Manual abstract:

@@ Superior in many ways, these compact and user friendly document managers will fit right into your already existing network. They boast the necessary fast output speeds and versatile finishing options to swiftly produce professional looking output. In addition, these network communication hubs place a wealth of distribution and security possibilities at your fingertips. · All-in-one: print, copy, scan and fax from one device · Fast output speeds: 35/45 ppm in black and white, 35/40 ppm in colour · Outstanding usability & up-to-date security · Outstanding 600 dpi image quality thanks to PxPTM toner · Full colour scanning at 38 pages per minute · Astonishing productivity guaranteed by new Induction Heating Technology Raising the Bar for Document Management Optimise your entire document handling process to achieve a more efficient office workflow. The AficioTMMP C3500/MP C4500 bring you all the necessary tools to do just that. With the added value of colour, these multifunctional devices will lift your office to a higher standard! Experts in Finishing Why resort to expensive outsourcing when you can create professionally finished documents in house? The AficioTMMP C3500/MP C4500 offer an entire range of possibilities to meet your needs: staple, punch and collate with the 1,000-sheet or 3,000-sheet finisher. Or create attractive sales, training and presentation material with the 2,000-sheet booklet finisher. 2,000-sheet booklet finisher 1,000-sheet finisher 3,000-sheet finisher ... Impressive Colour Boost your business image with high impact colour documents. The AficioTMMP C3500/MP C4500 make sure you obtain astonishing results with impeccable details and sharp images. For special applications requiring thick paper such as menu cards and cover pages, paper of up to 256 g/m2 can be handled via the bypass tray.

@@@@@@@@@@@@@@@@@@@@ You can continue your work without interruptions. @@@@@@@@@@@@@@@@@@ In addition, the abundant paper capacity of 3,100 sheets makes sure even the most demanding jobs can be completed in one smooth run. Safeguard Access & Information Protecting your business against possible security threats is vital. Equipped with the latest in security, the AficioTMMP C3500/MP C4500 guarantee your peace of mind without ever interrupting your workflow. · unauthorised access is prevented: use of a PIN code to access print jobs, Windows® authentication and easy login/logout · temporary data left on the systems' Hard Disk Drive is overwritten using Data Overwrite Security Unit · unauthorised copying of printed documents results in illegible output thanks to the Copy Data Security Unit · scanned PDF data can be encrypted for safe transmission Distribution to Fit your Needs As the digital information flow is still expanding, the transition between electronic and hardcopy documents must be seamless at all times.

As easy as they are copied, scanned documents can be filed for later retrieval, or delivered to any location worldwide, via shared network folders, e-mail or the web (using FTP). To reduce network traffic, heavy files can first be downsized into high compression PDFs which maintain excellent image quality and keep overloads to a minimum. Customised Software Solutions Fully equipped to meet your current and future business requirements, the AficioTM MP C3500/MP C4500 feature Ricoh's Embedded Software ArchitectureTM. This innovative JavaTM (J2METM) compatible software development platform allows for the design of customised key applications for Ricoh multifunctional products and laser printers. Integrated solutions control the way in which the MP C3500/MP C4500 interact with and enhance your document workflow.
