Gigaset

EN Dear Customer,
Gigaset Communications GmbH is the legal successor to Siemens Home and Office Communication Devices GmbH & Co. KG (SHC), which in turn continues the Gigaset business of Siemens AG. Any statements made by Siemens AG or SHC that are found in the user guides should therefore be understood as statements of Gigaset Communications GmbH.
We hope you enjoy your Gigaset.

DE Sehr geehrte Kunde, sehr geehrter Kunde,
die Gigaset Communications GmbH ist Rechtsnachfolgerin der Siemens Home and Office Communication Devices GmbH & Co. KG (SHC), die ihrerseits das Gigaset Geschäft der Siemens AG fortführt. Ewige Erklärungen der Siemens AG oder der SHC in den Bedienungsanleitungen sind daher als Erklärungen der Gigaset Communications GmbH zu verstehen.
Wir wünschen Ihnen viel Freude mit Ihrem Gigaset.

FR Chère Cliente, Cher Client,
la société Gigaset Communications GmbH succède en droit à Siemens Home and Office Communication Devices GmbH & Co. KG (SHC) qui poursuit elle-même les activités Gigaset de Siemens AG. Donc, les éventuelles explications de Siemens AG ou de SHC figurant dans les modes d'emploi doivent être comprises comme des explications de Gigaset Communications GmbH.
Nous vous souhaitons beaucoup d'agréments avec votre Gigaset.

IT Gentile cliente,
la Gigaset Communications GmbH è successore della Siemens Home and Office Communication Devices GmbH & Co. KG (SHC) che a sua volta ha proseguito l'attività della Siemens AG. Eventuali dichiarazioni della Siemens AG o della SHC nei manuali d'istruzione, vanno pertanto intese come dichiarazioni della Gigaset Communications GmbH. Le auguriamo tanta soddisfazione con il vostro Gigaset.

NL Geachte klant,
Gigaset Communications GmbH is de rechtsopvolger van Siemens Home and Office Communication Devices GmbH & Co. KG (SHC), de onderneming die de Gigaset-activiteiten van Siemens AG heeft voortgezet. Eventuele uitspraken of mededelingen van Siemens AG of SHC in de gebruiksaanwijzingen dienen daarom als mededelingen van Gigaset Communications GmbH te worden gezien.
Wij wensen u veel plezier met uw Gigaset.

ES Estimado cliente,
la Gigaset Communications GmbH es derechohabiente de la Siemens Home and Office Communication Devices GmbH & Co. KG (SHC) que por su parte continuó el negocio Gigaset de la Siemens AG. Las posibles declaraciones de la Siemens AG o de la SHC en las instrucciones de uso se deben entender por lo tanto como declaraciones de la Gigaset Communications GmbH.
Le deseamos que disfrute con su Gigaset.

PT Scares clientes,
Gigaset Communications GmbH é a sucessora legal da Siemens Home and Office Communication Devices GmbH & Co. KG (SHC), que, por sua vez, deu continuidade ao sector de negócios Gigaset da Siemens AG. Quaisquer declarações por parte da Siemens AG ou da SHC encontradas nos manuais de utilização deverão, portanto, ser consideradas como declarações da Gigaset Communications GmbH.
Desejamos que tenha bons momentos com o seu Gigaset.

In order to be able to use your phone with ease, read the following pages to find out how it works.

3 Safety information ! + , Use only the plug-in power supply unit provided, as indicated on the bottom of the device. Use only approved, rechargeable batteries of the same type. In other words, never use conventional (non-rechargeable) batteries, since these can injure you and damage your health. Do not position the device in the immediate vicinity of other devices such as hi-fi systems, televisions, microwave ovens or office equipment. This could cause mutual interference.

Ensure that you insert the rechargeable batteries with the correct polarity and that you use the type of battery specified in this user guide (note the sign in the battery compartments of the handset). The operation of medical equipment may be affected. Bear in mind the technical requirements of the environment (e.g. doctor's office). The handset can cause an unpleasant buzzing sound in hearing aids. Do not hold the handset too close to your he batteries. 7 Step 3: Place the handset on the base unit C In order to make calls, you need to register your handset with the base unit (to make it known to it). The following text appears on the display: "*-*-*". Put the handset on the base unit with the display visible.

The following text appears on the display: "REGISTER HS". It takes around a minute for the handset to be registered with the base unit. The idle display (battery symbol) appears instead of the display "REGISTER HS". Step 4: Charge the batteries 5h Leave the handset on the base unit for around five hours in order to charge the batteries. A charging indicator on the handset shows that the batteries are being charged: Your phone is now ready for operation; you can start calling. 0 . 8 Batteries empty (symbol flashes) Batteries 2/3 charged / - Batteries 1/3 charged Batteries full Note on the battery G G G After the batteries are charged for the first time, you can put the handset back on the base unit again after each call. Charging is controlled electronically. This ensures that the batteries are charged optimally and economically. @ @ @ @ @ @ 5 Approx.

9 Approx. @ @ @ @ Press the off-hook key. Press the on-hook key to terminate the call. @ @ @ You can press the on-hook key to cancel dialing. You can use the key to enter a dialing pause (hold it down).

@ @ @ @ The redial list appears. Select the desired call number. @ @ The network provider must support call number display (CLIP). The call number must be transmitted when the caller calls. @ @ @ @ @ The symbol appears on the display.

To deactivate the lock, hold down again. @ @ @ @ Select and confirm your desired item from the list. Enter the call number. @ @ Select and confirm the desired call number. Change the call number.

@@Page to the desired entry. Press the off-hook key. @@To dial it, press the offhook key. @@@@ Select and confirm. Confirm.

Step 2: Place the handset on the base unit. After being successfully registered with the base unit, the handset returns to the idle state. 13 Manual registration: Gigaset 200 handset to other GAP base units Step 1: Put the base unit on standby for registration (see the user guide for the base unit). Step 2: 3REGI 3GAP # STER HS 1 Open the menu. Select and confirm. Select and confirm. "PIN" appears on the display. Enter the registration PIN (max. 8 digits) of the GAP base unit that is on standby for registration (e.g.

"0000"). Confirm your entry. After being successfully registered with the base unit, the handset returns to the idle state. 14 Settings of the handset You can change the settings of your handset to suit your requirements. The current setting always has a check mark against it.

Volumes and tunes Receiver volume 3SET 3RI 3SET There are three settings for the receiver volume. HANDSET VOL LEVEL 2 Open the menu. Confirm. The receiver volume and the associated number are displayed. Select and confirm the desired setting (13).

Ringtone volume There are four settings for the ringing tone volume. NGER VOL LEVEL 3 Open the menu. Select and confirm. The respective volume is emitted, and the associated number is displayed. Select and confirm the desired setting (14). Ringing tone tune 3MELODY 3MELODY 4 There are five different tunes to choose from. Open the menu. Select and confirm. The respective tune is emitted, and the associated number is displayed. Select and confirm the desired tune (15).

15 Changing the display language The menu overview provides orientation here (see page 28). 3LANGUAGE 3ENGLI SH Open the menu. Select and confirm. Select and confirm the desired language (e.g. English). 8 If you inadvertently set the wrong language (i.e. one you don't understand), you can change followed by the setting by pressing the handset. You can then select the correct language by paging through the menu and key.

confirming it with the .on You will find a list of the available languages in the menu overview on page 28. Resetting the handset to the factory defaults 3HS 3RESET or RESET YES? Open the menu. Select and confirm. Select and confirm.

The handset has the factory defaults again. Select and confirm. RESET NO? 8 After the handset is reset, it must be replaced on the base unit with the display visible at the front, see "Step 3" (page 8). 16 Factory defaults of the handset: Function Receiver volume Ringing tone volume Ringing tone tune Display language Redial list Phone book Key lock Standby for registration Factory default 1 IRL: 4 UK: 3 1 Country-specific Deleted Deleted Off On 17 Settings of the base unit 8 Normally, no changes are necessary to settings in the base unit. Settings in the base unit can be easily changed by using the mobile part if necessary.

Prerequisite: The handset must be registered with the base unit. Signaling method You use this function to change to the pulse signaling method. Factory default: Multifrequency signaling method. 3PULSE or Press the off-hook key. The following appears on the display "" . DIAL MODE 8 TONE Open the menu.

Confirm. Select and confirm your desired signaling method. Select and confirm. Press the on-hook key If you hold down the key, you automatically have multifrequency signaling for the subsequent call.

4 18 Flash times („R key") This function allows you to change the set flash time (factory default see page 19). 3TBR 3180 Press the off-hook key. MS Open the menu. Select and confirm. Select and confirm the desired flash time (80, 100, 120, 180, 250, 300 or 600 ms). Press the on-hook key. Resetting the base unit to the factory defaults The handset remains registered when the base unit is reset. 3BASE 3RESET or Press the off-hook key. RESET YES? Open the menu.

Select and confirm.

Select and confirm. The base unit has the factory defaults again. Select and confirm. Press the on-hook key. RESET NO? 19 Pulse/no-pulse ratio This function changes the pulse/no-pulse ratio (for pulse signaling).

3PULSE 32 -1 Press the off-hook key. PAUSE Open the menu. Select and confirm. Select and confirm the desired pulse/no-pulse ratio. Press the on-hook key.

Deactivating and reactivating automatic attenuation equalization* If a device is delivered with automatic attenuation equalization, automatic attenuation equalization is always activated on delivery and should (normally) remain activated. Automatic attenuation equalization can be deactivated in the following exceptional case: when your base unit is connected to a telephone system. 3AGC 3AGC or Press the off-hook key. AGC OFF ON Open the menu. Select and confirm. Select and confirm. Select and confirm. Press the on-hook key. Factory defaults of the base unit: Function Signaling method Flash time Factory default Multifrequency signaling IRL: 120 ms UK: 100 ms * Not available in all countries 20 Appendix Caring for your phone Wipe the base unit and handset

with a damp cloth or antistatic cloth. Never use a dry cloth.

There is a risk of static charge. Contact with liquid ! If the handset should come into contact with liquid, on no account switch the device on. Remove all batteries immediately. Allow the liquid to drip out of the device, and then dab all parts of the device dry. Keep the handset with the batteries removed in a warm, dry place for at least 72 hours. In many cases, you will then be able to use it again. Range The range outdoors when there are no obstructions is up to 300 m. Indoors, ranges of up to 50 m are possible. If you exceed the range, the following message appears on the display: "*-*-*". 21 Questions and answers If any questions occur to you while you are using your device, we are available 24 hours a day at www.my-siemens.com/customer-care

You will find the most frequently asked questions and answers below. Possible cause Nothing appears The batteries are on the display. empty. Question Possible solution Charge or replace the batteries.

(see page 8). Hold down the key. Reduce the distance between the handset and the base unit. No response to keystroke. No radio link to the base unit the following message appears on the display: "*-*-*".

The key lock is switched on. The handset is outside the range of the base unit. ! The handset is not registered with the base unit. Register the handset with the base unit (see page 13). The base unit is Check the power not switched on. plug on the base unit (see page 6). The number of Number transThe caller must the caller is not mission is apply to the displayed in spite disabled.

network provider of CLIP to have his or her (see page 11). number transmitted. 22 Guarantee Scope G G G G This equipment guarantee applies to end users ("customers").

This guarantee does not in any way affect the customer's statutory rights. The guarantee applies to the supplied devices and all their components but not to their installation or configuration or to the services provided by the dealer. Manuals and any software supplied on a separate data medium are excluded from the guarantee. This guarantee does not apply to decorative covers or any other personalised parts or software not included in the scope of supply. The guarantee also does not apply to decorative top or bottom shells for special editions. The guarantee provides for devices or components that, despite proper care and use, have demonstrably developed defects due to faulty workmanship and/or faulty materials to be replaced or repaired at our discretion free of charge. The guarantee does not cover normal wear and tear. Alternatively, we reserve the right to replace the defective device with a successor model or reimburse the original purchase price on return of the defective device. Our decision is final. Any legal claims are excluded.

Claims under the guarantee cannot be made if the defect or damage was caused by improper care or use. Improper care or use includes the following: Opening the device (this is classed as third-party intervention) Manipulating components on the printed circuit board Manipulating the software Defects or damage caused by dropping, breaking, lightning or ingress of moisture. This also applies if defects or damage was caused by mechanical, chemical, radio interference or thermal factors (e.g. microwave, sauna, etc).

). Repairs or other work done by persons not authorised by us. Devices fitted with accessories not authorised by Siemens. 23 G G G G G G G G G G Any further claims due to damage are excluded, such as damage arising outside the device, provided this was not due to gross negligence and/or intent on our part. @@@@Any devices or components that are replaced become our property.

@@We are entitled, at our discretion, to make technical changes (such as firmware updates) beyond repair or replacement in order to upgrade the device to the latest state of the art. There is no additional charge to the customer for this work. Our decision is final. Any legal claims are excluded. The guarantee is valid in the country of purchase. It applies only if the device is operated in the relevant geographical area in accordance with the information on the packaging and in the operating instructions. Any further claims are excluded. Siemens is not liable in any circumstances for downtime, loss of profits, loss of data or loss of any other information. The customer alone is responsible for safeguarding such data and information. Changes to this guarantee require prior approval by Siemens in writing.

24 Guarantee period G G G G G The guarantee applies in countries in the EU from 1 January 2002 for a period of 12 months. In all other countries the guarantee period shall be the relevant minimum statutory guarantee period, but no longer than 12 months. The guarantee period starts on the day of purchase by the customer. A successful claim under the guarantee does not extend the guarantee period. Work under the guarantee is handled by our Customer Care Centers. The guarantor is Siemens Aktiengesellschaft Deutschland, Schlavenhorst 88, D-46395 Bocholt. To redeem the guarantee please contact your local Customer Care Center (see page 26). 25 Customer Care You can get assistance easily when you have technical questions or questions about how to use your device by using our online support service on the Internet at: www.my-siemens.com/customercare or by referring to the section entitled Questions and answers in this manual (page 22).

If the device needs to be repaired, please contact one of our Customer Care Centers: Abu Dhabi.....
