suit your audio-visual taste. This chapter describes how to change the settings.

Please see "Display Information" section at the end of this manual for checking the details of each item on the menu. Terminology Before moving on, take a few minutes to read the following information about the conventions used in this manual. Familiarity with these conventions will help you greatly as you learn how to use your new equipment. · Buttons on your navigation system are described in ALL CAPITAL, BOLD lettering: e.g.) MENU button, MAP button. · Items in the different menus or touch keys available on the screen are described in quotations (" ") and bold: e.g.

) "Destination", "Settings". · Extra information, alternative use and other notes are presented like this: e.g.) After removing the disc from the slot, keep it in the case. · The references are indicated like this: e.g.) Setting the Route Options Page 46 About the definition of terminology "Front Display" and "Rear Display" In this manual, the screen that is attached to the body of this navigation unit will be referred to as the "Front Display". Any additional optional screen that is purchased for use in conjunction with this navigation unit will be referred to as the "Rear Display". "Video image" "Video image" in this manual indicates the moving image from DVD-Video in the built-in DVD drive or from the equipment that is connected to this system with a RCA cable, such as a general-purpose AV equipment. 9 MAN-AVIC-D3-EN.

book Page 10 Monday, January 15, 2007 8:51 AM Important Safety Information Before using your navigation system, be sure to read and fully understand the following safety information: Read the entire manual before operating this navigation system. The navigation features of your navigation system (and rear view camera option if purchased) are intended solely as an aid to you in the operation of your vehicle. It is not a substitute for your attentiveness, judgement, and care when driving. Do not operate this navigation system (or the rear view camera option if purchased) if doing so will divert your attention in any way from the safe operation of your vehicle. Always observe safe driving rules and follow all existing traffic regulations.

If you experience difficulty in operating the system or reading the display, park your vehicle in a safe location and apply the handbrake before making the necessary adjustments. Never allow others to use the system unless they have read and understood the operating instructions. Never use this navigation system to route to hospitals, police stations, or similar facilities in an emergency. Please call the appropriate emergency number. Route and guidance information displayed by this equipment is for reference purposes only.

It may not accurately reflect the latest permissible routes, road conditions, one way streets, road closures, or traffic restrictions. Traffic restrictions and advisories currently in force should always take precedence over guidance given by the navigation system. Always obey current traffic restrictions, even if the navigation system provides contrary advice. Failure to input correct information about the local time may result in the navigation system providing improper routing and guidance instructions. Never set the volume of your navigation system so high that you cannot hear outside traffic and emergency vehicles. To promote safety, certain functions are disabled unless the vehicle is stopped and/or the handbrake is applied. The data encoded in the disc for the navigation system is the intellectual property of the provider, and the provider is responsible for such content. Keep this manual handy as a reference for operating procedures and safety information. Pay close attention to all warnings in this manual and follow the instructions carefully. Do not install the navigation unit where it may (i) obstruct the driver's vision, (ii) impair the performance of any of the vehicle's operating systems or safety features, including air bags, hazard lamp buttons or (iii) impair the driver's ability to safely operate the vehicle.

Please remember to wear your seat belt at all times while operating your vehicle. If you are ever in an accident, your injuries can be considerably more severe if your seat belt is not properly buckled. Using the most current map DVDs will allow for most accurate destination mapping. Upgrade DVDs are available for purchase through your local Pioneer dealer. Never use headphones while driving. Do not attempt to install or service your navigation system by yourself. Installation or servicing of the navigation system by persons without training and experience in electronic equipment and automotive accessories may be dangerous and could expose you to the risk of electric shock or other hazards. 10 MAN-AVIC-D3-EN.book Page 11 Monday, January 15, 2007 8:51 AM Notes Before Using the System and Additional Safety Information In case of trouble Should the navigation system fail to operate properly, contact your dealer or nearest authorised Pioneer Service Station. By doing so you will ensure that your disposed product undergoes the necessary treatment, recovery and recycling and thus prevent potential negative effects on the environment and human health.

[1] Visit Our Web site Visit us at the following site: · Register your product. We will keep the details of your purchase on file to help you refer to this information in the event of an insurance claim such as loss or theft. · Do not allow this product to come into contact with liquids. Electrical shock could result. Also, damage to the product, smoke, and overheating could result from contact with liquids.

· The Pioneer CarStereo-Pass is for use only in Germany. · Protect this product from moisture. · If the battery is disconnected or discharged, the memory will be erased and must be reprogrammed. Precaution · This navigation system does not work correctly in areas other than Europe. The RDS (Radio Data System) function operates only in areas with FM stations broadcasting RDS signals.

The RDS-TMC service can also be used in the area where there is a station that broadcasts the RDS-TMC signal. "CLASS 1 LASER PRODUCT" This product contains a laser diode of higher class than 1. To ensure continued safety, do not remove any covers or attempt to gain access to the inside of the product. Refer all servicing to qualified personnel. Handbrake interlock Certain functions (such as viewing of DVD-Video and certain touch key operations) offered by this navigation system could be dangerous and/or unlawful if used while driving. To prevent such functions from being used while the vehicle is in motion, there is an interlock system that senses when the handbrake is set and when the vehicle is moving. If you attempt to use the functions described above while driving, they will become disabled until you stop the vehicle in a safe place, and apply the handbrake.

Please keep the brake pedal pushed down before releasing the handbrake. If you want to dispose this product, do not mix it with general household waste. There is a separate collection system for used electronic products in accordance with legislation that requires proper treatment, recovery and recycling.

Private households in the 25 member states of the EU, in Switzerland and Norway may return their used electronic products free of charge to designated collection facilities or to a retailer (if you purchase a similar new one). For countries not mentioned above, please contact your local authorities for the correct method of disposal. · To avoid the risk of damage and injury and the potential violation of applicable laws, the navigation system is not for use with a "Video image" that is visible to the driver. · In some countries the viewing of "Video image" on a display inside a vehicle even by persons other than the driver may be illegal. Where such regulations apply, they must be obeyed. 11 MAN-AVIC-D3-EN.book Page 12 Monday, January 15, 2007 8:51 AM · When applying the handbrake in order to view "Video image" or to enable other functions offered by the navigation system, park your vehicle in a safe place, and keep the brake pedal pushed down before releasing the handbrake if the vehicle is parked on a hill or otherwise might move when releasing the handbrake. When using a display connected to REAR MONITOR OUT This product's REAR MONITOR OUT is for connection of a display to enable passengers in the rear seats to watch video images. · NEVER install the rear display in a location that enables the driver to watch video images while driving. · Accuracy/performance of interlock may be impacted by such factors as GPS signal detection, speed pulse wire connectivity, and driving habits or conditions of the place where the vehicle is parked.

· It is strongly suggested that the speed pulse wire be connected for accuracy of navigation and better performance of interlock. · If the speed pulse wire is unavailable for some reason, it is recommended that the pulse generator ND-PG1 (sold separately) be used. When you attempt to watch "Video image" while driving, the warning "VIDEO VIEWING IS NOT AVAILABLE WHILE DRIVING" will appear on the screen. To watch "Video image" on this display, stop the vehicle in a safe place and apply the handbrake. Please keep the brake pedal pushed down before releasing the handbrake.

To avoid battery exhaustion Be sure to run the vehicle engine while using this product. Using this product without running the engine can result in battery drainage. · Do not use with vehicles that do not feature an ACC position. Rear view camera With an optional rear view camera, you are able to use the navigation system as an aid to keep an eye on trailers, or backing into a tight parking spot. Colour difference of the map display between day and night · SCREEN IMAGE MAY APPEAR REVERSED · USE INPUT ONLY FOR REVERSE OR MIRROR IMAGE REAR VIEW CAMERA.

OTHER USE MAY RESULT IN INJURY OR DAMAGE. Night display · The rear view mode is to use the navigation system as an aid to keep an eye on the trailers, or while backing up. Do not use this function for entertainment purposes. The examples in this manual are illustrated using the daytime display. When driving at night, the colours you see may differ from those shown. Mark Meaning Indicates the number of audio systems. Indicates the number of subtitle languages. Indicates the number of viewing angles. Indicates the picture size (aspect ratio: screen width-to-height ratio) type. Indicates the number of the region where playback is possible.

To Protect the LCD Screen Do not allow direct sunlight to fall on the display when this product is not being used. Extended exposure to direct sunlight can result in LCD screen malfunction due to the resulting high temperatures. When using a mobile phone, keep the aerial of the mobile phone away from the display to prevent disruption of the video with disturbances such as spots or coloured stripes. To protect the LCD screen from damage, be sure to touch the touch keys with a finger. (The stylus is supplied for special calibrations.

Do not use the stylus for normal operations.) If marks other than those listed are found on DVD disc labels and packages, please ask the DVD disc supplier for their meaning. When an operation is prohibited When you are watching a DVD and attempt to perform an operation, sometimes it may not be performed because of the programming on the disc. When this happens, this product shows the icon on the screen. The icon may not appear in certain discs.

Resetting the Microprocessor For Viewing LCD Comfortably Due to its construction, the viewing angle of the LCD screen is limited. The viewing angle (vertical and horizontal) can be increased, however, by using Brightness to adjust the black density of the video.

Basic Operation Memory navi mode While the DVD Map Disc is inserted, you can store the map data into the internal memory of the navigation system. If the DVD Map Disc is removed from the navigation system after storing is completed, navigation is performed using the data in the memory (memory navi mode). When disappears, memory navi mode is ready. You can now remove the DVD Map Disc. In the memory navi mode, you can play a music CD or DVDVideo on the navigation system while navigation is taking place.

The operation automatically switches to the memory navi mode when the DVD Map Disc is removed from the navigation system. Some functions are restricted and different from the navigation using the DVD Map Disc (DVD navi mode). If you want to use these functions, please insert the DVD Map Disc again.

During the memory navi mode, navigation is performed only using the data read into the memory. You may need to insert the DVD Map Disc and store new data in the memory during navigation operation, such as when the destination is far away. The memory navi mode uses the following map data to perform navigation. Refer to page 118 for more detail information.
