3 Getting started Assembly, SIM card, battery, turning on, help, calls To remove the SIM card 1 Turn off the phone. Remove the battery cover and battery. 2 Push the SIM card in to release. Assembly Before you start using your phone, you need to insert a new SIM card and the battery. Battery To charge the battery SIM card and battery To insert SIM card and battery 2.5 h.

Do not connect the charger unless the battery is inserted. 1 Turn off the phone. Remove the battery cover and battery. 2 With the contacts facing up, slide the SIM card into the holder until it clicks into place. 3 Insert the battery with the label side up, as shown. 4 Slide the battery cover into place. 1 Connect the charger to the phone. Wait approximately 2.5 hours or until the battery icon indicates a full charge before removing the charger. 2 Remove the charger plug by pulling up and out.

Some functions use more battery power than others and may require more frequent recharging. If talk time or standby time becomes noticeably 4 Getting started This is the Internet version of the User's guide. © Print only for private use. shorter, replace the battery. Only use approved batteries from Sony Ericsson % 68 Battery.

Turning on the phone Charge the phone and insert the SIM card before turning the phone on. Use the setup wizard to prepare for use. To turn on the phone Lanyard To insert the lanyard 1 With the battery door off, create a loop in the lanyard and slide it into the lanyard slot. 2 Ensure the lanyard loop is secured beneath the plastic hook by gently pulling the lanyard away from the phone. 3 Carefully reattach the battery door to avoid unseating the lanyard.

Only thick-corded lanyards (0.7 to 1.0mm in diameter) which remain secured within the plastic hook are recommended. 1 Press and hold down . The first startup may take a few minutes. 2 Select to use the phone in: · Normal mode full functionality. · Flight mode limited functionality with network, FM radio and Bluetooth™ transceivers off % 7 Flight mode. 3 Enter your SIM card PIN, if requested. 4 At first startup, select the language. 5 Select Yes for the setup wizard to help you.

6 Follow instructions to complete setup. Getting started This is the Internet version of the User's guide. © Print only for private use. 5 SIM card The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. The SIM card keeps track of information such as your phone number and names and numbers in your contacts. Save contacts on your SIM card before removing it from the phone. Help in the phone Help is available in your phone. To use the setup wizard · From standby select Menu } Settings } the General tab } Setup wizard and select an option. Download settings You can set up functions in your phone that use the Internet, such as Internet, picture messaging, email, and Sony Ericsson Update Service. You can use Settings download if your SIM card supports the service, your phone is connected to a network, it is started in normal mode and does not already have settings.

If settings exist in your phone, you may not need more settings. If you use Settings download, you must agree to register the phone at Sony Ericsson. No personal data will be transferred to or processed by Sony Ericsson. Contact your network operator or service provider for more information. PIN You may need the PIN (Personal Identity Number) for your SIM card to start phone services.

When entering the PIN, each digit appears as *, unless it starts with the digits of an emergency number, like 112 or 911. Press to correct mistakes. If you enter the wrong PIN three times in a row, PIN blocked appears. To unblock it, you need to enter your PUK (Personal Unblocking Key) % 60 SIM card lock. Standby After you turn your phone on and enter your PIN, the name of the network operator appears on the display.

This is called standby. To view information about functions · Scroll to a function and select More } Information (if available). 6 Getting started This is the Internet version of the User's guide. © Print only for private use. To view the phone demonstration · From standby select Menu } Entertainment } Demo tour. Making and receiving calls The phone must be in normal mode. To make and receive calls 1 Enter a phone number (with international prefix and area code if applicable). 2 Select Call. To receive a call © Print only for private use. Navigation The main menus are shown as icons.

Some submenus include tabs. Scroll to a tab by pressing the navigation key left or right and selecting an option. Navigation keys Navigation key Key Go to the main menu or select highlighted items Move through menus and tabs Select options shown immediately above these keys on the screen Go back one level in the menus. Press and hold down to return to standby or to end a function Delete items such as pictures, sounds and contacts. During a call, press and hold to mute the microphone Open the Walkman® Open the activity menu % 16 Activity menu Press and hold down to the last letter entered. To add words to the T9

Text Input dictionary 1 When entering letters, select More } Spell word. 2 Edit the word by using multitap input. 3 Select Insert. Entering letters and characters Enter characters using: · Multitap text input · T9™ Text Input To change the text input method · When you enter letters, press and hold down . Options when entering letters · Select More.

To enter letters using multitap input · Press repeatedly until the desired character appears. · Press to shift between capital and lower-case letters. · Press and hold down to enter numbers. · Press to delete letters or numbers. Getting to know the phone 15 This is the Internet version of the User's guide.

© Print only for private use. Next word prediction When writing a message, you can use T9 Text Input to predict the next word, if previously used in a sentence. To turn next word prediction on/off 1 When entering letters, select More } Writing options } Next word pred. } Select. To use next word prediction · When entering letters, press accept or continue.

to File manager The File manager contains items such as pictures, music, themes, Web pages, games and applications saved in the phone memory or on the memory card. If the memory is full, delete some content to free space. The phone and memory card are sometimes sold separately. Activity menu The activity menu provides an overview of and access to new events, bookmarks and shortcuts. To open and close the activity menu · Press . Activity menu tabs · New events view missed calls and new messages. New events can also be set to appear as pop-up text instead at Settings } the General tab } New events } Pop-up. Running apps applications that are running in the background.
