Users Philips faxjet series offers small businesses with an efficient, smart communication centre, perfectly adapted for all needs. Efficiency Philips faxjet
products are multi-functional, and efficient ink-jet faxes using high quality ink-jet printing for plain paper. Paper management is convenient: Up to 20 pages
can be sent via the automatic document feeder, with an additional 100 sheet paper tray and an out of paper memory. Convenience Philips faxjet series offers
the end user unique and interesting telephone features. They provide the user with the possibility to store between 50 and 200 names and dial entries in the
phonebook. The broadcasting function allows the user to define and store groups of contacts in support of regular mailing activities to dedicated groups. SMS
& Answering Machine Philips faxjet 375 is the right tool for sending and receiving SMS over the landline*. @@@@ @@@@ @@@@ @@@@ © 2003 SAGEM
