Manual abstract:

To help fulfill them, VTech® created the Infant Learning® series that use unique interactive learning that directly respond to what children do naturally play! Using innovative technology, these toys react to baby's interactions, making each play experience fun and unique as they learn age-appropriate concepts like first words, numbers, shapes, colors and music. More importantly, VTech®'s Infant Learning® toys develop baby's mental and physical abilities by inspiring, engaging and teaching. @@@@We thank you for trusting VTech® with the important job helping your child learn and grow! Sincerely, Your friends at VTech® To learn more about the Infant Learning® series and her VTech® toys, visit www.vtechkids.com Introduction Thank you for purchasing the VTech® Musical Bubbles Octopus™. The VTech® Musical Bubbles Octopus™ is an interactive bath toy for toddlers. @@The octopus really comes to life when you turn on the bubbles! @@@@NOTE: Unlocking the Packaging Locks: Rotate the packaging locks 90 degrees counter-clockwise. Pull out the packaging locks. GETTING STARTED BATTERY INSTALLATION 1.

Make sure the unit is turned OFF and the battery cover, battery box and unit are all dry. 2. Locate the battery cover on the back of the unit. Use a screwdriver to loosen the screws. 4 Instructions & Activities Please keep instruction manual as it contains important information.

3. Install 4 new 'AA' (AM-3/LR6) batteries following the diagram inside the battery box. @@@@Do not mix old and new batteries. @@@@Batteries are to be inserted with the correct polarity. Exhausted batteries are to be removed from the toy.

The supply terminals are not to be short-circuited. The toy is not to be connected to more than the recommended number of power supplies. Do not dispose of batteries in fire. 4 Instructions & Activities The use of new alkaline batteries is recommended for maximum performance. Product ASSEMBLY 1. Press the release button and remove the snorkel lid to expose the bubble reservoir. 3. Return the snorkel lid and snap it back into position. 4. Choose a location on the wall surrounding the bath tub for the VTech® Musical Bubbles Octopus™.

The area should be clean and dry before suctioning the unit to the wall. For better suction, we suggest wetting the suction cups first. Once the unit is fastened to the wall, test the strength of the suction by pulling gently on the unit. Do not install the unit directly in the tub. The suction cups may not stick properly to some textured tiles. 4 Instructions & Activities 2. Carefully fill the bubble reservoir with bubble solution. Do not overfill as this may cause the bubble solution to spill. Do not dilute the bubble solution, using concentrated bubble solution will produce the best bubbles. 5.

@@@@@@@@3. @@@@@@We do not recommend submerging the unit in the water. @@To prevent drowning, never leave a child unattended in the bath. @@@@For best results, use only high quality bubble solution. Do not drink the bubble solution.

In case of eye contact, immediately rinse the eye with clean water. @@@@@@Do not clean the bubble wand with cleaning products. Cleaners may have a negative impact on the bubble effect. @@@@@@Slide the on/off/mode selector switch to the learning mode or the music mode position. You will hear a fun sung song, sounds and a playful phrase.

The light will flash and the bubbles will blow with the sound. 3. Press the shape buttons to learn shapes, animal names and sounds, animal characteristics, musical instruments and short tunes in the learning mode. In the music mode you will learn animal names, musical instruments and their sounds and melodies. The light will flash and the bubbles will blow with the sound. 4. Spin the roller ball to hear fun phrases, sounds, random melodies or a sung song depending on the selected mode. @@2. 3. 4.

5. 6. 7. 8. 9. @@It's so fun to sing and play, With my bubbles every day! @@@@You will hear approximately 12 minutes of continuous music. @@Keep the unit clean by wiping it with a slightly damp cloth. 2. @@3. @@4.

Make sure to dry all the elements of the unit before storing. 5. Remove the batteries when the unit is not in use for an extended period of time. 6. Do not drop the unit on hard surfaces.

troubleshooting If for some reason the program/activity stops working or malfunctions, please follow these steps: Please turn the unit OFF. Interrupt the power supply by removing the batteries. Let the unit stand for a few minutes, then replace the batteries. Turn the unit ON. The unit should now be ready to play again.

If the product still does not work, replace with a new set of batteries. 6. If not blow bubbles, please try to replace the water bubbles. If the problem persists, please call our Consumer Services Department at 1-800-521-2010 in the U.S. or 1-877-352-8697 in Canada, and a service representative will be happy to help you. For information on this product's warranty, please call VTech® 1-800521-2010 in the U.S., or 1-877-352-8697 in Canada. 1.

2. 3. 4. 5. 4 10 troubleshooting IMPORTANT NOTE: Creating and developing Infant Learning products is accompanied by a responsibility that we at VTech® take very seriously. @@However, errors sometimes can occur. @@A service representative will be happy to help you. @@@@@@However, there is no guarantee that interference will not occur in a particular installation.
