<http://yourpdfguides.com/dref/451933>

2 Say the magic word. 3 Wait for the tone and say a voice command. Voice answering When you use a handsfree, you can answer or reject incoming calls with your voice.

To activate voice answering and record voice answer commands 1 From standby select Menu > Settings > the General tab > Voice control > Voice answer > Activate. 2 Follow the instructions that appear and select Cont.. Wait for the tone and say "Answer", or another word. 3 Select Yes to accept or No for a new recording. To activate and record the magic word 1 From standby select Menu > Settings > the General tab > Voice control > Magic word > Activate. 24 Calling This is an Internet version of this publication. © Print only for private use. 4 Follow the instructions that appear and select Cont..

Wait for the tone and say "Busy", or another word. 5 Select Yes to accept or No for a new recording. 6 Follow the instructions that appear and select Cont.. 7 Select where your voice answering is to be activated. To answer a call using voice commands · Say "Answer". To reject a call using voice commands · Say "Busy". More than one call You can handle more than one call at a time. For example, you can put an ongoing call on hold, while you make or answer a second call. You can also switch between the two calls.

You cannot answer a third call without ending one of the first two calls. Call waiting When call waiting is used, you hear a beep if you receive a second call. To activate call waiting · From standby select Menu > Settings > the Calls tab > Manage calls > Call waiting > Activate. To make a second call 1 During the call, select Options > Hold call. This puts the ongoing call on hold.

2 Select Options > Add call. 3 Enter the number to call and press . To answer a second call · During the call, press . This puts the ongoing call on hold. To reject a second call · During the call, press and continue with the ongoing call.

Diverting calls You can divert calls, for example, to an answering service. When Restrict calls is used, some divert call options are not available. See Restricted dialling on page 27. To divert calls 1 From standby select Menu > Settings > the Calls tab > Divert calls. 2 Select a call type and a divert option. 3 Select Activate. 4 Enter the number to divert calls to and select OK. Calling This is an Internet version of this publication. © Print only for private use. 25 To end an ongoing call and answer a second call · During the call, select Replace active call.

Handling two voice calls You can have calls ongoing and on hold at the same time. To switch between two calls · During the call, press . To join two calls · During the call, select Options > Join calls. To connect two calls · During the call, select Options > Transfer call. You are disconnected from both calls. To end an ongoing call and return to the call on hold · First press and then . 3 Enter the number to call and press . 4 Select Options > Join calls to add the new participant. 5 Repeat this task to add more participants. To release a participant 1 Select Options > Release party.

2 Select the participant to release. To have a private conversation 1 During the call, select Options > Talk to and select the participant to talk to. 2 To resume the conference call, select Options > Join calls. My numbers You can view, add and edit your own phone numbers. To check your phone numbers 1 From standby select Menu > Contacts.

2 Scroll to New contact and select Options > Special numbers > My numbers. 3 Select an option. Conference calls With a conference call, you can have a joint conversation with up to five people. To add a new participant 1 During the call, select Options > Hold call. This puts the joined calls on hold.

2 Select Options > Add call. 26 Calling Accept calls You can choose to receive calls from certain phone numbers only. This is an Internet version of this publication. © Print only for private use. To add numbers to the accepted callers list 1 From standby select Menu > Settings > the Calls tab > Manage calls > Accept calls > Only from list. 2 Scroll to New and select Add. 3 Select a contact or Groups. See Groups on page 22. · Inc. when roaming all incoming calls when you are abroad To restrict calls 1 From standby select Menu > Settings > the Calls tab > Manage calls > Restrict calls.

2 Select an option. 3 Select Activate. 4 Enter your password and select OK. To accept all calls · From standby select Menu > Settings > the Calls tab > Manage calls > Accept calls > All callers. Fixed dialling Fixed dialling allows calls to be made only to certain numbers saved on the SIM card. The fixed numbers are protected by your PIN2. Partial numbers can be saved. For example, saving 0123456 allows calls to be made to all numbers starting with 0123456. When fixed dialling is used, you cannot view or manage any phone numbers saved on the SIM card but you can still call the international emergency number, 112. Restricted dialling You can restrict outgoing and incoming calls.

A password from your service provider is required. If you divert incoming calls, you cannot use some restrict calls options. Restrict calls options Standard options are: · All outgoing all outgoing calls · Outgoing intl all outgoing international calls · Outgoing intl roam. all outgoing international calls except to your home country · All incoming all incoming calls To use fixed dialling 1 From standby select Menu > Contacts. 2 Scroll to New contact and select Options > Special numbers > Fixed dialling > Activate.

3 Enter your PIN2 and select OK. Calling 27 This is an Internet version of this publication. © Print only for private use. 4 Select OK again to confirm. To save a fixed number 1 From standby select Menu > Contacts.

2 Scroll to New contact and select Options > Special numbers > Fixed dialling > Fixed numbers > New number. 3 Enter the information and select Save. Messaging Receiving and saving messages You are notified when you receive a message. Messages are automatically saved in the phone memory. When the phone memory is full, you can delete messages or save them on a memory card or on the SIM card.
