If you cannot use the Internet, see I cannot use Internetbased services on page 69.

To select a data account for streaming 1 From standby select Menu > Settings > the Connectivity tab > Streaming settings > Connect using:. 2 Select the data account to use. To turn on the radio 1 Connect a handsfree to the phone. 2 From standby select Menu > Radio. To search for channels automatically · Select Search. To search for channels manually · Press or . To change the volume · Press the volume key up or down. Walkman™ 23 This is an Internet version of this publication. © Print only for private use. To minimise the radio · Select Options > Minimise.

To return to the radio · From standby select Menu > Radio. Saving channels You can save up to 20 preset channels. To save channels 1 When you have found a radio channel, select Options > Save. 2 Scroll to a position and select Insert. To select saved channels 1 Select Options > Channels. 2 Select a radio channel. To switch between saved channels · Press or . 4 Select Options > Save melody. Record sound You can record a voice memo or a call. Recorded sounds can also be set as ringtones.

In some countries or states it is required by law that you inform the other person before recording the call. To record a sound · From standby select Menu > Entertainment > Record sound > Record. To record a call 1 During an ongoing call, select Options > Record. 2 Select Save to save the recording. To listen to a recording 1 From standby select Menu > Organiser > File manager.

2 Scroll to Music and select Open. 3 Scroll to a recording and select Play. MusicDJ™ You can compose and edit your own melodies to use as ringtones. Prearranged sounds with different characteristics are available. To compose a melody 1 From standby select Menu > Entertainment > MusicDJ™.

2 Select to Insert, Copy or Paste sounds. 3 Use , , or to scroll between the sounds. 24 Walkman™ This is an Internet version of this publication. © Print only for private use. Transferring and handling content You can transfer and handle content such as pictures and music. You are not allowed to exchange some copyright-protected material. identifies a protected item. 1 2 3 4 5 To move items between the phone memory and the memory card From standby select Menu > Organiser > File manager. Find an item and select Options > Manage file > Move. Select Memory card or Phone.

Scroll to a folder and select Open. Select Paste. Handling content in the phone You can use File manager to handle content saved in the phone memory or on a memory card.

[You're reading an excerpt. Click here to read official SONY ERICSSON W715 user guide](http://yourpdfguides.com/dref/2712737)
<http://yourpdfguides.com/dref/2712737>

Tabs and icons in File manager show where the content is saved. If the memory is full, delete some content to create space. To view memory status 1 From standby select Menu > Organiser > File manager. 2 Select Options > Memory status. 3 Select Memory card or Phone. To select more than one item in a folder From standby select Menu > Organiser > File manager. Scroll to a folder and select Open.

Select Options > Mark > Mark several. For each item you want to mark, scroll to the item and select Mark. To view information about content 1 From standby select Menu > Organiser > File manager. 2 Find an item and select Options > Information. Sending content to another phone You can send content, for example, in messages or using Bluetooth™ wireless technology.

To send content 1 Scroll to an item and select Options > Send. 2 Select a transfer method. Make sure the receiving device supports the transfer method you select. 1 2 3 4 Transferring and handling content This is an Internet version of this publication. © Print only for private use.

25 Transferring content to and from a computer You can use Sony Ericsson Media Manager to transfer content between your phone and a computer. Sony Ericsson Media Manager software is included on the CD that comes with your phone and available for download at www.sonyericsson.com/support. 3 Click Install Sony Ericsson Media Manager and follow the instructions. To transfer content using Sony Ericsson Media Manager Connect the phone to a computer with a USB cable supported by your phone. Computer: Start/Programs/ Sony Ericsson/Sony Ericsson Media Manager. Phone: Select Media transfer. Computer: Select Portable device and click OK. Wait until the phone appears in Sony Ericsson Media Manager.

Move files between your phone and the computer in Sony Ericsson Media Manager. Do not remove the USB cable from your phone or computer during transfer, as this may corrupt the memory card or the phone memory. For details on transferring music, click in the top right corner of the Sony Ericsson Media Manager window. 1 2 3 4 5 6 When you move or copy content from a computer to your phone unrecognised content is saved in the Other folder in File manager. Required operating systems You need one of these operating systems to use the software included on the CD: · Microsoft® Windows Vista™ (32 bit and 64 bit versions of: Ultimate, Enterprise, Business, Home Premium, Home Basic) · Microsoft® Windows XP (Pro or Home), Service Pack 2 or higher

To install Sony Ericsson Media Manager 1 Turn on your computer and insert the CD. The CD starts automatically and the installation window opens. 2 Select a language and click OK. 26 Transferring and handling content Using the USB cable You can connect your phone to a computer with the USB cable to synchronise, transfer and back up phone content and use your phone as a modem. For more information, go to This is an Internet version of this publication.

© Print only for private use.

www.sonyericsson.com/support to read Feature guides. Drag and drop content You can drag and drop content between your phone, a memory card and a computer in Microsoft Windows Explorer. To drag and drop content 1 Connect your phone to a computer using the USB cable.

2 Phone: Select Media transfer. The phone will remain activated during file transfer. 3 Computer: Wait until the phone memory and memory card appear as external disks in Windows Explorer. 4 Drag and drop selected files between the phone and the computer. Before using the USB cable See Required operating systems on page 26.

Only use a USB cable supported by your phone. Do not remove the USB cable from your phone or computer during transfer as this may corrupt the memory card or the phone memory. Phone name You can enter a name for your phone that is shown to other devices when using, for example, Bluetooth™ wireless technology. To enter a phone name 1 From standby select Menu > Settings > the Connectivity tab > Phone name. 2 Enter the phone name and select OK. To disconnect the USB cable safely 1 Computer: Close any software that you are using with your phone. 2 Disconnect the USB cable. Transferring and handling content This is an Internet version of this publication. © Print only for private use. 27 Using Bluetooth™ wireless technology The Bluetooth™ function is free of charge and makes wireless connection to other Bluetooth devices possible.

You can, for example: · Connect to handsfree devices. · Connect to several devices at the same time. · Connect to computers and access the Internet. · Exchange items. · Play multiplayer games. A range within 10 metres (33 feet), with no solid objects in between, is recommended for Bluetooth communication. function activated and Bluetooth visibility turned on. To pair the phone with a device 1 From standby select Menu > Settings > the Connectivity tab > Bluetooth > My devices. 2 Scroll to New device and select Add to search for available devices. 3 Select a device.

4 Enter a passcode, if required. To allow connection to the phone 1 From standby select Menu > Settings > the Connectivity tab > Bluetooth > My devices. 2 Select a device from the list. 3 Select Options > Allow connection. 4 Select Always ask or Always allow.

This is only possible with devices that require access to a secure service. Before using Bluetooth wireless technology You must turn on the Bluetooth function to communicate with other devices. You may also have to pair your phone with other Bluetooth devices. To turn on the Bluetooth function · From standby select Menu > Settings > the Connectivity tab > Bluetooth > Turn on. Make sure that the device you want to pair your phone with has the Bluetooth To pair the phone with a Bluetooth handsfree for the first time 1 From standby select Menu > Settings > the Connectivity tab > Bluetooth > Handsfree.

2 Scroll to a device and select Yes. 3 Enter a passcode, if required. Power saving You can save battery power with the Power save function. In Power save 28 Transferring and handling content This is an Internet version of this publication. © Print only for private use. mode you can only connect with a single Bluetooth device. If you want to connect with more than one Bluetooth device at the same time you must turn this function off. To turn on powersave · From standby select Menu > Settings > the Connectivity tab > Bluetooth > Power save > On. Transferring sound to and from a Bluetooth handsfree You can transfer the sound to and from a Bluetooth handsfree using a phone key or the handsfree key. To transfer sound 1 From standby select Menu > Settings > the

Connectivity tab > Bluetooth > Handsfree > Incoming call.

2 Select an option. In phone transfers sound to the phone. In handsfree transfers sound to the handsfree. To transfer sound during a call 1 During a call, select Sound.

© Print only for private use. Calling Making and receiving calls You need to turn on your phone and be within range of a network. To make a call 1 From standby enter a phone number (with international country code and area code, if applicable). 2 Press . You can call numbers from your contacts and call list. See Contacts on page 33, and Call list on page 33. You can also use your voice to make calls. See Voice control on page 37. Do not hold your phone to your ear when waiting. When the call connects, your phone gives a loud signal.

To answer a call · Press . To reject a call · Press . To change the ear speaker volume during a call · Press the volume key up or down. To mute the microphone during a call 1 Press and hold down . 2 Press and hold down again to resume. To turn on the loudspeaker during a call · Press SpkrOn. Do not hold your phone to your ear when using the loudspeaker. This could damage your hearing. To end a call · Press . To make international calls 1 From standby press and hold down until a "+" sign appears.

2 Enter the country code, area code (without the first zero) and phone number. 3 Press . To re-dial a number · When Retry? appears select Yes. To view missed calls from standby · Press to open the call list. Networks Your phone switches automatically between GSM and 3G (UMTS) networks depending on availability. Calling 31 This is an Internet version of this publication. © Print only for private use. Some network operators allow you to switch networks manually. To switch networks manually 1 From standby select Menu > Settings > the Connectivity tab > Mobile networks > GSM/3G networks. 2 Select an option.

Emergency calls Your phone supports international emergency numbers, for example, 112 or 911. You can normally use these numbers to make emergency calls in any country, with or without the SIM card inserted, if you are within range of a network. In some countries, other emergency numbers may also be promoted. Your network operator may therefore have saved additional local emergency numbers on the SIM card. 2 Scroll to New contact and select Options > Special numbers > Emergency nos.

. Video call You can share experiences with friends and family as they happen or save them to share later. You see the person you are talking to on your screen. The other person sees you or what is on your camera. Before making video calls 3G (UMTS) service is available when appears. To make a video call, both parties on the call must have a 3G (UMTS) phone subscription that supports 3G (UMTS) service and 3G (UMTS) coverage. To make a video call 1 From standby enter a phone number (with international country code and area code, if applicable). 2 Select Options > Make video call. To use the zoom with an outgoing video call · Press or . To view video call options · During the call, select Options. To make an emergency call · From standby enter 112 (the international emergency number) and press . To view your local emergency numbers 1 From standby select Menu > Contacts. 32 Calling This is an Internet version of this publication. © Print only for private use. Call list You can view information about recent calls.
