Manual abstract:

We also know that your kids feel the same way. With that in mind, we developed MobiGoTM, a revolutionary way to make learning fun with touch! MobiGoTM is the next generation of learning. Kids can control how they play, and develop the skills of using touch applications. As kids tap, flick, spin, and drag their way through exciting learning games, they'll experience the same technology and fun as parents do with their touch-screen devices. When playing with MobiGoTM, kids can look at, listen to and touch the screen wherever they go to discover a world of fun, while developing knowledge of numbers, letters, spelling, and music which we know is important to you. Learning on the go is now easier than ever with MobiGoTM. At VTech, we are dedicated to helping your children uncover their talents. We thank you for your trust in our products that encourage active minds through imaginative play. Sincerely, Your friends at VTech® To learn more about MobiGoTM and other VTech toys, visit www.vtechkids.com
