See Navigation on page 12. 4 This is the Internet version of the User's guide. © Print only for private use. Getting started Assembly Before you start using your phone, you need to insert a SIM card and the battery. To insert the SIM card 1 Insert the battery with the label side down and the connectors facing each other.

2 Close and slide the battery cover into place. Turning on the phone To turn on the phone 1 Remove the battery cover. 2 Slide the SIM card into its holder with the golden contacts facing down. To insert the battery 1 Press and hold down . 2 Select a mode: · Normal mode full functionality. · Flight mode limited functionality. 3 Enter your SIM card PIN, if requested and select OK. 4 Select a language. 5 Select Cont. > Yes to use the setup wizard while settings are downloaded.

If you want to correct a mistake when you enter your PIN, press . Getting started This is the Internet version of the User's guide. © Print only for private use. 5 SIM card The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. Always turn off your phone and detach the charger before you insert or remove the SIM card. You can save contacts on the SIM card before you remove it from your phone. See To copy names and numbers to the SIM card on page 19. Flight mode In Flight mode the network and radio transceivers are turned off to prevent disturbance to sensitive equipment. You can use the Bluetooth™ function in Flight mode. Startup screen The startup screen appears when you turn your phone on.

See Using pictures on page 39. Standby After you have turned your phone on and entered your PIN, the name of the network operator appears. This view is called standby. PIN You may need a PIN (Personal Identification Number) to activate the services in your phone. Your PIN is supplied by your network operator. Each PIN digit appears as *, unless it starts with emergency number digits, for example, 112 or 911. You can see and call an emergency number without entering a PIN. If you enter the wrong PIN three times in a row, the SIM card is blocked. See SIM card lock on page 62. 6 Getting started This is the Internet version of the User's guide. © Print only for private use. · Press .

To end a function · Press . To navigate your media 1 From standby select Media. 2 Use the navigation key to move up, down, left and right through the menus. 12 Getting started This is the Internet version of the User's guide. © Print only for private use.

To delete items · Press to delete items such as numbers, letters, pictures and sounds. Shortcuts You can use keypad shortcuts to go directly to a menu. Menu numbering starts from the top left icon and moves across and then down row by row. To go directly to a main menu · From standby select Menu and press , , or . To use navigation key shortcuts · From standby press , , or to go directly to a function one.

Getting started 15 This is the Internet version of the User's guide. © Print only for private use. 3 Press each key only once, even if the letter you want is not the first letter on the key. For example, to write the word "Jane", press , , , . Write the whole word before looking at the suggestions. 4 Use or to view suggestions. 5 Press to accept a suggestion. To enter text using multitap 1 From standby select, for example, Menu > Messaging > Write new > Text message. 2 If is displayed, press and hold down to change to multitap text input. 3 Press repeatedly until the desired letter appears.

4 When a word is written, press to add a space. To add words to the built-in dictionary 1 When you enter text using T9 Text Input, select Options > Spell word. 2 Write the word using multitap input and select Insert. Calling Making and receiving calls You need to turn on your phone and be within range of a network. To make a call 1 From standby enter a phone number (with international country code and area code, if applicable). 2 Press . See Video call on page 18. You can call numbers from your contacts and call list. See Contacts on page 18, and Call list on page 21. You can also use your voice to make calls. See Voice control on page 22. To make international calls 1 From standby press until a "+" sign appears. 2 Enter the country code, area code (without the first zero) and phone number. 3 Press . To re-dial a number · When Retry? appears select Yes.

Do not hold your phone to your ear when waiting. When the call connects, your phone gives a loud signal. 16 Calling This is the Internet version of the User's guide. © Print only for private use. To answer a call · Press .

To reject a call · Press . To change the ear speaker volume during a call · Press the volume key up or down. To mute the microphone during a call 1 Press and hold down . 2 Press and hold down again to resume. To turn the loudspeaker on during a call · Select SpkrOn. Do not hold your phone to your ear when using the loudspeaker. This could damage your hearing. To switch networks manually 1 From standby select Menu > Settings > the Connectivity tab > Mobile networks > GSM/3G networks. 2 Select an option. Emergency calls Your phone supports international emergency numbers, for example, 112 and 911.

These numbers can normally be used to make emergency calls in any country, with or without the SIM card inserted, if a 3G (UMTS) or GSM network is within range. In some countries, other emergency numbers may also be promoted. Your network operator may therefore have saved additional local emergency numbers on the SIM card. To view missed calls from standby · Press and scroll to the New events tab and select a number. · Press to open the call list. Networks Your phone switches automatically between GSM and 3G (UMTS) networks depending on availability. Some network operators allow you to switch networks manually. To make an emergency call · From standby enter 112 (the international emergency number) and press . To view your local emergency numbers 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > Emergency nos.

Calling 17 This is the Internet version of the User's guide. © Print only for private use. Video call See a person on the screen during calls. Both parties need a subscription that supports the 3G (UMTS) service, and you need to be within range of a 3G (UMTS) network. 3G (UMTS) service is available when appears. To make a video call 1 From standby enter a phone number (with international country code and area code, if applicable). 2 Select Options > Make video call. To use the zoom with an outgoing video call · Press or . To view video call options · During the call, select Options. If you select SIM contacts as default, your contacts show names and numbers saved on the SIM card.

[You're reading an excerpt. Click here to read official SONY](http://yourpdfguides.com/dref/4285712)

[ERICSSON K850 user guide](http://yourpdfguides.com/dref/4285712)

<http://yourpdfguides.com/dref/4285712>

To add contacts to speed dial numbers From standby select Menu > Contacts.

Scroll to New contact and select Options > Speed dial. Scroll to a position number and select Add. Select a contact. Voice control By creating voice commands you can: · Voice dial call someone by saying their name · Activate voice dialling by saying a "magic word" · Answer and reject calls when you use a handsfree To record a voice command using voice dialling 1 From standby select Menu > Settings > the General tab > Voice control > Voice dialling > Activate. 2 Select Yes > New voice command and select a contact. If the contact has more than one number, select the number to add the voice command to. 1 2 3 4 To speed dial · From standby enter the position number and press . 22 Calling This is the Internet version of the User's guide. © Print only for private use. 3 Record a voice command such as "John mobile".

4 Follow the instructions that appear. Wait for the tone and say the command to record. The voice command is played back to you. 5 If the recording sounds OK, select Yes. If not, select No and repeat steps 3 and 4. Voice commands are saved in the phone memory only. They cannot be used in another phone. The magic word You can record and use a voice command as a magic word to activate voice dialling without pressing any keys. Your handsfree must be connected to your phone when using the magic word. You should choose a long, unusual word or phrase that can easily be distinguished from ordinary background speech.

Bluetooth handsfree does not support this feature. To re-record a voice command 1 From standby select Menu > Settings > the General tab > Voice control > Voice dialling > Edit names. 2 Scroll to a command and select Options > Replace voice. 3 Wait for the tone and say the command. Voice dialling You can hear your recorded contact name when you receive a call from that contact.

To voice dial 1 From standby press and hold down a volume key. 2 Wait for the tone and say a recorded name, for example "John mobile". The name is played back to you and the call is connected. 1 2 3 4 5 To activate and record the magic word From standby select Menu > Settings > the General tab > Voice control > Magic word > Activate. Follow the instructions that appear and select Cont.

Wait for the tone and say the magic word. Select Yes to accept or No for a new recording. Follow the instructions that appear and select Cont. Select where your magic word is to be activated. To make a call using the magic word 1 In standby make sure is visible. 2 Say the magic word. 3 Wait for the tone and say a voice command. Calling 23 This is the Internet version of the User's guide. © Print only for private use. Voice answering When you use a handsfree, you can answer or reject incoming calls with your voice.

To activate voice answering and record voice answer commands From standby select Menu > Settings > the General tab > Voice control > Voice answer > Activate. Follow the instructions that appear and select Cont. Wait for the tone and say "Answer", or another word. Select Yes to accept or No for a new recording. Follow the instructions that appear and select Cont.. Wait for the tone and say "Busy", or another word. Select Yes to accept or No for a new recording. Follow the instructions that appear and select Cont. Select where your voice answering is to be activated.

Diverting calls You can divert calls, for example, to an answering service. When Restrict calls is used, some divert call options are not available. See Restricted dialling on page 26. 1 Divert call options Standard options are: · Divert always divert all your calls · When busy if a call is ongoing · Not reachable if your phone is turned off or unreachable · No reply if a call is not answered in a specified time To divert calls 1 From standby select Menu > Settings > the Calls tab > Divert calls. 2 Select a call type and a divert option.

3 Select Activate. 4 Enter the number to divert calls to and select OK. 2 3 4 5 6 7 To answer a call using voice commands · Say "Answer". To reject a call using voice commands · Say "Busy". More than one call You can handle more than one call at a time.

For example, you can put an ongoing call on hold, while you make or answer a second call. You can also switch between the two calls. You cannot answer a third call without ending one of the first two calls. 24 Calling This is the Internet version of the User's guide. © Print only for private use. Call waiting When call waiting is used, you hear a beep if you receive a second call. To activate call waiting · From standby select Menu > Settings > the Calls tab > Manage calls > Call waiting > Activate. To make a second call 1 During the call, select Options > Hold. This puts the ongoing call on hold. 2 Select Options > Add call.

3 Enter the number to call and press . To answer a second call · During the call, press . This puts the ongoing call on hold. To reject a second call · During the call, press and continue with the ongoing call. To end an ongoing call and answer a second call · During the call, select Replace active call. Handling two voice calls You can have calls ongoing and on hold at the same time. To switch between two calls · During the call, press . To join two calls · During the call, select Options > Join calls. To connect two calls · During the call, select Options > Transfer call. You are disconnected from both calls.

To end an ongoing call and return to the call on hold · First press and then . Receiving a third voice call You cannot answer a third call without ending one of the first two calls or joining them. Conference calls With a conference call, you can have a joint conversation with up to five people. To add a new participant 1 During the call, select Options > Hold. This puts the joined calls on hold.

2 Select Options > Add call. 3 Enter the number to call and press . 4 Select Options > Join calls to add the new participant. 5 Repeat this task to add more participants. Calling 25 This is the Internet version of the User's guide.

© Print only for private use. To release a participant 1 Select Options > Release part. 2 Select the participant to release. To have a private conversation 1 During the call, select Options > Talk to and select the participant to talk to. 2 To resume the conference call, select Options > Join calls. See Groups on page 21. To accept all calls · From standby select Menu > Settings > the Calls tab > Manage calls > Accept calls > All callers. Restricted dialling You can restrict outgoing and incoming calls. A password from your service provider is required.

[ERICSSON K850 user guide](http://yourpdfguides.com/dref/4285712)

<http://yourpdfguides.com/dref/4285712>

If you divert incoming calls, you cannot use some restrict calls options.

My numbers You can view, add and edit your own phone numbers. To check your phone numbers 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > My numbers. 3 Select an option. Restrict calls options Standard options are: · All outgoing all outgoing calls · Outgoing intl all outgoing international calls · Outgoing intl roam. all outgoing international calls except to your home country · All incoming all incoming calls · Inc. when roaming all incoming calls when you are abroad Accept calls You can choose to receive calls from certain phone numbers only. To add numbers to the accepted callers list 1 From standby select Menu > Settings > the Calls tab > Manage calls > Accept calls > Only from list. 2 Scroll to New and select Add. 3 Scroll to a contact or select Groups.

26 Calling This is the Internet version of the User's guide. © Print only for private use. To restrict calls 1 From standby select Menu > Settings > the Calls tab > Manage calls > Restrict calls. 2 Select an option. 3 Select Activate.

4 Enter your password and select OK. To save a fixed number 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > Fixed dialling > Fixed numbers > New number. 3 Enter the information and select Save. Call time and cost During a call, the duration of the call is shown.

You can check the duration of your last call, outgoing calls and the total time of your calls. To check the call time · From standby select Menu > Settings > the Calls tab > Time & cost > Call timers. Fixed dialling Fixed dialling allows calls to be made only to certain numbers saved on the SIM card. The fixed numbers are protected by your PIN2. Partial numbers can be saved. For example, saving 0123456 allows calls to be made to all numbers starting with 0123456. When fixed dialling is used, you cannot view or manage any phone numbers saved on the SIM card but you can still call the international emergency number, 112. To use fixed dialling 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > Fixed dialling > Activate. 3 Enter your PIN2 and select OK.

4 Select OK again to confirm. Calling 27 This is the Internet version of the User's guide. © Print only for private use. Messaging Receiving and saving messages You are notified when you receive a message. Messages are automatically saved in the phone memory. When the phone memory is full, you can delete messages or save them on a memory card or on the SIM card. To save a message on a memory card · From standby select Menu > Messaging > Settings > General > Save to > Memory card. To save a message on the SIM card 1 From standby select Menu > Messaging and select a folder. 2 Scroll to a message and select Options > Save message. To view a message from the inbox 1 From standby select Menu > Messaging > Inbox.

2 Scroll to the message and select View. To delete a message 1 From standby select Menu > Messaging and select a folder. 2 Scroll to the message and press Text messages Text messages can contain simple pictures, sound effects, animations, and melodies. Before you use messaging You must have a service centre number. The number is supplied by your service provider and is usually saved on the SIM card.

If the number to your service centre is not saved on your SIM card, you must enter the number yourself. To enter a service centre number 1 From standby select Menu > Messaging > Settings > Text message and scroll to Service centre. The number is shown if it is saved on the SIM card. 2 If there is no number shown, select Edit. 3 Scroll to New ServiceCentre and select Add.

4 Enter the number, including the international "+" sign and country code. 5 Select Save. To write and send a text message 1 From standby select Menu > Messaging > Write new > Text message. 2 Write the message and select Cont. > Contacts look-up. 3 Select a recipient and select Send. · 28 Messaging This is the Internet version of the User's guide. © Print only for private use. If you send a text message to a group, you will be charged for each member.

See Groups on page 21. To add an item to a text message 1 When you write the message, select Options > Add item. 2 Select an option and then an item. To call a number in a text message · When you view the message, scroll to the phone number and press · To select an MMS profile 1 From standby select Menu > Messaging > Settings > Picture message > MMS profile. 2 Select a profile. To set the message server address 1 From standby select Menu > Messaging > Settings > Picture message. 2 Scroll to MMS profile and select Edit. 3 Select Options > Edit. 4 Scroll to Message server and select Edit.

5 Enter the address and select OK > Save. To create and send a picture message 1 From standby select Menu > Messaging > Write new > Picture msg. 2 Enter text. To add items to the message, press , scroll and select an item. 3 Select Cont.

> Contacts look-up. 4 Select a recipient and select Send. Receiving picture messages You can select how to download your picture messages. Standard options when you download picture messages are: · Always automatic download. · Ask in roaming ask to download when not in home network. · Not in roaming do not download when not in home network. Picture messages Picture messages can contain text, pictures, slides, sound recordings, video clips, signatures and attachments. You can send picture messages to a mobile phone or an email address. Before you use picture messaging You must set an Internet profile and the address of your message server. If no Internet profile or message server exists, you can receive all the settings automatically from your network operator or at www.sonyericsson.com/support. Messaging 29 This is the Internet version of the User's guide. © Print only for private use. · Always ask ask to download.

· Off new messages appear in the Inbox. To set automatic download 1 From standby select Menu > Messaging > Settings > Picture message > Auto download. 2 Select an option. To save an item in a picture message · When you view a picture message select Options > Save items and select an item. To delete a message 1 From standby select Menu > Messaging and select a folder. 2 Select the message and press · To set picture message options 1 From standby select Menu > Messaging > Settings > Picture message. 2 Scroll to an option and select Edit. To set message options for a specific message 1 When the message is ready and a recipient is selected, select Options > Advanced.
