**Manual abstract:**

To help fulfill them, VTech® created the Infant Learning series of toys. These unique interactive learning toys directly respond to what children do naturally play! Using innovative technology, these toys react to baby's interactions, making each play experience fun and unique as they learn age-appropriate concepts like first words, numbers, shapes, colors and music. More importantly, VTech®'s Infant Learning toys develop baby's mental and physical abilities by inspiring, engaging and teaching. At VTech®, we know that a child has the ability to do great things. That's why all of our electronic learning products are uniquely designed to develop a child's mind and allow them to learn to the best of their ability. We thank you for trusting VTech® with the important job of helping your child learn and grow! Sincerely, Your Friends at VTech® To learn more about Infant Learning and other VTech® toys, visit [www.vtechkids.com](http://www.vtechkids.com)

**INTRODUCTION** Thank you for purchasing the VTech® Sit-to-Stand Dancing Tower™ learning toy. The Sit-to-Stand Dancing Tower™ is part of the Sit-to-Stand™ series of toys developed to grow with baby. @@The rotating microphone encourages baby to sing along. @@@@The toy is also motion-activated to encourage dancing and play. @@Make sure the unit is turned OFF. 2. Locate the battery cover on the bottom of the activity panel. Use a coin or a screwdriver to loosen the screw.

3. Install 4 new AA' (UM-3/LR6) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.) 4. Replace the battery cover and tighten the screw to secure.

**BATTERY NOTICE** . . . . . Install batteries correctly observing the polarity (+, -) signs to avoid leakage. Do not mix old and new batteries. Do not mix batteries of different types: alkaline, standard (carbon/zinc) or rechargeable (nickel-cadmium). Remove the batteries from the equipment when the unit will not be used for an extended period of time. Always remove exhausted batteries from the equipment. Do not dispose of batteries in fire. Getting Started . . . Do not attempt to recharge ordinary batteries. The supply terminals are not to be short-circuited. Only batteries of the same and equivalent type as recommended are to be used. **WE DO NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES.**

With the VTech® Sit-to-Stand Dancing Tower™, safety comes first. To ensure your child's safety, please only assemble this product by an adult. Please ensure that the base, top and bottom trunk pieces, dancing platforms, dancing bear and activity panel are securely locked into position to avoid injury. For best results in Standing Play position, place the toy on carpet, a rug or a mat. The activity panel can be used alone for floor play (9+ months), with the base and top trunk piece for sitting play (12+ months) or with the base and both the top and bottom trunk pieces for standing play (18+ months). Floor Play (9+ months) Sitting Play (1+ months) Standing Play (18+ months) Getting Started Please remove and discard the try-me cable between the dancing bear and the activity panel before assembly. **ASSEMBLY INSTRUCTIONS** 1. Place the two base pieces on the floor. Align them with the left half above the right half, then push down to lock them together until you hear a click. Use a screwdriver to fasten the three screws into the holes on the back of the base to securely fasten the base pieces together.

2. Insert the two dancing platforms into the base by first inserting the small rods on one side of the platforms into the corresponding holes on the base. Then, line up the tags on the top edges of the dancing platforms to the corresponding slots in the base. Slide the tags into the slots while at Assembly Instructions the same time inserting the opposite rods into the base. 3.

Attach the trunk to the base by lining it up over the hole in the center of the base. Turn the trunk clockwise until you hear a click. The trunk can be separated into two parts. @@@@Please ensure the activity panel is attached securely to the trunk. @@2.

@@@Remove the activity panel from the trunk as directed above. Assembly Instructions 8 2. 3. Remove the bottom trunk piece from the base by pulling back the release tab on the base. Assembly Instructions 9 4. Attach the top trunk piece to the base by lining it up over the hole in the center of the base. @@@@The unit can be turned on again by pressing any key. @@@@Slide the **MODE SELECTOR SWITCH** to choose a mode. Dance Singing Learning Follow-Me . @@@@The lights will flash with the sounds and the bear will move to the song.

2. Slide the mode selector to the Follow-Me Mode position. The unit will automatically ask you to follow the lights, and will ask you to press a specific light-up piano key. Slide the cymbals to hear cymbals sound effects and a fun phrase. Turn the roller to hear a phrase, a sung song and sound effects. Activating the internal motion sensor will launch melodies, fun phrases and sound effects. Use the microphone to sing along! All along, the lights will flash with the sounds and the dancing bear will move to the music. Activities 1 3. Slide the mode selector to the Learning Mode position. Press the light-up piano keys to learn about animals, instruments and colors.

Slide the cymbals to hear cymbals sound effects and a fun phrase. Turn the roller to count and hear fun phrases. Activating the internal motion sensor will launch melodies, fun phrases and sound effects. Use the microphone to sing along! All along, the lights will flash with the sounds and the dancing bear will move to the music. 4.
