Manual abstract:

SAGEM F@stTM 1704 products adapt the ADSL function respectively on POTS (ITU G.992.1/3/5 Appendix A) and on ISDN (ITU G.992.1/3/5 - Appendix B).

SAGEM F@stTM 1704 equipment include four ethernet interfaces (LAN1 to LAN4). In addition, this router will provide you with access to all the services provided by your Internet Access Provider, as shown in the diagram below. CE marking: The CE marking certifies that the product complies with the essential requirements of the Directive 1999/5/EC concerning radio equipment and telecommunication equipment, and of Directives 2006/95/EC concerning safety and 2004/108/EC concerning electromagnetic compatibility, defined by the European Parliament and Council to reduce electromagnetic interferences and protect the health and safety of users. The product named SAGEM F@stTM 1704 can be operated in the European Union without restrictions indoor but cannot be operated in France in the whole of the band until further notice. The CE declaration of conformity can be viewed in the support section of the Sagem Communications site www.sagem-communications.com, or it can be obtained from the following address: Sagem Communications SAS - Customer relations department 250, Route de l'Empereur 92500 RUEIL MALMAISON - FRANCE Copyright © Sagem Communications SAS All rights reserved.
