**Manual abstract:**

*Breakthrough performance with unmatched versatility. Unleash the potential of Sharp's advanced technology with the new MX-6240N and MX-7040N High-Speed Color Document Systems. The MX-6240N and MX-7040N combine a flexible, modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Built for high-volume office environments, small CRDs and copy rooms, the MX-6240N and MX-7040N are a perfect fit where productivity and reliability are essential. A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency System helps ensure brilliant, high-quality color output page after page. A new paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities. Built on the latest Sharp OSA® development platform, the MX-6240N and MX-7040N make integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property.*

*And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data. Precision engineered for high productivity. Innovative features plus multi-function capability allow you to meet tomorrow's document needs today. Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and booklet making. Can preview feature offers on-the-fly page editing with easy finger-tip navigation. 150-sheet Duplex Single Pass Feeder (DSPF) scans documents at up to 150 images per minute. New triple air-feed paper handling option offers high reliability and is virtually maintenance free. Up to 8500-sheet paper capacity supports media up to 110 lb. cover stock (300 gsm). Powerful Multi-Function Multi-Tasking Intuitive Flexible. Sharp's Color Consistency System delivers high-quality color output and maintains optimum color balance and toner density page after page. Standard PCL® 6 and true Adobe® PostScript® 3™ with available Windows® XPS printing systems. Large 10.1" (diagonally measured) high-resolution color touch-screen display with tilt viewing. True 1200 x 1200 dpi printing with 8-bit processing provides beautiful images and enhanced clarity for fine details such as small text and graphics. Standard Job Management makes it easy to print on-demand with the ability to retain jobs, combine jobs, repaginate jobs, edit pages within jobs and more. Integrated web browser provides easy website navigation for quick access to information and convenient printing. Supports the latest Sharp OSA® development platform, enabling businesses to easily integrate with network applications and cloud services. Energy efficient belt fusing offers low power consumption, fast warm up time, enhanced print quality and greater media capabilities. Auto power management function can turn on and turn off the machine based on usage trends. Supports Sharp's award-winning security platform with standard 256-bit data encryption and up to 7 times data overwrite protection. Convenient End-of-Lease feature can erase all files on the hard disk drive, all user data, job status data and address book data at trade-in time. Intelligent features help streamline your workflow. Advanced technology that will exceed your expectations.*

*A Smart Touch-Screen Helps You Get Your Work Done Fast. The new MX-6240N/7040N High-Speed Color Document Systems feature a 10.1" (diagonally measured) high-resolution LCD that goes beyond basic touch-screen menu navigation. With advanced features that include flick, tap, and slide, you can quickly access powerful functions. With scan preview, you can easily view and edit your job. A tilting display panel provides enhanced accessibility. Sharp's next generation Micro-fine Toner Technology ensures optimum color balance and edge definition, while maximizing toner yield and minimizing waste. The Developer Auto-Refresh Process mixes a small amount of carrier with toner. As toner is replenished into the developing unit, so is some carrier, extending developer life between maintenance cycles, resulting in less downtime. Cover (300 gsm). A feature typically found on production devices and printing presses, the triple air-feed system directs air flow with precision accuracy to ensure proper paper handling. A standard 150-sheet dual head document feeder can scan up to 150 images per minute. Up to 8500-sheet paper capacity with options. Triple air-feed LCT paper trays maximize reliability and minimize downtime. Pneumatic sensors maintain consistent air flow. Outstanding output and flexible document distribution. Powerful multi-tasking controller delivers true 1200 x 1200 dpi with 8-bit processing.*

*Exceptional Print Quality with Professional Output. With the MX-6240N/7040N High-Speed Color Document Systems, your business can produce brilliant, high-quality color documents, as well B&W documents with crisp razor-sharp graphics. With true 1200 x 1200 dpi resolution, even documents with fine detail will look great! Standard true Adobe PostScript drivers deliver extensive color control options, so you can manage color output right from your desktop. With Sharp's advanced job retention features, jobs can be stored on the hard drive to be reprinted again and again by walk-up users right from the control panel. Integrated Network Scanning. With Sharp's powerful ImageSEND™ technology, you get one-touch distribution features that centralize document workflow, help reduce mail costs and help save time. Need robust booklet making? Choose the MX-FN22 4000-sheet saddle stitch finisher with 100-sheet stapling capacity, which can produce up to 80-page saddle-stitched booklets. MX-FN22 saddle stitch finisher. MX-CF11 Two-tray inserter can insert covers up to 110 lb. Bristol (220 gsm). The MX-CF11 two-tray inserter option enables you to insert covers and pre-printed documents into your job for producing professional booklets and other complex documents. With supported paper weights of up to 110 lb. Bristol (220 gsm), the inserter option can give your documents the finishing touch.*

*To give your booklets a professional finished edge, the MX-TM10 trimmer unit option can cut the folded open edge of your documents for a smooth, straight, finished look.*
