Manual abstract:

That's why we created the Grade School Learning Series - an engaging set of stylized, interactive computers specially designed to get grade-school kids up to speed with their fast-paced, tech-savvy world. Every product in the Grade School Learning Series covers a wide range of school basics - math, language, geography, science, and even an introduction to basic Spanish. Activities are presented in a fast-paced, arcade-game style that kids will recognize and enjoy. Each learning machine is loaded with hi-tech features such as TV-connectability, word processors, bonus cartridges and a real plug-in mouse--tools that go hand-in-hand with the way kids learn, play and use information. And of course, each laptop is designed to travel easily along with a busy grade-schooler.

With the Grade School Learning Series, kids can access a way to learn that closely matches the way they already live and play. We thank you for trusting VTech® with the important job of helping your child learn and succeed. Sincerely, Your Friends at VTech® To learn more about the Grade School Learning Series and other VTech® toys, visit www.vtechkids.com
