Run your business efficiently, today and tomorrow

To meet both your current and future demands, upgradeable office equipment is essential. The Aficio™MP 4000MP 4000B and Aficio™MP 5000MP 5000B help you stay on top of the game. They are fully customizable and offer numerous benefits to increase your productivity.

- All-in-one: print, copy, scan and fax from one device.
- High productivity at 40/50 black-and-white pages per minute.
- Standard paper-saving duplex capability.

Exceptional productivity
Your meeting starts in 5 minutes and you still need to create a few copies of an extensive report. The Aficio™MP 4000MP 4000B and Aficio™MP 5000MP 5000B give your productivity a boost and set your mind at ease. They produce output at a rapid 40/50 pages per minute, with equal duplex speeds. Waiting time is further minimized with a fast 13-second warm-up and a first copy speed of 4.1/3.5 seconds.

Multifunctional wizards
Printing, copying, faxing or scanning, all can be done from one office device. Network connectivity is wide, so these office hubs can be smoothly integrated into your existing network. They come with all the tools for efficient document management and advanced device monitoring. The handy 'mail to print' feature, for instance, directly prints out e-mail attachments without requiring a printer driver.

Tailor-made efficiency
The Aficio™MP 4000MP 4000B and Aficio™MP 5000MP 5000B can be customised to your exact requirements. Choose from various printer/scanner upgrade options* and build the system that perfectly suits your needs.
