Manual abstract:

@@@ Only use the supplied power adapter, connect it to the base socket according to the installation instructions provided in this booklet and the indications on the identification label affixed to it (voltage, current, electric network frequency). As a precaution, in case of danger, the mains adapters act as a disconnecting mechanism for the 230V power supply. They should be placed near the device and should be easily accessible. This telephone was designed for use on the public switched telephone network (PSTN). In case of a problem you must first contact your reseller. Only use the supplied telephone cord. For your personal safety, never place your handset on the base without the batteries, or without the battery cover, you could get an electric shock. To avoid damaging your handset, only use certified rechargeable AAA batteries NiMH 1. At the end of their useful life, batteries must be disposed of according to the recycling instructions presented in this booklet. Your DECT telephone has an inside radio range of about 50 metres and up to 300 metres in open space. The immediate presence of metal parts, (of a television for example), of any electric appliance may result in range reduction. In areas where storms are frequent, we recommend that you protect your telephone line using a surge protection device. This equipment does not function in the case of an electric network shutdown: for emergency calls, it is recommended to use another unit during power cuts. The CE marking certifies that the product meets the essential requirements of Directive 1999/5/CE of the European Parliament and of the Council pertaining to microwave radio equipment and telecommunication terminal equipment, for the safety and health of users, for electromagnetic interference. furthermore , it efficiently uses the frequency spectrum attributed to ground and spatial communication to prevent damaging interference.

The declaration of compliance may be looked up on the www.sagemcom.com site, or can be obtained from the following address: Make sure your package includes the items: 1. @@@@ @@@@ Insert batteries pack and connect the cord from left direction into the jack inside the handset. SAGEMCOM undertakes to remedy by repair or exchange at its own convenience, free of charge for labour and replacement parts, any defects in the equipment during the guarantee period of 12 (twelve) months or 3 (three) months for accessories, from the date of original invoice of the Equipment, where those defects are a result of faulty workmanship. Unless the customer has concluded with SAGEMCOM a maintenance contract in respect of the equipment which specifically provides for repairs to be carried out at the customer's premises, the repairs will not be carried out on the equipment at the customer premises. The customer must however return the defective equipment at his/her own expense, to the address supplied by the SAGEMCOM Helpdesk or by the retailer. In the case that a product needs to be sent in for a repair, it must always be accompanied by a proof of purchase (which is not altered, written on or in any way made illegible) showing that the product is still under guarantee.

In the case that no proof of purchase is enclosed, the SAGEMCOM repair centre will use the production date as its reference for establishing the guarantee status of the product. Apart from all legal obligatory rules, SAGEMCOM, do not give any Guarantee, either implicit or explicit which is not set force in the present section, and can not be held responsible for any direct or indirect, material or immaterial damage, either in or out of the frame of the present guarantee. @@This guarantee does not affect the Customer statutory rights. @@@@Servicing costs are in any event always borne by the customer. @@C)

Out of Guarantee Repairs In the cases set forth in B) as well as after expiry of the guarantee period, the customer must ask the Authorised SAGEMCOM Repair Centre for a cost estimation prior to work being carried out. in such cases , the repair and delivery costs will be invoiced to the customer. The foregoing shall apply unless otherwise agreed in writing with the customer and only for the United Kingdom and Ireland. If, despite our best efforts, your product presents any defects, you should refer to your retailer and present the proof of purchase that they gave you on the day of purchase. Should any malfunctioning arise, the retailer will advise you what to do. For the warranty to apply, you should ensure that the product was used in accordance with the instructions for use and the purpose for use, and that you have at your disposal the sales invoice or receipt stating the date of purchase, the name of the retailer, the reference and the serial number of the product.

No coverage shall be given under this warranty if the following conditions are applicable: The required documents have been modified or altered in order to take advantage of the warranty. @@@@The desire of SAGEMCOM is to operate systems observing the environment and consequently it has decided to integrate environmental performances in the life cycle of its products, from manufacturing to commissioning, use and elimination.

The presence of the logo (green dot) means that a contribution is paid to an approved national organisation to improve packaging recovery and recycling infrastructures. To facilitate recycling, please respect the sorting rules set up locally for this kind of waste. If your product contains batteries, they must be disposed of at appropriate collection points.

The crossed-out waste bin stuck on the product or its accessories means that the product belongs to the family of electrical and electronic equipments. In this respect, the European regulations ask you to dispose of it selectively: At sales points in the event of the purchase of similar equipment. At the collection points made available to you locally (drop-off centre, selective collection, etc.). In this way you can participate in the re-use and upgrading of Electrical and Electronic Equipment Waste, which can have an effect on the environment and human health.
