Manual abstract:

Slide the SIM card into its holder with the gold-coloured contacts facing down. To insert the battery 1 2 Insert the battery with the label side up and the connectors facing each other. Attach the battery cover. 3 This is an Internet version of this publication. © Print only for private use. Turning on the phone To turn on the phone 1 2 3 4 Press and hold down . Enter your SIM card PIN (Personal Identification Number), if requested, and select OK. Select a language.

Follow the instructions that appear. If you want to correct a mistake when you enter your PIN, press .

SIM card The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. Always turn off your phone and detach the charger before you insert or remove the SIM card. You can save contacts on the SIM card before you remove it from your phone. See To copy names and numbers to the SIM card on page 16. **PIN** You may need a PIN (Personal Identification Number) to activate the services and functions in your phone.

Your PIN is supplied by your network operator. Each PIN digit appears as *, unless it starts with emergency number digits, for example, 112 or 911. You can see and call an emergency number without entering a PIN. If you enter the wrong PIN three times in a row, the SIM card is blocked. See SIM card lock on page 49.

Standby After you have turned on your phone and entered your PIN, the name of the network operator appears. This view is called standby. Your phone is now ready for use. Using other networks Making and receiving calls, using messaging, and data transfer, for example, Internetbased services, outside your home network (roaming), may incur additional costs. Contact your operator for more information. Help In addition to this User guide, Feature guides and more information are available at www.sonyericsson.com/support. Help and information are also available in your phone. To access the User guide Select Menu > Settings > User help > User guide.

4 This is an Internet version of this publication. © Print only for private use. . . To view tips and tricks Select Menu > Settings > User help > Tips and tricks.

To view information about functions Scroll to a function and select Info, if available. In some cases, Info appears under Options. To view the phone demonstration Select Menu > Entertainment > Demo tour. To view the phone status Press the volume key. Phone, memory and battery information is shown. .

Charging the battery The phone battery is partly charged when you buy it. To charge the battery 1 2 Connect the charger to the phone.

It takes approximately 2.5 hours to fully charge the battery. Press a key to view the screen. Remove the charger by tilting the plug upwards. You can use your phone while it is charging.

You can charge the battery at any time and for more or less than 2.5 hours. You can interrupt the charging without damaging the battery. 5 This is an Internet version of this publication. © Print only for private use.

Playlists You can create playlists to organise your music. You can add tracks and folders to a playlist. It may take a few minutes for the phone to create a playlist. 1 2 3 4 5 To create a playlist Select Menu > Media > Music > Playlists. Scroll to New playlist and select Add. Enter a name and select OK. For each track you want to add, scroll to the track and select Mark. Select Add to add the marked tracks to the playlist. Audio books If you use Media Go™ to transfer audio books to your phone from a computer, you can listen to the audio books in your phone. It may take a few minutes before a transferred audio book appears in the list of available audio books.

· To access audio books Select Menu > Media > Music > Audio books. You can find audio books in formats other than M4B and those that do not have ID3v2 chapter tags in the Tracks folder. Buy Now If you subscribe to a music service allowing limited, non-permanent use with your phone, you can mark a track you are interested in buying later. The next time you synchronise your music with Windows Media® Player on a computer with enabled Internet access, you should be asked if you want to buy the track you marked earlier. If you accept, the track is downloaded to your computer and your selected music service account is charged. This service requires a subscription and account with a downloadable music service, a computer with Microsoft® Windows Media® Player 11 or subsequent compatible version of Windows Media® Player, and a USB computer connection. You cannot see that a track is marked. You cannot unmark tracks you have already marked. · To mark a track When the track you want to mark is playing, press and hold down . PlayNow™ When you select PlayNow™ you enter PlayNow™ arena, where you can download music, games, ringtones, themes and wallpapers.

You can preview or listen to content before you purchase and download it to your phone. If you cannot use PlayNow™ and PlayNow™ arena, see I cannot use Internet-based services on page 52. This service is not available in all countries. For extended functionality, you can also access the PlayNow™ arena Web shop on a computer from www.playnow-arena.

com. For more information, go to www.sonyericsson.com/support to read the PlayNow™ arena Feature guide. 1 2 To use PlayNow™ Select Menu > PlayNow™.

Scroll through PlayNow™ arena and follow the instructions to preview and purchase content. TrackID™ TrackID™ is a music recognition service. You can search for title, artist and album name for a track you hear playing through a loudspeaker or on the radio in your phone. If you cannot use TrackID™, see I cannot use Internet-based services on page 52. 27 This is an Internet version of this publication. © Print only for private use. · · To search for track information When you hear a track through a loudspeaker, select Menu > Entertainment > TrackID™ > Start. When the radio in your phone is playing select Options > TrackID™. For best results, use TrackID™ in a quiet area. Online music and video clips You can view video clips and listen to music by streaming them to your phone from the Internet.

If you cannot use the Internet, see I cannot use Internet-based services on page 52. 1 2 3 1 2 3 To select a data account for streaming Select Menu > Settings > Connectivity > Streaming settings > Connect using:.
