Manual abstract:

SMILE Cyber Pocket™, offers parents a fun, healthy alternative to the world of hand-held video games. We know that children enjoy the "big kid" feeling that comes with owning one's very own hand-held system, and we also understand parents' reluctance to put these toys into their children's hands. Children want more independent play as they get older, and parents want to feel comfortable that this play is providing healthy, fun and educational benefits to their children. With V.SMILE Cyber Pocket™ an educational hand-held video game system designed for kids over 5-years-old VTech® continues its tradition of providing unique and fun alternatives to the existing video game systems. The V.SMILE Cyber Pocket™ combines age-appropriate educational content with high-tech graphics and fun game play to provide a state-of-the-art experience that kids and parents will both love. Also, V.SMILE Cyber Pocket™ can be played both on-the-go as a hand-held unit, or plugged directly into your TV for a shared, at-home game play experience. Both the V.SMILE Cyber Pocket™ and the V.SMILE™ TV Learning System work with the full library of VTech® Smartridges™, each based on popular children's characters that engage and encourage your child to play while learning. The library continues to grow, as VTech® seeks to provide parents with an almost endless selection of wholesome video games that meet the individual needs and likes of their children. At VTech® we are proud to provide you with a much-needed solution to the video game dilemma, as well as another innovative way for your child to learn while having fun. We thank you for trusting VTech®, with the important job of helping your child explore a new world of learning! @ @ @ @ @ @ @ @ · Battery notice.

. Introduction Thank you for purchasing the VTech® V.SMILE Cyber Pocket™! This unique handheld video game device was created especially for young players. With the VTech® V.SMILE Cyber Pocket™, children can play exciting, educational games on the go, or plug the V.SMILE Cyber Pocket™ directly into a TV for great at-home play. They can also use the included V.Link to upload their scores to a secure web site and unlock additional fun bonus games online! AV Cable V.SMILE Cyber Pocket™ Wrist Strap 4AA batteries User's Manual V.LINK™ V.

LINK™ Manual Smartridge™ Smartridge™ Manual Included in this package One VTech® V.SMILE Cyber Pocket™ One V.LINK™ One Smartridge™ and Smartridge™ Manual One AV Cable One Wrist Strap One V.SMILE Cyber Pocket™ and one V.Link™ User's Manual. 4 "AA" heavy duty batteries included. Alkaline batteries are recommended for longer life and optimum performance. WARNING: All packing materials such as tape, plastic sheets, wire ties, vacuum form and tags are not part of this toy and should be discarded for your child's safety. Product features 1 2 3 4 5 6 7 8 9 10 11 12 13

14 15 16 17 18 19 20 21 22 23 24 The V.SMILE Cyber Pocket™ accommodates both right and left-handed players.

To switch the ENTER and DIRECTION buttons from one side to the other: · Slide up the switch on the back of the unit as shown in the diagram. · Roll the DIRECTION and ENTER buttons from up to down until you hear and feel a locking sound. · Locate the battery cover on the back of the unit.

· Do not mix old and new batteries. · Always remove exhausted batteries from the equipment.

· Do not dispose of batteries in fire. · Do not attempt to recharge ordinary batteries. · The supply terminals are not to be short-circuited. **WE DO NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES.** We recommend the 300mA use of a VTech® 9V AC/DC adaptor.

· Make sure the unit is turned OFF. · Plug the AC adaptor into a wall socket. NOTE: The use of an adaptor will override the batteries. Only use the recommended adaptor with the toy. The transformer is not a toy. Never clean a plugged-in toy with liquid. Never use more than one adaptor. · Insert the Smartridge™ with the label side facing front. · Connect the AV cable plug to the TV jack on the handheld. However, since all TVs vary, please refer to your TV manual for further details.

· Turn the V.SMILE Cyber Pocket™ on by pressing the ON button. · When the handheld is properly connected, the TV indicator light will come on. **care & Maintenance** 1. Keep your V.SMILE Cyber Pocket™ clean by wiping it with a slightly damp cloth. Never use solvents or abrasives. 2. Keep it out of direct sunlight and away from direct sources of heat. 3.

Remove the batteries when not using it for an extended period of time. 4. Avoid dropping it. Never try to dismantle it. 5.

Always keep the V.SMILE Cyber Pocket™ away from water. 6. Please examine the toy transformer periodically for conditions that may result in the risk of fire, electric shock, or injury to persons (such as damage to the output cord, blades, housing, or other parts) and that, in an event of such conditions, the transformer should not be used until properly repaired. **Warning** A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns, especially on television.

While the V.SMILE Cyber Pocket™ does not contribute to any additional risks, we do recommend that parents supervise their children while they play video games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician. Please note that focusing on a television and LCD screen at close range and handling joystick controls for a prolonged period of time may cause fatigue or discomfort.

We recommend that children take a 15 minute break for every hour of play. **troubleshooting technical support** · If you have a problem that cannot be solved by using this manual, we encourage you to visit us online or contact our Consumer Services Department with any problems and/or suggestions that you might have. A support representative will be happy to assist you. Before requesting support, please be ready to provide or include the information below: · The name of your product or model number (the model number is typically located on the back or bottom of your product). · The actual problem you are experiencing. · The actions you took right before the problem occurred.
