Manual abstract:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTICE This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. This equipment complies with the FCC/IC radiation exposure limits set forth for uncontrolled equipment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET62 and RSS-102 for the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that is deemed to comply without maximum permissive exposure evaluation (MPE). It is desirable that it be installed and operated with at least 20 cm or more between the radiator and person's body (excluding extremities: hands, wrists, feet, and ankles). This device complies with Part 15 of the FCC Rules and the RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of this device. Use only the provided charger with this product. Only charge the battery as recommended by the instructions.

The battery provided with this product is intended for this product only. Prolonged use of the printer will result in the battery becoming warm. Adult supervision is recommended when product is used by young children. Avoid areas of excessive heat or moisture. Do not disassemble the battery. This product contains electrical or electronic materials. The presence of these materials may, if not disposed of properly, have potential adverse effects on the environment and human health. Presence of this label on the product means it should not be disposed of as unsorted waste and must be collected separately. As a consumer, you are responsible for ensuring that this product is disposed of properly. To find out how to properly dispose of this product, please go to

www.

polaroid.com and click on the Company or call the customer service number for your country listed in the instruction manual. 1. Install the battery (see above steps). 2. Connect the AC adapter to the printer and the power source. 3. Turn on the printer. 4. 5 hours. You can print photos while plugged into the power source. 5. 2 Unwrap the 10-pack of ZINK Paper.

Slide the 10-pack of ZINK Paper into the printer. 6. 3 Close the ZINK Paper tray door. Press and hold the POWER button to turn on the printer.
