- Flexible distribution
- Embedded Security Features™

First-class multifunctional performance
The Aficio™ MP C4000MP C5000 efficiently combine printing, copying, scanning and faxing. Start work at times and in a location. Speeds make short work of any job. Simple, flexible and full-colour outputs are produced at a swift 40/50 gpm. The production-leading built-in system produces prints fast without compromising on quality. Even demanding jobs are completed in one smooth run with a 4,000-sheet paper capacity.

Distribution to fit your needs
In the digital information flow, transition between e-mail and hard-copy documents must be seamless. Scanned documents can easily be used for user retrieval. Deliver them to any location via fax, e-mail, shared network folders, e-mail or file with being PDF. To reduce network traffic, heavy files can be downloaded into high-compression PDFs. These workflows maximize excellent image quality while maintaining overheads.

Safeguard access & information
Protecting your business against security threats is vital. The Aficio™ MP C4000MP C5000 guarantee your peace of mind without ever interrupting your workflow. Equipped with the latest in security, they:

- Prevent unauthorized access using Windows® authentication and a PIN code to access print jobs.
- Overwrite temporary data on the system's hard disk. Drive using the Data Overwrite Security (DOS).
- Make unauthorized copying result in illegible output with the Copy Sense Security (CSS).
- Encrypt scanned PDF data for safe transmission.
