All illustrations are for illustration only and may not accurately depict the actual phone. Instruction symbols These symbols may appear in the User guide.

Note Tip Warning A service or function is network or subscription-dependent. Contact your network operator for details. > Use a selection or navigation key to scroll and select. See Navigation on page 12. 4 This is the Internet version of the User guide. © Print only for private use.

Getting started Assembly Before you start using your phone, you need to insert a SIM card and the battery. To insert the SIM card To attach the battery cover 1 Align the tabs on the back of the battery cover with the phone slots. 2 Snap the cover into place on both sides. 1 Remove the battery cover. 2 Slide the SIM card into its holder with the gold-colored contacts facing down.

To insert the battery To remove the battery cover · Use the slots to detach cover. 1 Insert the battery with the label side up and the connectors facing each other. 2 Slide the battery cover into place. Getting started This is the Internet version of the User guide. © Print only for private use.

5 To remove the SIM card If you want to correct a mistake when you enter your PIN, press . Before turning the phone off, you must return to standby. 1 Remove the battery cover. 2 Remove the SIM card from its holder. SIM card The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. Always turn off your phone and detach the charger before you insert or remove the SIM card. You can save contacts on the SIM card before you remove it from your phone. See To copy names and numbers to the SIM card on page 23. Turning on the phone To turn on the phone 1 Press and hold down . 2 Enter your SIM card PIN, if requested and select OK.

3 Select a language. 4 See answer Internet settings Setup wizard Close to end call Streaming settings Accessibility\* Message settings\* Phone status SIP settings Master reset Accessories \* Some menus are operator-, network- and subscription-dependent. \*\* You can use the navigation key to scroll between tabs in submenus. For more information, see Navigation on page 12. Getting started 11 This is the Internet version of the User guide. © Print only for private use. Navigation The main menus are shown as icons. Some submenus include tabs. To navigate the phone menus To return to standby · Press . To end a function · Press .

To navigate your media 1 From standby select Menu > Media. 2 Scroll to a menu item and press the navigation key right. 3 To go back, press the navigation key left. To delete items · Press to delete items such as numbers, letters, pictures and sounds. 1 From standby select Menu.

2 Use the navigation key to move through the menus. To select actions on the screen · Press the left or right selection key, or the center navigation key. To view options for an item · Select Options to, for example, edit. To scroll between the tabs · Scroll to a tab by pressing the navigation key left or right. To send items 1 Scroll to an item such as a contact, a picture or a sound.

2 Select Options > Send to send items such as contacts, pictures and sounds. 3 Select a transfer method. Make sure the receiving device supports the transfer method you select. Shortcuts You can use keypad shortcuts to go directly to a menu. Menu numbering starts from the top left icon and moves across and then down row by row. 12 Getting started This is the Internet version of the User guide. © Print only for private use. To go directly to a main menu · From standby select Menu and press , , or . To use navigation key shortcuts · From standby press , , or to go directly to a function. The Main menu layout must be set to Grid.

See To change the main menu layout on page 60. Memory card You may have to purchase a memory card separately. Your phone supports Memory Stick Micro™ (M2™) memory card adding more storage space to your phone. It can also be used as a portable memory card with other compatible devices. You can use the file manager to move files between the memory card and the phone memory. See To move a file in the file manager on page 56. To insert a memory card To edit a navigation key shortcut 1 From standby select Menu > Settings > the General tab > Shortcuts. 2 Scroll to an option and select Edit. 3 Scroll to a menu option and select Shortc. Activity menu The activity menu gives you quick access to certain functions.

To open the activity menu · Press . Activity menu tabs · New events missed calls and new messages. · Running apps applications that are running in the background. · My shortcuts add your favorite functions to access them quickly. · Internet quick access to the Internet.

· Open the cover and insert the memory card with the gold-colored contacts facing up. Getting started 13 This is the Internet version of the User guide. © Print only for private use. To remove a memory card Entering text You can use multitap text input or T9™ Text Input to enter text. The T9 Text Input method uses a built-in dictionary.

To change text input method · When you enter text, press and hold down . To shift between capitals and lower-case letters · When you enter text, press . To enter numbers · When you enter text, press and hold down . To enter periods and commas · When you enter text, press . To enter a symbol 1 When you enter text, select Options > Add symbol. 2 Scroll to a symbol and select Insert. To enter text using T9™ Text Input 1 From standby select, for example, Menu > Messaging > Write new > Text message. 2 If is not displayed, press and hold down to change to T9 Text Input. · Open the cover and press the edge of the memory card to release and remove it. To view memory card options 1 From standby select Menu > Organizer > File manager > the On memory card tab.

2 Select Options. Phone language You can select a language to use in your phone. To change the phone language 1 From standby select Menu > Settings > the General tab > Language > Phone language. 2 Select an option. 14 Getting started This is the Internet version of the User guide. © Print only for private use.

<http://yourpdfguides.com/dref/2738518>

3 Press each key only once, even if the letter you want is not the first letter on the key. For example, to write the word "Jane", press , , , . Write the whole word before looking at the suggestions. 4 Use or to view suggestions.

5 Press to accept a suggestion. To enter text using multitap 1 From standby select, for example, Menu > Messaging > Write new > Text message. 2 If is displayed, press and hold down to change to multitap text input. 3 Press repeatedly until the desired letter appears. For example, to write the word "Jane", press , , , .

4 When a word is written, press to add a space. To add words to the built-in dictionary 1 When you enter text using T9 Text Input, select Options > Spell word. 2 Write the word using multitap input and select Insert. Walkman® and music You can listen to music, audio books and podcasts. Use Sony Ericsson Media Manager to transfer content to your phone.

For more information go to the Getting started section at [www.sonyericsson.com/support](http://www.sonyericsson.com/support). Sony Ericsson Media Manager software is available for download at [www.sonyericsson.com/support](http://www.sonyericsson.com/support). Transferring content to and from a computer Required operating systems You need one of these operating systems to use the software included on the CD: · Microsoft® Windows Vista™ 32 bit or 64 bit versions of: Ultimate, Enterprise, Business, Home Premium, Home Basic) · Microsoft® Windows XP (Pro or Home), Service Pack 2 or higher Walkman® and music 15 This is the Internet version of the User guide. © Print only for private use. To install Media Manager 1 Turn on your computer and insert the CD. The CD starts automatically and the installation window opens.

2 Select a language and click OK. 3 Click Install Sony Ericsson Media Manager and follow the instructions. To transfer content using Media Manager 1 Connect the phone to a computer with a USB cable supported by your phone. 2 Computer: Start/Programs/ Sony Ericsson/Media Manager. 3 Phone: Select Media transfer. Do not remove the USB cable from your phone or computer during transfer, as this may corrupt the memory card or the phone memory.

Stereo portable handsfree To use the handsfree · Connect the portable handsfree. Music stops when you receive a call and resumes when the call has ended. Walkman® player To play music 1 From standby select Menu > Media > Music. 2 Scroll to a title and select Play.

To stop playing music · Press the center navigation key. To fast forward and rewind · Press and hold down or . To move between tracks · Press or . To change the volume · Press the volume keys up or down. 4 Computer: Wait until the phone appears in Media Manager.

5 Move files between your phone and the computer in Media Manager. For details on transferring music, refer to Media Manager Help. Click in the top right corner of the Media Manager window. 16 Walkman® and music This is the Internet version of the User guide. © Print only for private use.

Shake control To switch track To change the volume · When you listen to music, press and hold down and move the phone to the right with a flick of your wrist to go to the next track. To go to the previous track, use the same action to the left. To shuffle tracks · When you listen to music, hold the phone out in front of you facing upwards. Press and hold down , and bend your arm upwards towards you to increase the volume. To decrease the volume, repeat the action in the opposite direction. Browsing files Music is saved and categorized. · · · · Artists list music by artist. Albums list music by album. Tracks list all music tracks. Playlists create own lists of tracks.

SensMe™ list tracks by mood. For the SensMe™ function to work, the tracks need to be transferred using Media Manager. · Genre list music by genre. · Year list music by year. · When you listen to music, press and hold down and shake your phone. Walkman® and music 17 This is the Internet version of the User guide. © Print only for private use. · Audio books list audio books you have transferred from your computer. · Podcasts list all podcasts. Playlists You can create playlists to organize music files.

Files can be added to more than one playlist. Deleting a playlist, or a file from a playlist, does not delete the file from the memory, just the reference to the file. To create a playlist 1 From standby select Menu > Media and scroll to Music > Playlists. 2 Scroll to New playlist and select Add. 3 Enter a name and select OK.

4 For each track you want to add, scroll to the track and select Mark. 5 Select Add to add the tracks to the playlist. To create a playlist by mood To create playlists by mood, your music tracks must be transferred to your phone using Media Manager. For information on how to analyze your music, see Media Manager Help. 1 From standby select Menu > Media.

2 Scroll to Music > SensMe™ and select Open. 3 Press the navigation , , or to preview different tracks. 4 Select Add > Create > Options > Save playlist. 5 Enter a name and select OK. 18 Walkman® and music This is the Internet version of the User guide. © Print only for private use. To add files to a playlist 1 From standby select Menu > Media and scroll to Music > Playlists. 2 Select a playlist. 3 Scroll to Add music and select Add. 4 For each track you want to add, scroll to the track and select Mark.

5 Select Add to add the tracks to the playlist. To remove tracks from a playlist 1 From standby select Menu > Media and scroll to Music > Playlists. 2 Select a playlist. 3 Scroll to the track and press . To view information about a track · Scroll to a track and select Options > Information. Audio books You can listen to audio books that you have transferred to your phone from a computer using Media Manager. It may take a few minutes before a transferred audio book appears in the list of available audio books. To play audio books 1 From standby select Menu > Media > Music > Audio books. 2 Select an audio book. 3 Scroll to a chapter and select Play.

Audio books in other formats than M4B or audio books that do not have ID3v2 chapter tags can be found in the Tracks folder. PlayNow™ You can connect to PlayNow™ to download ringtones, games, music, themes and wallpapers. You can preview or listen to content before you purchase and download it to your phone. This service is not available in all countries. Before you use PlayNow™ You must have the required Internet connection settings in your phone. See Settings on page 49. Walkman® and music 19 This is the Internet version of the User guide. © Print only for private use. To use PlayNow™ 1 From standby select Menu > PlayNow™. 2 Scroll the PlayNow™ Web site and follow the instructions to preview and purchase content.

*Online music and video clips* You can view video clips and listen to music by streaming them to your phone from the Internet. If settings are not already in your phone, see Settings on page 49. For more information, contact your network operator or go to [www.sonyericsson.com/support](http://www.sonyericsson.com/support). To select a data account for streaming 1 From standby select Menu > Settings > the Connectivity tab > Streaming settings > Connect using:. 2 Select the data account to use. 3 Select Save. To stream music and video clips 1 From standby select Menu > Internet. 2 Select Options > Go to > Bookmarks.

3 Select a link to stream from. *TrackIDTM* TrackIDTM is a music recognition service. You can search for song titles, artists and album names. For best results, use TrackIDTM in a quiet environment. For cost information contact your service provider. To search for song information · When you hear a song through a loudspeaker, from standby select Menu > Entertainment > TrackIDTM > Start. · When the radio is playing select Options > TrackIDTM. 20 Walkman® and music This is the Internet version of the User guide. © Print only for private use. *Calling Making and receiving calls* You need to turn on your phone and be within range of a network.

To make a call 1 From standby enter a phone number (with international country code and area code, if applicable). 2 Press . You can call numbers from your contacts and call list. See Contacts on page 22, and Call list on page 25. You can also use your voice to make calls.

See Voice control on page 26. To redial a number · When Retry? appears select Yes. Do not hold your phone to your ear when waiting. When the call connects, your phone gives a loud signal. To change the ear speaker volume during a call · Press the volume key up or down.

To mute the microphone during a call 1 Press and hold down . 2 Press and hold down again to resume. To turn the loudspeaker on during a call · Select SpkrOn. Do not hold your phone to your ear when using the loudspeaker. This could damage your hearing. To end a call · Press . To make international calls 1 From standby press and hold down until a "+" sign appears. 2 Enter the country code, area code (without the first zero) and phone number. 3 Press . To answer a call · Press .

To reject a call · Press . To view previous calls from standby · Press to open the call list. *Networks* Your phone switches automatically between GSM and 3G (UMTS) networks depending on availability. Some network operators allow you to switch networks manually. *Calling* 21 This is the Internet version of the User guide. © Print only for private use. To switch networks manually 1 From standby select Menu > Settings > the Connectivity tab > Mobile networks > GSM/3G networks. 2 Select an option. *Emergency calls* Your phone supports international emergency numbers, for example, 112 and 911. These numbers can normally be used to make emergency calls in any country, with or without the SIM card inserted, if a 3G (UMTS) or GSM network is within range.

In some countries, other emergency numbers may also be promoted. Your network operator may therefore have saved additional local emergency numbers on the SIM card. *Contacts* You can save names, phone numbers and personal information in Contacts. Information can be saved in the phone memory or on the SIM card. *Default contacts* You can choose which contact information is shown as default.

If Phone contacts is selected as default, your contacts show all the information saved in Contacts. If you select SIM contacts as default, your contacts show names and numbers saved on the SIM card. To select default contacts 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Advanced > Default contacts. 3 Select an option.

*Phone contacts* Phone contacts can contain names, phone numbers and personal information. They are saved in the phone memory. 1 2 3 4 To add a phone contact From standby select Menu > Contacts. Scroll to New contact and select Add. Enter the name and select OK. Scroll to New number: and select Add. To make an emergency call · From standby enter 112 (the international emergency number) and press . To view your local emergency numbers 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > Emergency nos. 22 *Calling* This is the Internet version of the User guide.

© Print only for private use. 5 Enter the number and select OK. 6 Select a number type. 7 Scroll between tabs and select the fields to add information. 8 Select Save. *Calling contacts* To call a phone contact 1 From standby select Menu > Contacts. 2 Scroll to a contact and press . To go directly to the contacts list · From standby press and hold down . To call with Smart search 1 From standby press to enter a contact name or a phone number. All entries which match the sequence of digits or letters are shown in a list.

2 Scroll to a contact or a phone number and press . To turn Smart search on or off 1 From standby select Menu > Settings > the Calls tab > Smart search. 2 Select an option. *Editing contacts* To add information to a phone contact 1 From standby select Menu > Contacts. 2 Scroll to a contact and select Options > Edit contact.

3 Scroll between the tabs and select Add or Edit. 4 Select an option and an item to add or edit. 5 Select Save. If your subscription supports Calling Line Identification (CLI) service, you can assign personal ringtones and pictures to contacts. To copy names and numbers to phone contacts 1 From standby select Menu > Contacts.

2 Scroll to New contact and select Options > Advanced > Copy from SIM. 3 Select an option. To copy names and numbers to the SIM card 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Advanced > Copy to SIM. 3 Select an option. When you copy all contacts from your phone to the SIM card, all existing SIM card information is replaced. *Calling* 23 This is the Internet version of the User guide. © Print only for private use. To automatically save names and phone numbers on the SIM card 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Advanced > Auto save on SIM.

3 Select an option. To save contacts on a memory card 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Advanced > Back up to m. card. *SIM contacts* SIM contacts can contain names and numbers only. They are saved on the SIM card. 1 2 3 4 5 6 To add a SIM contact From standby select Menu > Contacts. Scroll to New contact and select Add. Enter the name and select OK. Enter the number and select OK.

Select a number option and add more information, if available. Select Save. *Deleting contacts* To delete all contacts 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Advanced > Delete all contacts.

[You're reading an excerpt. Click here to read official SONY](http://yourpdfguides.com/dref/2738518)

[ERICSSON W760A user guide](http://yourpdfguides.com/dref/2738518)
